MAINTENANCE AND CARE

CLEANING

Wipe the Velvet surface regularly with a soft, damp cloth to remove dust and light stains. For stubborn stains, use a mild soap solution (diluted in water) and gently clean the affected area. OR it's available to machine wash the removable cushion cover. Avoid using abrasive cleaners, solvents, or harsh chemicals, as they may damage the leather.

AVOID DIRECT SUNLIGHT

Prolonged exposure to direct sunlight. Place the Lounge away from windows or use curtains to block sunlight.

STORAGE

When not in use for an extended period, store the lounge in a dry, cool place. Avoid stacking heavy objects on top of it to prevent deformation.
