Spare Snap

When do you need to use it

How to use

1. Pinch the spring buckle and insert it into the corresponding tube hole, making sure the convex point is aligned with the hole
2. Use a round stick or pen that is smaller than the tube to slowly push the spring buckle in
3. When you hear a "click" sound, the spring buckle is installed

After-Sales Service

Dear Customer,

Thank you so much for your purchase! We truly appreciate it. Your support is greatly valued and appreciated.

Our goal is to build strong and fruitful partnerships and relationships with our customers, striving to become a trusted and highly regarded brand.

We sincerely hope this product could meet your expectations and create a positive impression, encouraging you to come back again for future needs.

When the package arrives, please kindly check the items and accessories to ensure everything is in order.

If you have any questions, please feel free to contact us through Amazon

We always make every effort to assist you. We guarantee that we will respond to each email within 24 hours. Our main focus is on providing excellent customer service. Our ultimate goal is to ensure your complete satisfaction.

Regards,

Customer Service Team.
