## Stormy Summer 1

D1532S30633-2711

Stormy Summer offers a blurred composition of muted color that suggests swirling clouds. The color scheme in dove grey, smoke, teal, and Prussian blue adds to the moment of the work on canvas. A glimmer of a brighter sky breaks through in a patch of alabaster.

An abstract depiction of a warm summer rain flows through this original work of art on canvas. Part of the carefully curated ART by TA collection, Stormy Summer provokes a passionate response through deliberate brush strokes in a palette of earth tones.
