

1. Connect the lamp cap line with the line of the same color as the main line with a terminal cap
2. Buckle the chain into the lifting ring, and then tighten the movable buckle
3. Fix the hanging board on the junction box with the screws on the accessory package
4. Connect the main line of the lamp body with the wires reserved on the ceiling with wiring caps
5. Cover the junction box with a top plate
6. Tighten the ring

Attention:

1. Please cut off the power supply before installation to prevent electric shock (installation by certified electrician is recommended)
2. Due to the different display, the actual color can be different from the image
3. Due to the manual measurement of lamp body size, there may be a deviation of 1 / 2 inch
4. If you have any questions or lost parts, please feel free to contact us and we will try our best to help you
