"Congratulations on Your Recent Purchase! Here Are Some Tips Before You Begin Assembling:"

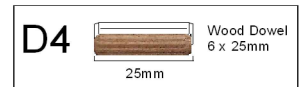

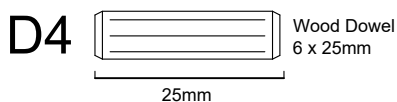

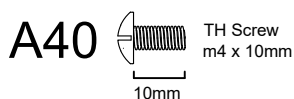

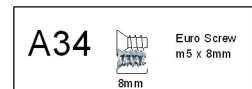

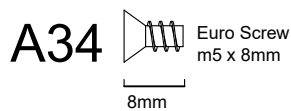

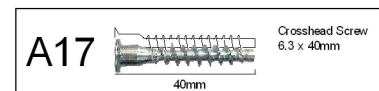

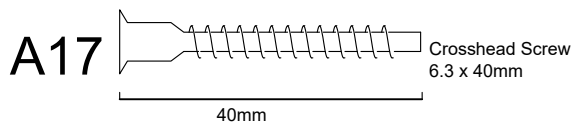

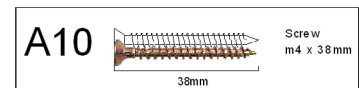

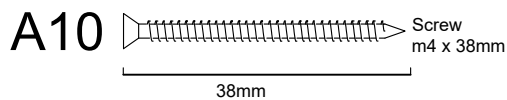

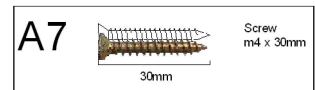

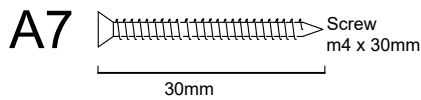

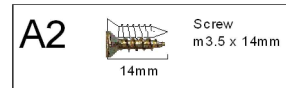

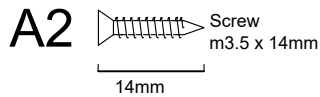

"Preparing for your exciting new purchase? Be sure to set yourself up for a smooth assembly process by following these steps:"

- First, we recommend using a rug or any large clean surface as your workspace to provide a sturdy base for assembly.
- Next, it is important to separate all components and identify each part by their designated letters. This will make it easier to follow the assembly instructions and ensure all pieces are placed correctly.
- Additionally, on a clean surface separate and identify all screws lengths and hardware. You can use the assembly instructions as a guide and place the screws on top of the actual size pictured. This will save you time and confusion during the assembly process.
- Finally, we highly encourage you to carefully read through the assembly instructions and start from step one. Follow each step diligently until your new purchase is fully assembled. However, if you have any questions or need further assistance, please do not hesitate to reach out to us via email.

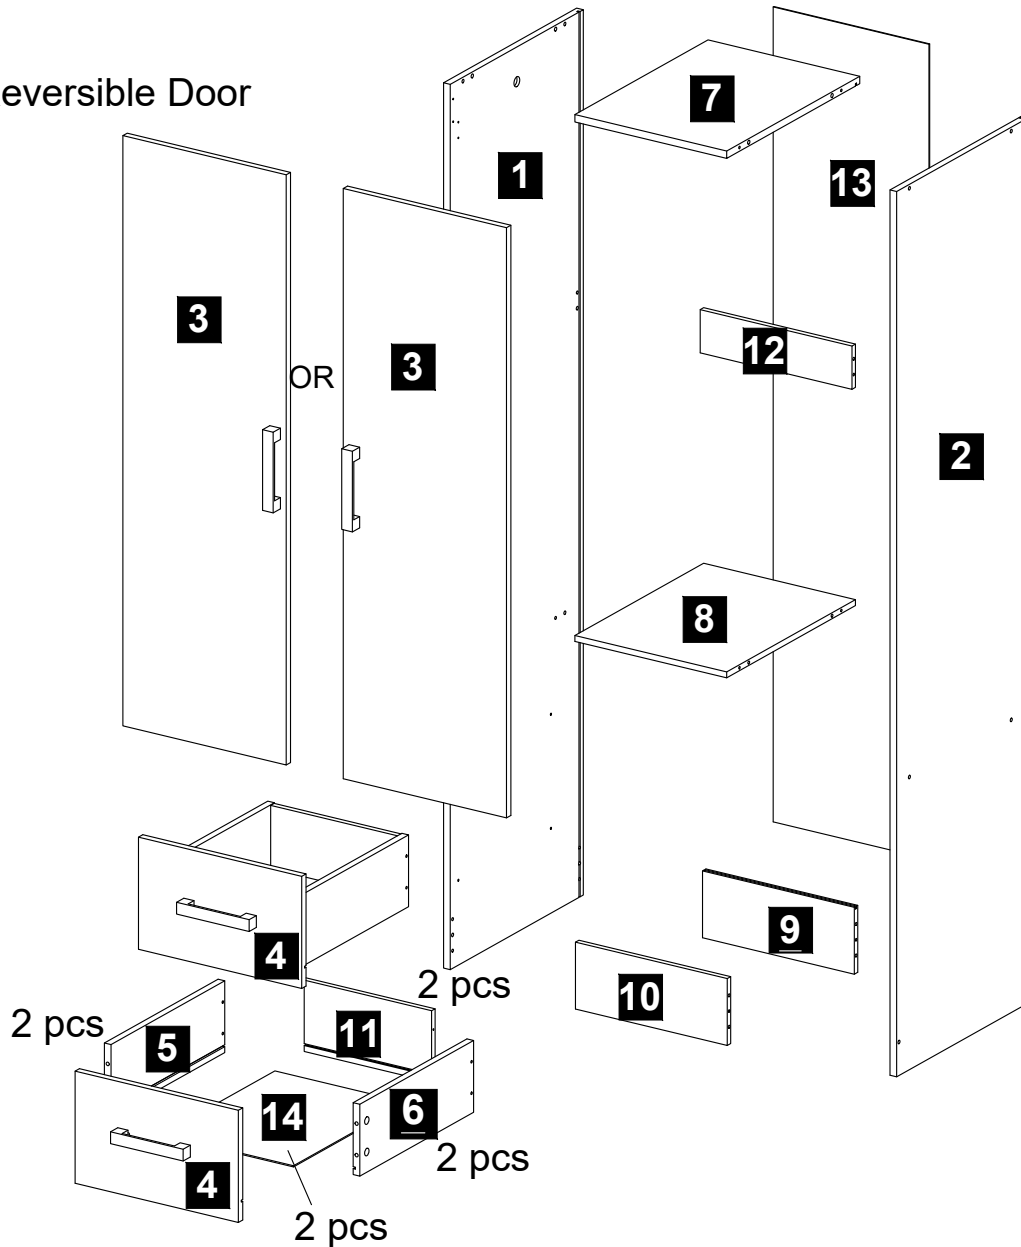

**Thank you again for choosing our product.
We wish you all the best and happy assembling!**

Installation & Assembly

Place your screw on top of the scale to identify their size.

Reversible Door

DOOR ADJUSTMENT

If the doors are not aligning move hinge up or down

-If doors are over lapping each other or not parallel.
-If the gap between the doors is too large or too small.

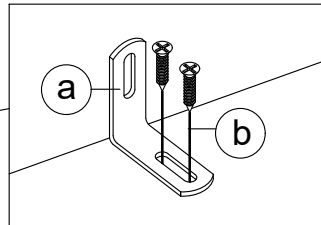

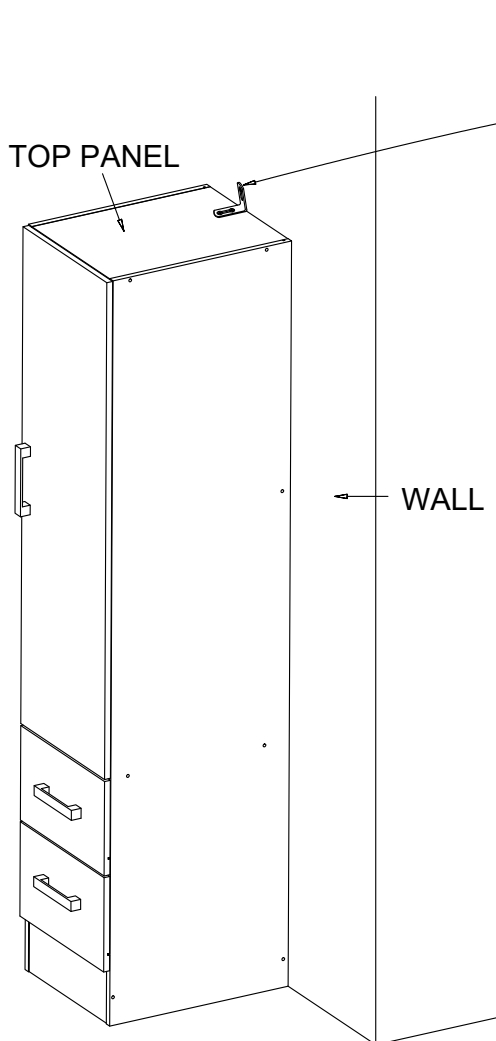

If the doors are rubbing against the sides of the closet move them away to increase the swing of the door.

INSTALLATION OF TIPOVER RESTRAINT KIT

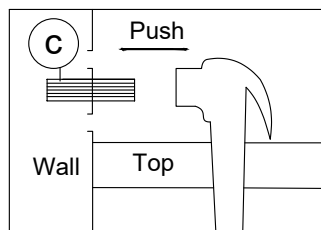

The Tipover Restraint Kit is highly recommended for this piece of furniture.

(Please take this into extra consideration around young toddlers and children)

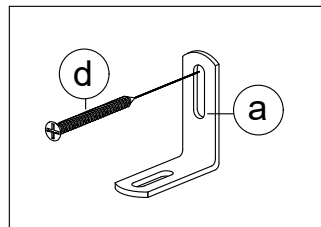

STEP 1:

- Attach the mounting bracket (a) to the the top panel near the edge of the side of the unit.
- Screw (b) through the two holes of (a).

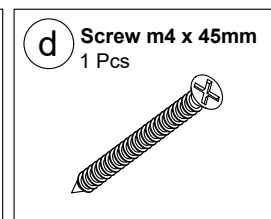

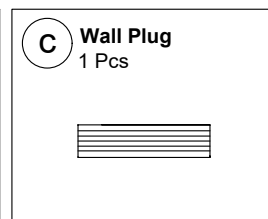

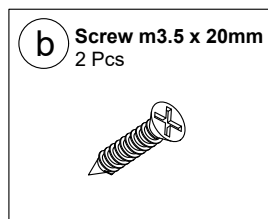

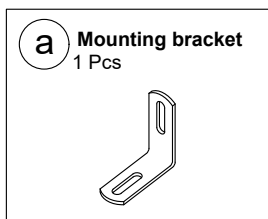

STEP 2:

- Insert the wall plug (d) into the wall behind the unit.

STEP 3:

- Attach to the mounting bracket (a) to the wall plug (c) through the hole by using (d).

Troubleshooting

- If the drawers are overlapping each other - **Solution:** The metal slides are placed upside down, please refer to the instruction manual.
- If the doors are overlapping each other - **Solution:** make sure the correct hinges are placed on the right door refer to the hinge assembly step on the manual.
- If the gap between the doors is too large or too small, the doors are overlapping each other, not parallel, or rubbing against the sides of the closet - **Solution:** See the page for " Door Adjustment. " or see is available below.
