

SPECIFICATION SHEET

Cavalier® Series On the wall Spice Racks

Dimensions: See dimensions chart

Materials: Solid pine

Mounting: Can be mounted on the wall using included wall anchors, or on a hollow core door using included hardware. Can also be mounted in the side of a cabinet.

Finish: Multiple finishes available

Features:

- ✓ Solid wood construction – screwed together to last a lifetime
- ✓ Handcrafted right here in the USA, in sunny Sarasota, Florida!
- ✓ Easy installation
- ✓ Acrylic dowels keep items on the shelves, and are removable to paint or stain it.
- ✓ All openings are 6” high inside

NOTE: We do not recommend mounting larger spice racks on a hollow core door simply due to the sheer weight of the unit itself, as well as the amount of weight which could be placed on the rack. 62” and 69” racks, as well as ALL 4.5” deep racks over 48” high are not recommended to be mounted on a hollow core door. If you do not plan on adding anything but spices to your rack, you can safely place any of the 2.5” depth or 3.5” depth racks on a hollow core door. However, because the 4.5” depth racks can easily accept most any size canned goods, adding one of these racks in any size over 48” to the back of a hollow core door could permanently damage your door.

What Fits in my Spice Rack?

Spice bottles come in various sizes and we've pictured some of the most common ones below. If you have specific custom size bottles that you want to put on the rack, measure the diameter of your bottles to ensure that you order the correct rack for your needs.

(See Page 2 for usable depth)

MINI Bottles	Standard Bottles	Large Bottles
Approx. 3/4 oz.	Approx. 2 oz.	Approx. 4 to 8 oz.

WG Wood Products' Spice Racks Feature:

<ul style="list-style-type: none"> Made in the USA 	<ul style="list-style-type: none"> Inset back panel so you won't see it from the side view
<ul style="list-style-type: none"> Screwed together to last a lifetime 	<ul style="list-style-type: none"> Clear acrylic dowels
<ul style="list-style-type: none"> Hidden mounting holes underneath 2 or more shelves 	<ul style="list-style-type: none"> UNFINISHED SOLID BARE PINE can be stained or painted as desired
<ul style="list-style-type: none"> 8 different heights, 2 widths, and 5 depths 	<ul style="list-style-type: none"> All racks have 6" high openings between shelves

What Fits in my Spice Rack?

11" Width (9.5" wide INSIDE)	14" Width (12.5" wide INSIDE)
5 MINI or standard bottles per shelf Or 4 Large bottles per shelf	7 MINI or standard bottles per shelf Or 6 Large bottles per shelf

Overall Depth vs. Usable Depth

Depths available are 2.5", 3.5", 4.5", 5.5" and 7.25" deep. (These are OVERALL depths).

See below for INTERIOR, usable depth). Usable depth is the amount of space behind the dowel (between the dowel and the inset back panel). It's the actual space you'll have to put spice bottles.

- 2.5" deep racks will handle even the larger 2" spice bottles because you'll have 2" of usable depth inside.
- 3.5" deep racks will handle the larger spice bottles as you'll have 3" of useable depth inside.
- 4.5" deep racks will handle the larger spice bottles as you'll have 4" of useable depth inside.
- 5.5" deep racks will handle even large canned goods such as pie fillings because you'll have 5" of usable depth inside.
- 7.25" deep racks will handle even most large coffee cans because you'll have 6.75" of usable depth inside.
