- This summary may not include every detail of all variations and considered steps. Please contact us when further information and help are needed.

Notes

- The product must be assembled and used in accordance with the provisions of the manual. Personal injury and damage to the product may occur if the product is used outside of its intended purpose and/or if the product has been changed/modified from its original design. The seller does not assume any responsibility or liability with respect to any injury/damage caused by incorrect assembly or improper use.
- Avoid long-term exposure to humid environments to prevent mildew.
- Keep the product away from fire sources and high temperatures. Do not expose the product to direct sunlight.
- Do not place any hot objects on the surface of the product.
- If there are any defective or missing parts after unpacking, please cease assembly immediately and contact us.
- Please assemble the item on a spacious surface and do not place the unwrapped product directly on the ground to avoid product damage.
- Please do not stand or sit on the wooden boards.
- Please wear gloves during the assembly and/or disassembly process to avoid scratches from any sharp edges.
- Please match the corresponding part and fitting based on the part number in the manual.
- If the part does not match with the fitting, please check the piece as specified in this manual.
- During assembly, first loosely align all screws with the corresponding pre-drilled holes and then tighten the screws one by one.
- Periodically inspect screw tightness while the product is in use. If necessary, retighten to ensure structural integrity.
- If you accidentally spill water or another liquid on the surface, immediately wipe clean with a dry towel.
- Please keep the product away from sharp, pointed objects and corrosive substances to prevent product damage.
- Please place this item on level, solid ground during use.

Warnings

- During assembly, keep all small parts out of the reach of children. It may be fatal if swallowed or inhaled.
- Children should not climb or play on the product in order to avoid flipping over the furniture and causing serious injury.
- To avoid the potential dangers of suffocation, please keep all parts and packaging ((film, plastic bags, foam, etc.)) away from babies and children.
- Keep sharp objects and corrosive items away from the product to avoid any damage or injury.
- Do not shake or move violently during use to avoid tipping over the product.

Safety and Care Advice

- Check that you have all the components and tools listed on the following pages.
- Remove all fittings from the plastic bags and separate them into their respective groups.
- Keep children and animals away from the work area. Small parts could choke someone if swallowed.
- Make sure you have enough space to lay out the parts before starting.

- During assembly, do not stand on or put weight on the product, as this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft, level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with two people.

- To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

Care and maintenance

- Only clean using a damp cloth and mild detergent. Do not use bleach or abrasive cleaners.
- Check from time to time that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take it to your local authority waste disposal centre.
- Assemble all parts and bolts loosely during assembly. Only once the product is complete should you fully tighten the bolts.
- Regularly check and ensure that all bolts and fittings are tightened properly.

TIPS

1. When installing the product, use a soft surface (such as carpet or cardboard) to avoid scratching or damaging the surface of the product.
2. Please try to use a manual screwdriver instead of an electric screwdriver. A manual screwdriver can be used to better control the tightness of the screws.
3. Do not use glue.
4. The product is unstable before assembly. Please observe the product installation sequence and align all screws and screw holes before tightening.
5. The structure of this product may not meet the requirements of children climbing.
