## Installation Instructions

1. Connect the upper and lower parts of the chandelier using screws and nuts.
2. Open the outer ring of the chandelier into 24 equal sections to form a round shape from a top view.
3. Unscrew the screws and nuts at the edge junctions along the light ring.
4. Insert the screws through the holes in the two metal wires and then tighten the nuts to secure them.
5. Place the separated metal wires over the holes on the light source, then secure them with screws and nuts.
6. Insert the screws through the holes in the two metal wires and then through the holes in the light source, tightening the nuts to secure them.
7. Use screws to secure the mounting plate to the junction box.
8. Adjust the height of the steel wire and power cord according to the ceiling height.
9. Connect the chandelier's live wire, neutral wire, and ground wire to the reserved wires in the junction box.
10. Place the ceiling plate over the mounting plate and secure it with screws.
11. Hang a crystal pendant on each light source, bending the pins outward.
