

ASSEMBLY INSTRUCTION

Disclaimer

To Valued Customers:

Thank you for purchasing furniture products from our store. To ensure your safety and the best user experience, please read and understand all the contents of this notice carefully before installation and use. Once you start installing or using this product, it is deemed that you have accepted all the following terms.

I. Regarding Installation

● **Professional Installation Recommendation:** For large, modular, or wall-mounted furniture, we strongly recommend that you hire qualified professionals for installation. Self-installation may involve risks.

● **Self-Installation Liability:** If you choose to install the product yourself, it means that you confirm you have the corresponding installation capability and voluntarily assume all risks and responsibilities arising from improper installation, including personal injury and property damage. Improper installation includes, but is not limited to, damage to product components due to ignoring installation instructions during the installation process, loose, missing, or wrong installation of connectors, and obvious instability such as tilting and shaking due to improper placement after installation.

● **Follow Official Instructions:** Installation must strictly follow the steps in the Installation Manual and diagrams provided with the product. Do not rely on any installation guidance from unofficial channels. Our company shall not be responsible for any problems caused by failure to follow official instructions.

● **Safe Installation Environment:** Please carry out the installation in a spacious, bright, and well-ventilated environment and use appropriate tools. During installation, please keep children and pets away from the work area to prevent accidental ingestion of small parts or accidental injuries.

II. Regarding Usage

● **Weight Capacity Limit:** Please strictly comply with the maximum weight capacity limit indicated on the product. Overloading may cause structural damage, deformation, or overturning of the furniture, leading to serious accidents. Our company shall not be responsible for any consequences arising therefrom.

●**Wall Mounting (Mandatory Requirement):** To prevent furniture overturning accidents, especially when there are children at home, you must use the anti-tip devices provided in the product package to permanently connect and fix the furniture to a solid wall. If the fixing devices are damaged or substandard, please contact us immediately through the purchasing platform to obtain replacement parts.

Special Warning: The fixing method must fully comply with the requirements in the manual. Failure to fix as required may cause the furniture to overturn, resulting in serious injury or death. Our company shall not be responsible for any furniture overturning and all consequences caused by failure to perform wall mounting or improper fixing.

●**Regular Inspection and Maintenance:** It is recommended that you regularly (especially in the early stage of installation and after moving) inspect and tighten all connectors (screws, bolts, etc.) to ensure the structural stability of the furniture (see the maintenance method in the manual for details). Problems caused by neglect of inspection and maintenance are not covered by the warranty.

●**Proper Use and Placement:**

Place the furniture on a flat and solid floor.

Do not use the furniture for purposes other than its designed use (for example, standing on drawers or shelves, using a chair as a ladder, etc.).

Do not place heavy objects such as televisions or items that attract children on the upper part of the furniture.

Avoid placing the furniture in humid, sun-exposed, or extreme temperature environments to avoid affecting the product's service life or structural stability.

III. Liability Limitation

Our company provides warranty services for product quality in compliance with platform policies and relevant regulations. However, our company shall not be legally responsible for any direct or indirect personal injury, property damage, and other incidental losses caused by the following reasons:

Failure to comply with the requirements of this notice, the official Installation Manual, or product labels;

Misuse, abuse, negligence, or unauthorized repair or modification without our company's authorization;

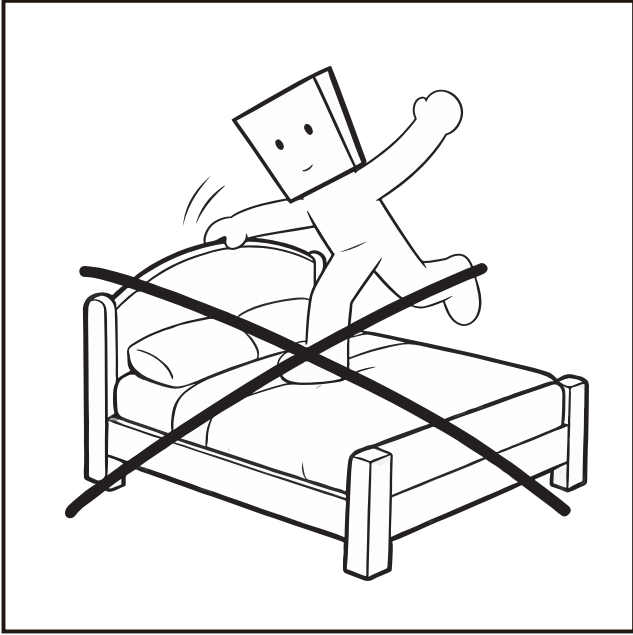

Improper installation (whether carried out by the user or a third party not designated by our company);

Force majeure events.

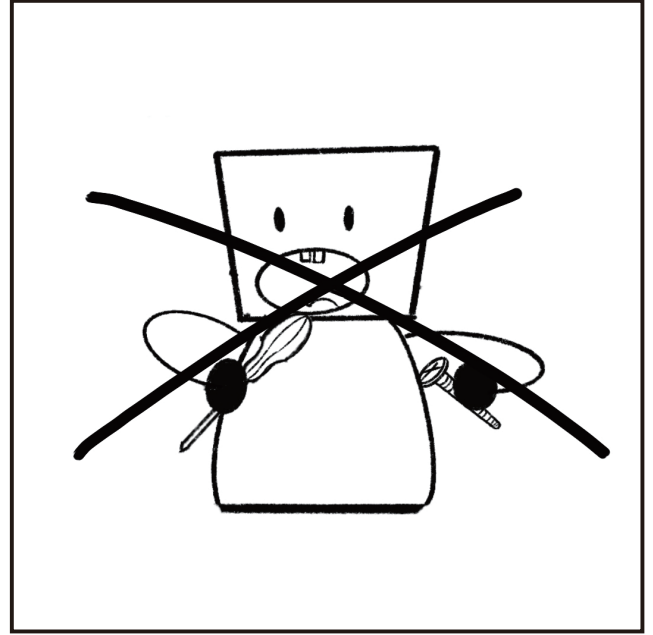

Safety first, prevention is better than cure. We wish you a pleasant use!

Children should use this product only with adult supervision.

DO NOT SHAKE OR CLIMB ON THE HEADBOARD.

DO NOT PLAY WITH OR SWALLOW SMALL PARTS

Weight Capacity:

–Do not place items exceeding the maximum weight capacity of the product. (For the product's weight capacity, please refer to the product link.)

Usage Scenarios and Maintenance Methods

- Do not place the product in a humid environment.
- Avoid direct exposure to high temperatures and keep it away from heat sources.
- Clean and maintain the product regularly.
- Place it on a flat surface. When moving is required, ensure that at least two people lift it together.
- Check the condition of screws regularly. If any screws are loose or fall off, reinforce them promptly.

Wooden products

Preparation before Installation

–Please read the assembly instructions carefully before installation and keep this manual for future reference. Check that all components are complete, including panels, hardware fittings, screws, plastic parts and other small components.

Ensure that **only adults** perform the installation, and keep children away from the installation area.

Notes

- Avoid prolonged exposure of the furniture to direct sunlight or proximity to heating appliances to prevent local discoloration and fading.
- **Do not** allow easily combustible or oxidizable items to come into direct contact with the furniture surface, as this may cause chemical reactions and damage the furniture finish.
- Climbing or playing on the product is prohibited to avoid accidental injury. **Do not** use the product as a support or stand on it for high-altitude operations.
- **Do not** forcefully open or close the furniture doors and drawers. Use appropriate force during operation to prevent loose connections.
- When moving the furniture, remove all items inside the cabinet and secure movable parts such as doors and drawers to prevent the furniture from tilting or parts from falling and causing injury. Never drag or push hard during movement to avoid loose fasteners or broken parts. The product must be lifted off the ground by multiple people simultaneously; ensure safety during handling.
- When children use this product, adult supervision is required to ensure safe use.
- Strictly use anti-tip components as specified in the instruction manual.

- **Do not** slide hard objects directly on the furniture to avoid scratching the surface; prevent hard objects from colliding with the furniture to protect its surface from hard scratches.
- Avoid prolonged contact of panel edges with water or liquids, as this may cause panels to absorb moisture and swell.
- Avoid prolonged exposure to high temperatures, as it may cause surface bulging on vacuum-formed/laminated components.
- **Do not** use any acidic or corrosive cleaners for surface cleaning.
- Secondary drilling is not recommended, as it may damage the internal structural strength.

Maintenance Methods

(1) **Local cleaning:** In case of stains, immediately pat and gently rub with a clean damp cloth, wiping from the edge to the center to prevent the stain from spreading.

(2) **Deep cleaning:** Perform deep cleaning once every six months or a year. You can use professional cleaning services or special cleaners.

(3) **Use protective covers:** Consider using protective covers for easy cleaning and replacement, which helps extend the product's service life.

(4) **Keep away from heat sources:** Maintain a distance of at least 1 meter from heat sources such as radiators, heaters, and fireplaces, as high temperatures can damage the fibers of the textile.

(5) **Air-dry** in a cool place; avoid direct sunlight to prevent hardening.

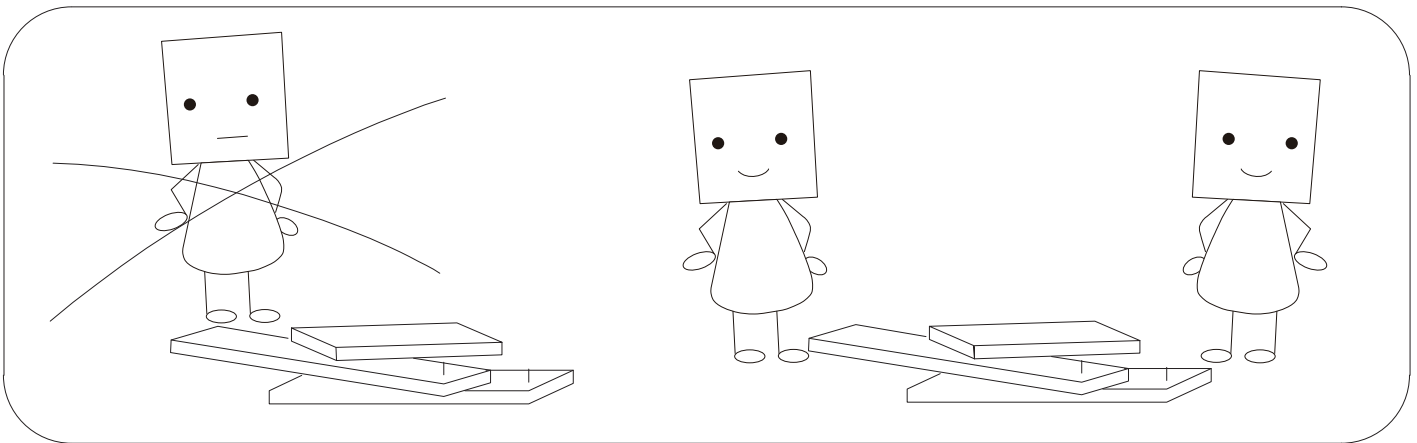

(6) **Ensure** the product is completely dry before storage, and moisture absorbers can be placed (with it).

(7) **Do not** store under compression for a long time, as this may damage the elasticity of the fibers.

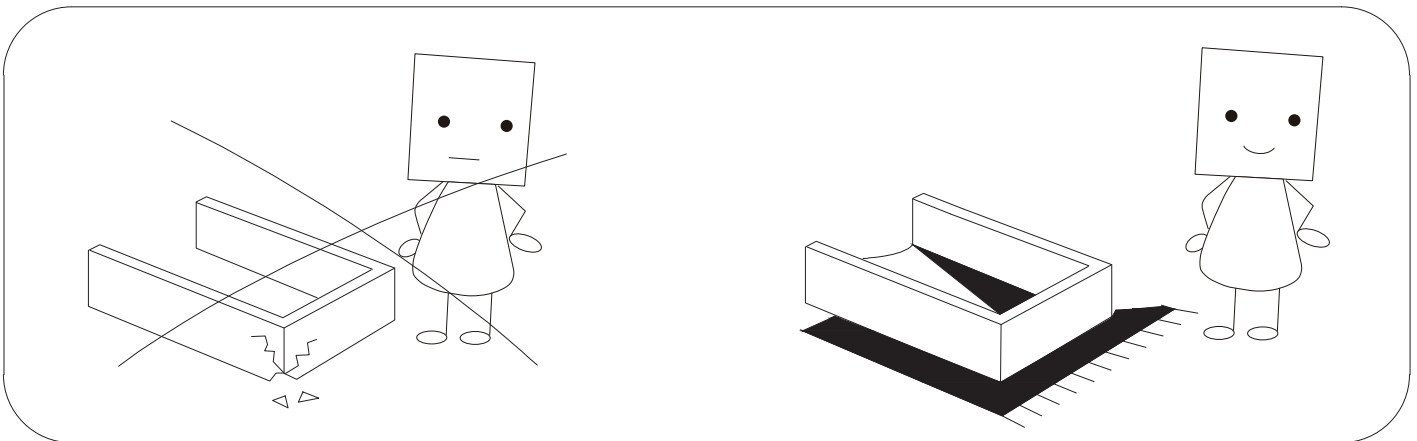

WARNING

Need Two Or More People To Complete

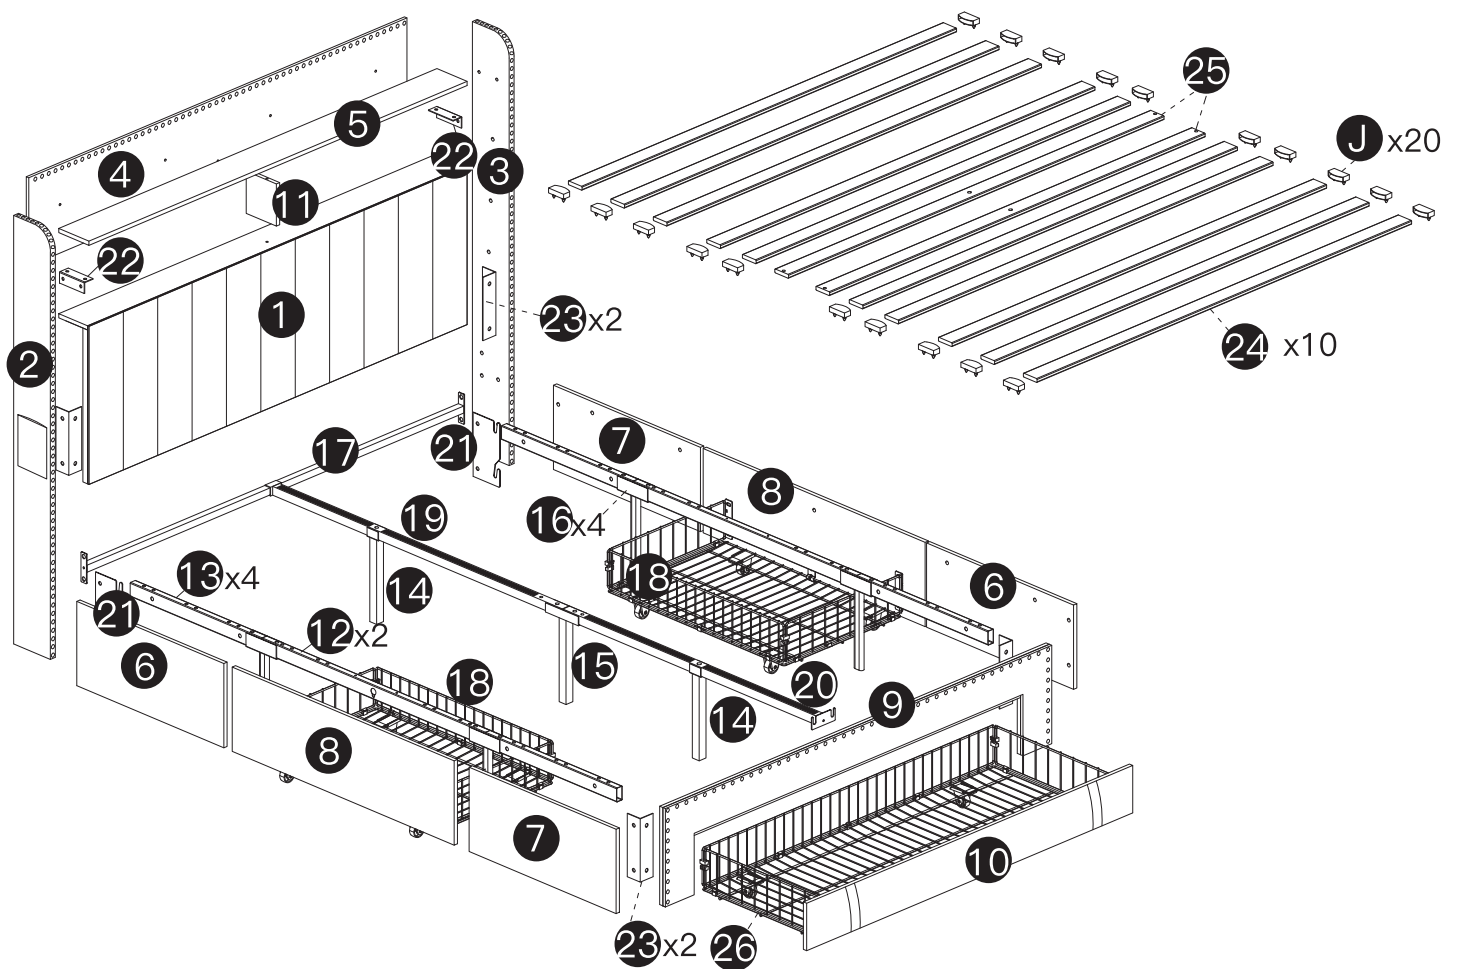

Assemble Item On a Clean Flat Surface

- Please check you have all hardware before assembling.
- Please ensure you have the name of the item and hardware part required and quantity.
- If you have any questions, please contact us by original purchase platform.
we will reply you ASAP.

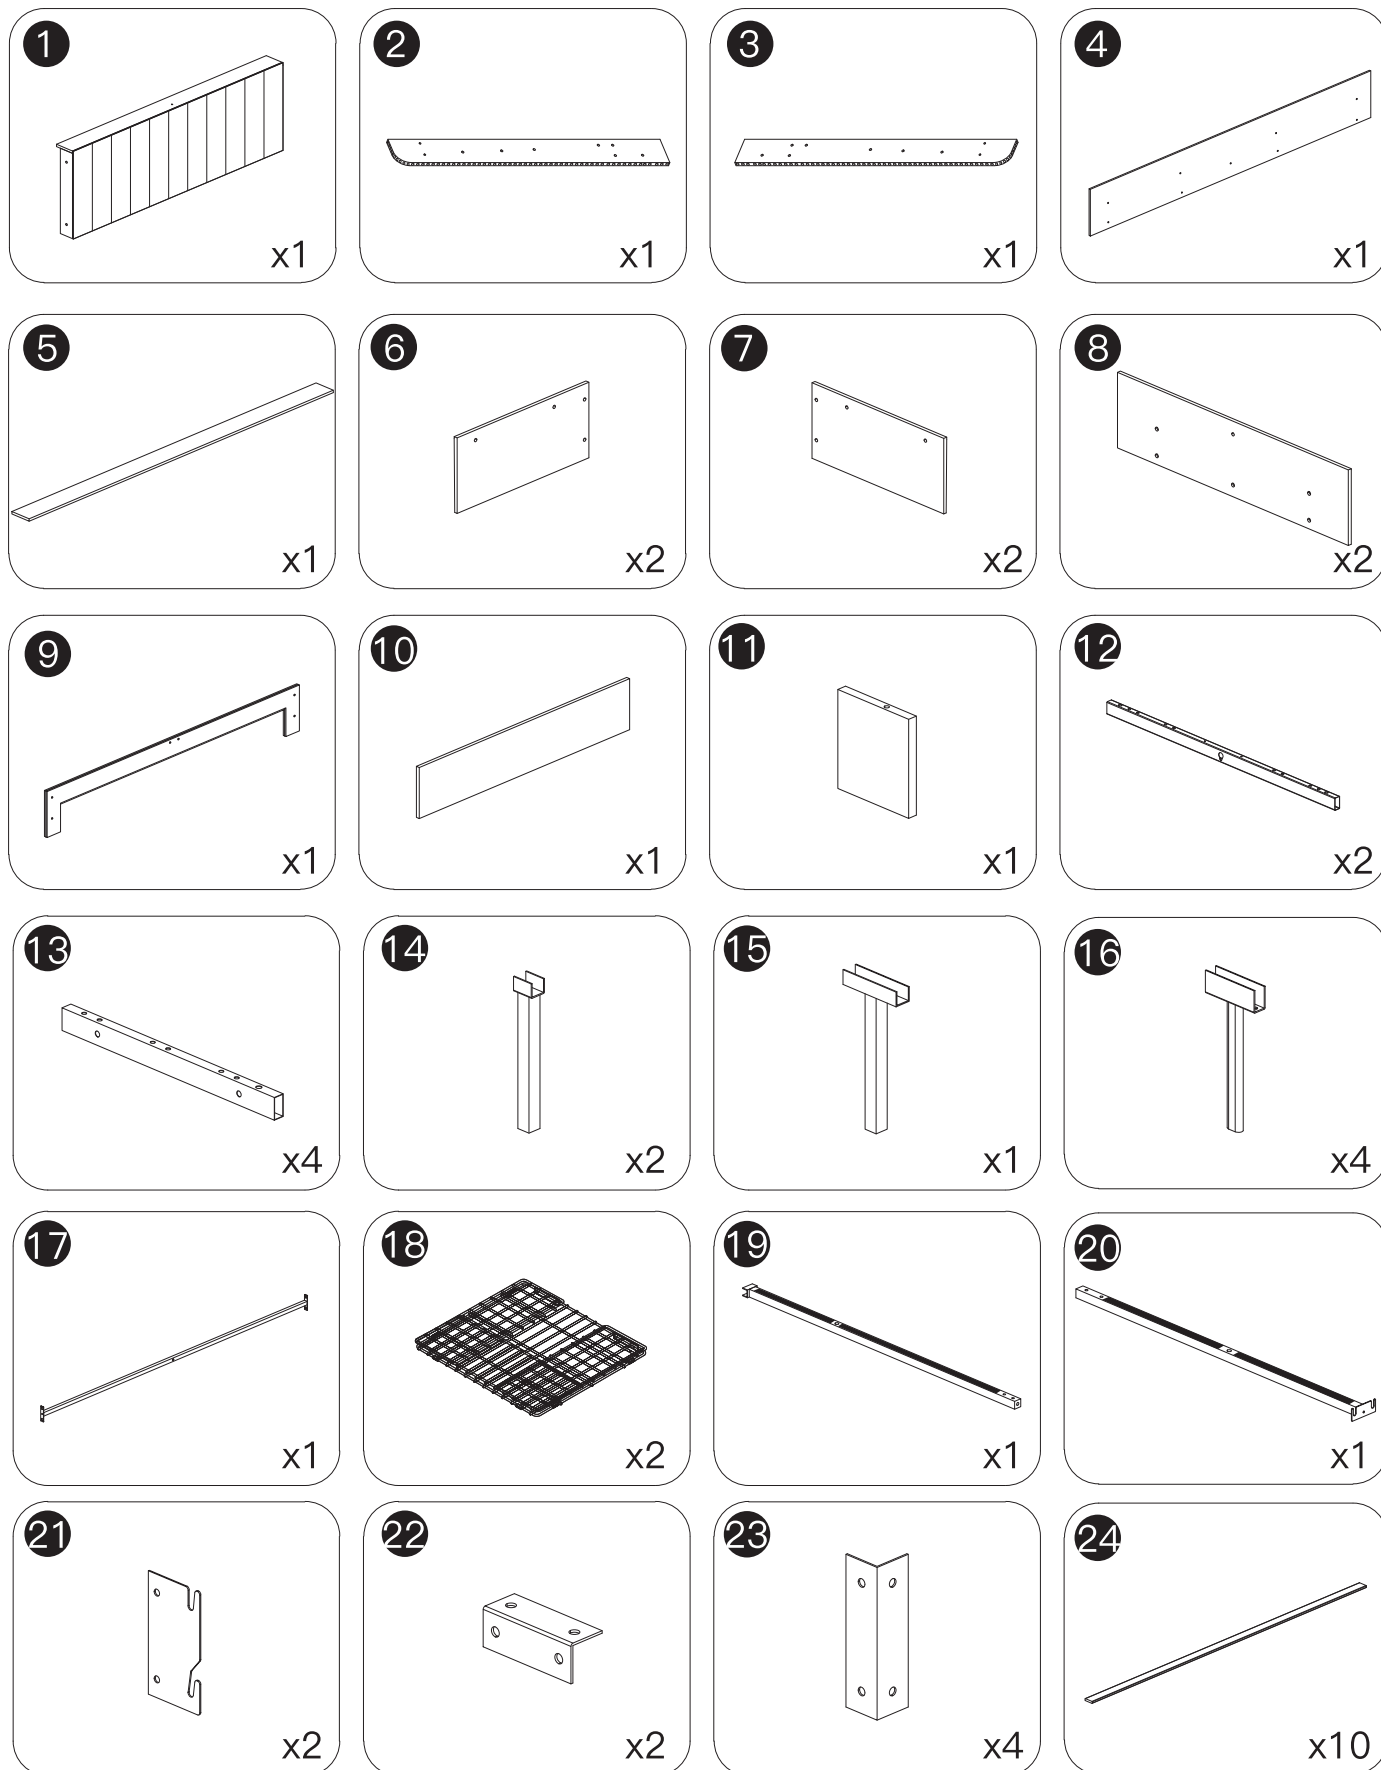

EXPLODED DRAWING:

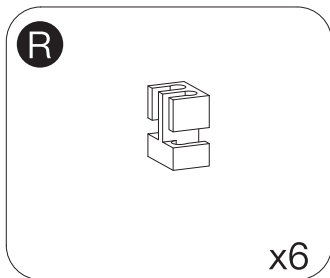

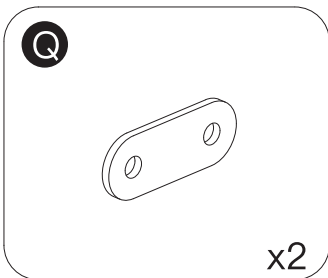

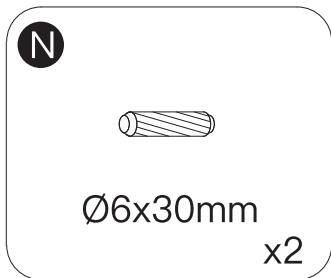

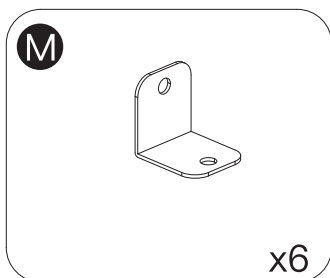

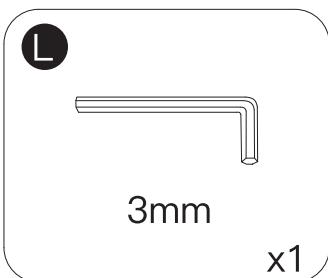

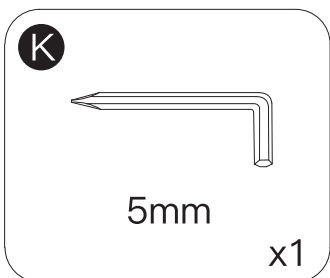

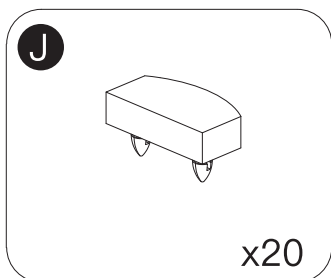

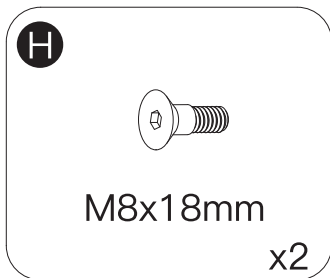

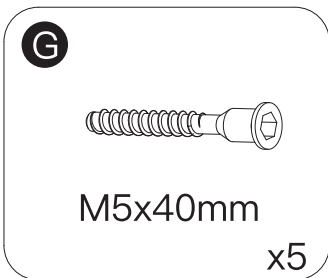

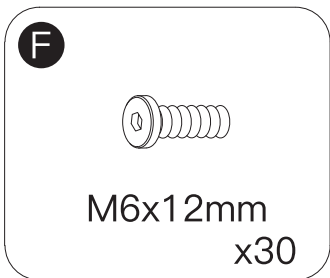

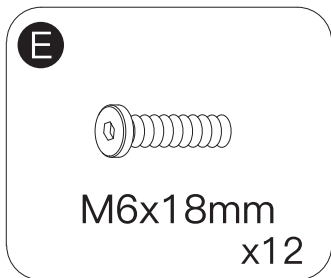

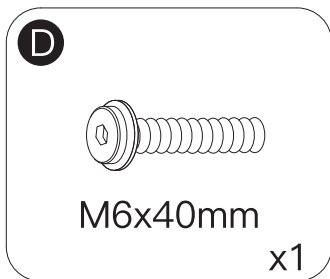

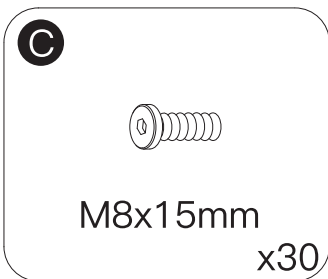

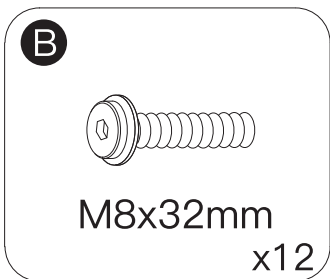

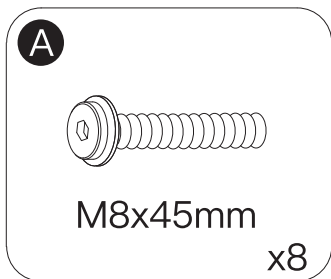

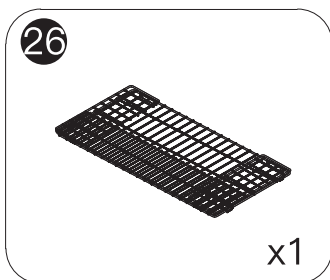

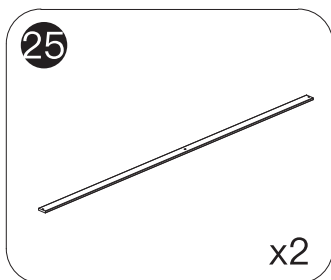

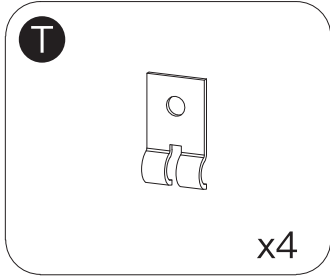

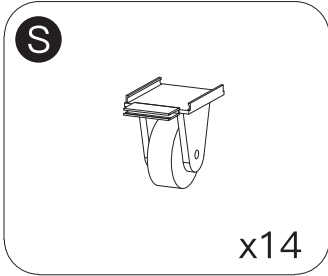

Please check all parts and accessories according to the parts list before assembling, make sure all contents are sufficient and in good condition.

If there is any parts missing or defective, please contact us with purchase platform message immediately to get replacement parts.

PARTS:

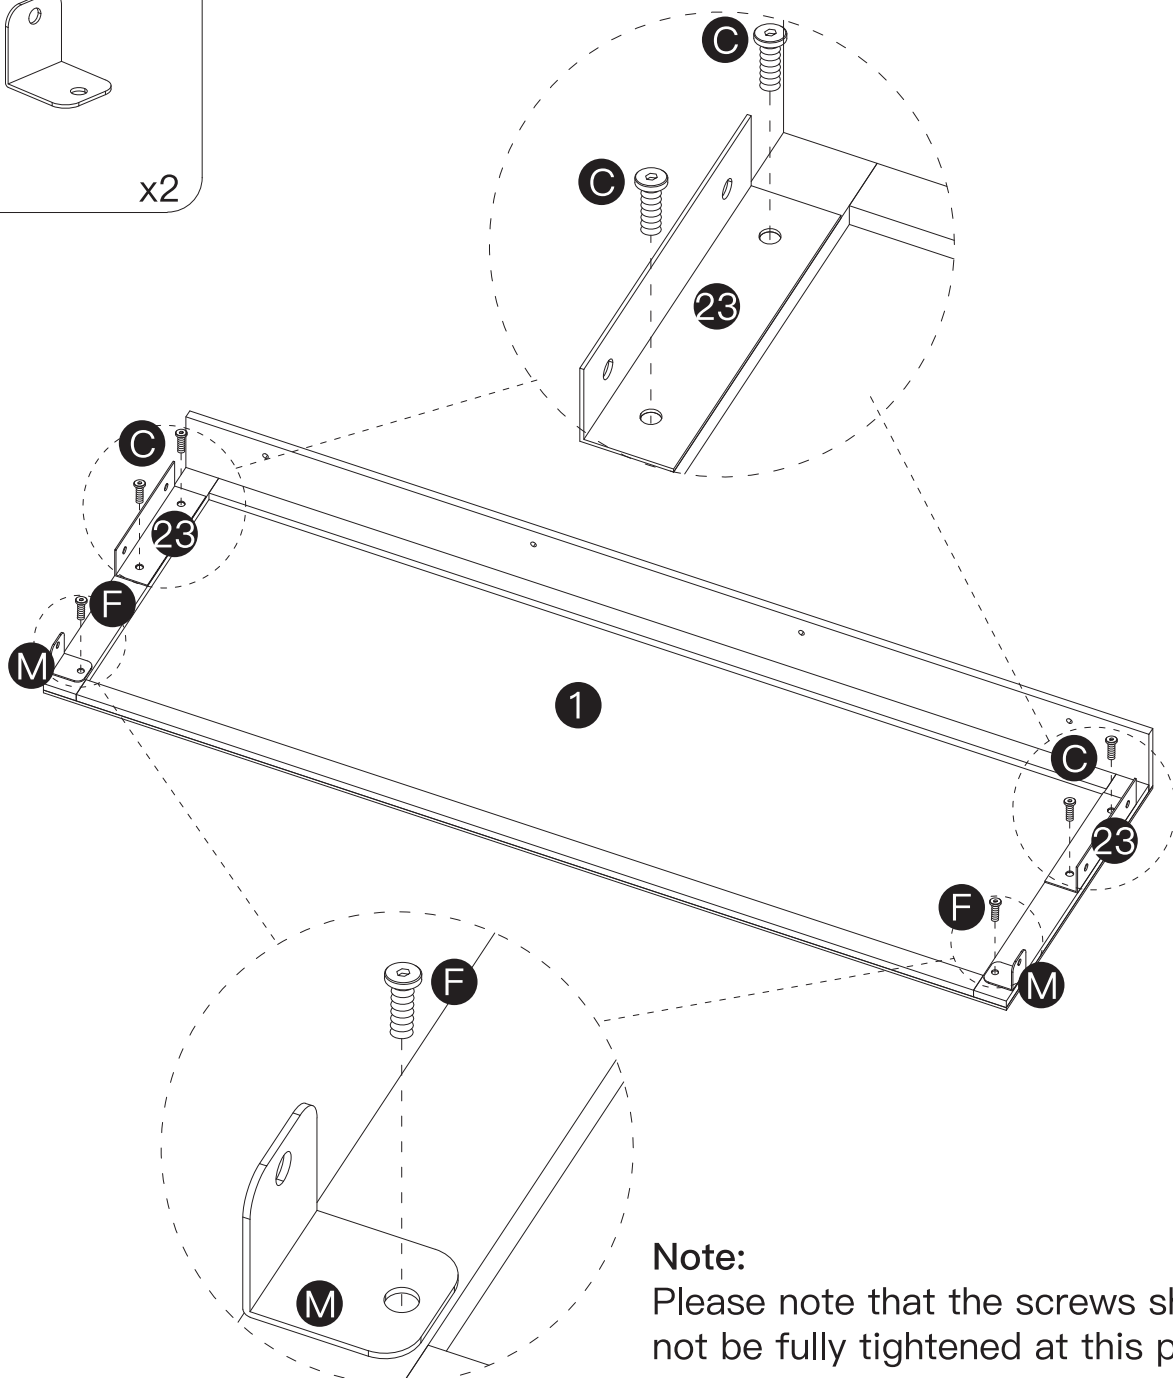

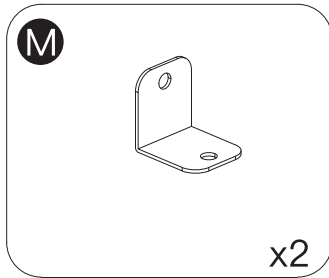

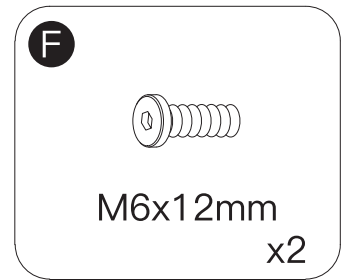

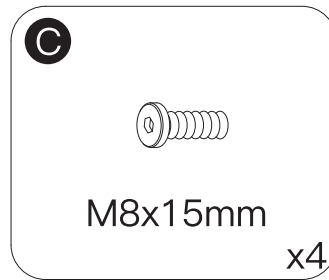

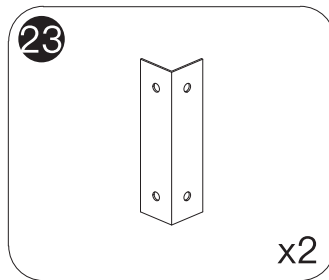

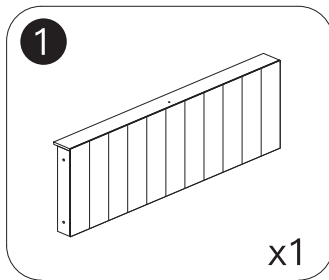

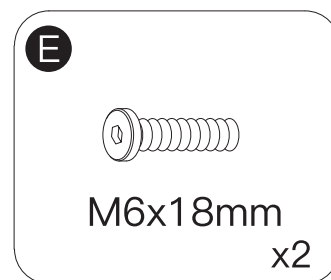

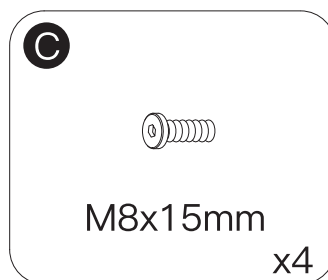

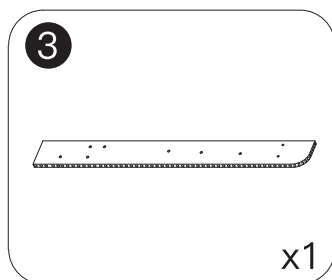

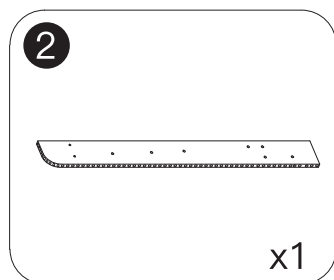

HOW TO INSTALL

STEP 1

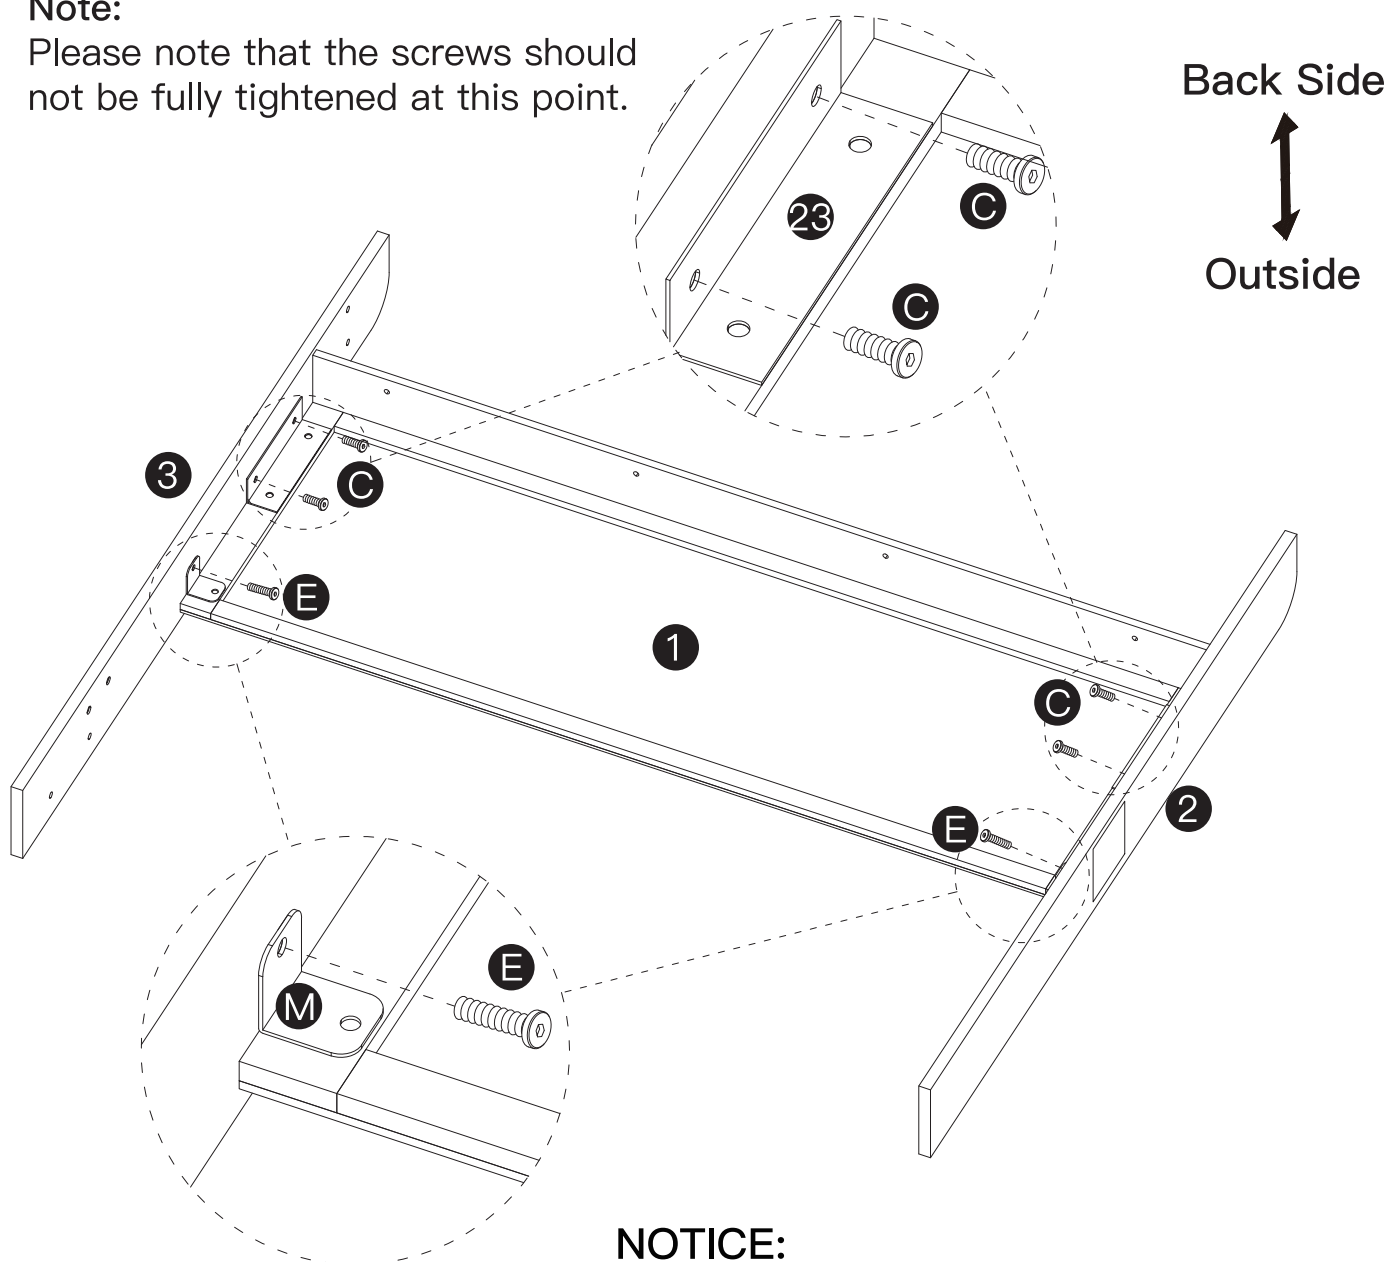

Note:
Please note that the screws should not be fully tightened at this point.

STEP 2

Note:

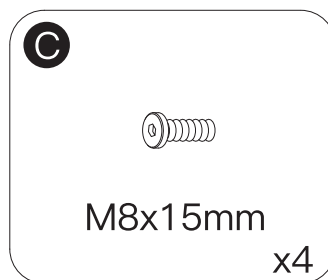

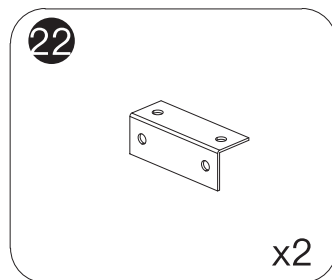

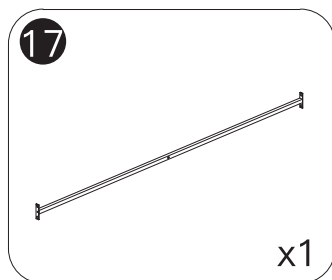

Please note that the screws should not be fully tightened at this point.

NOTICE:

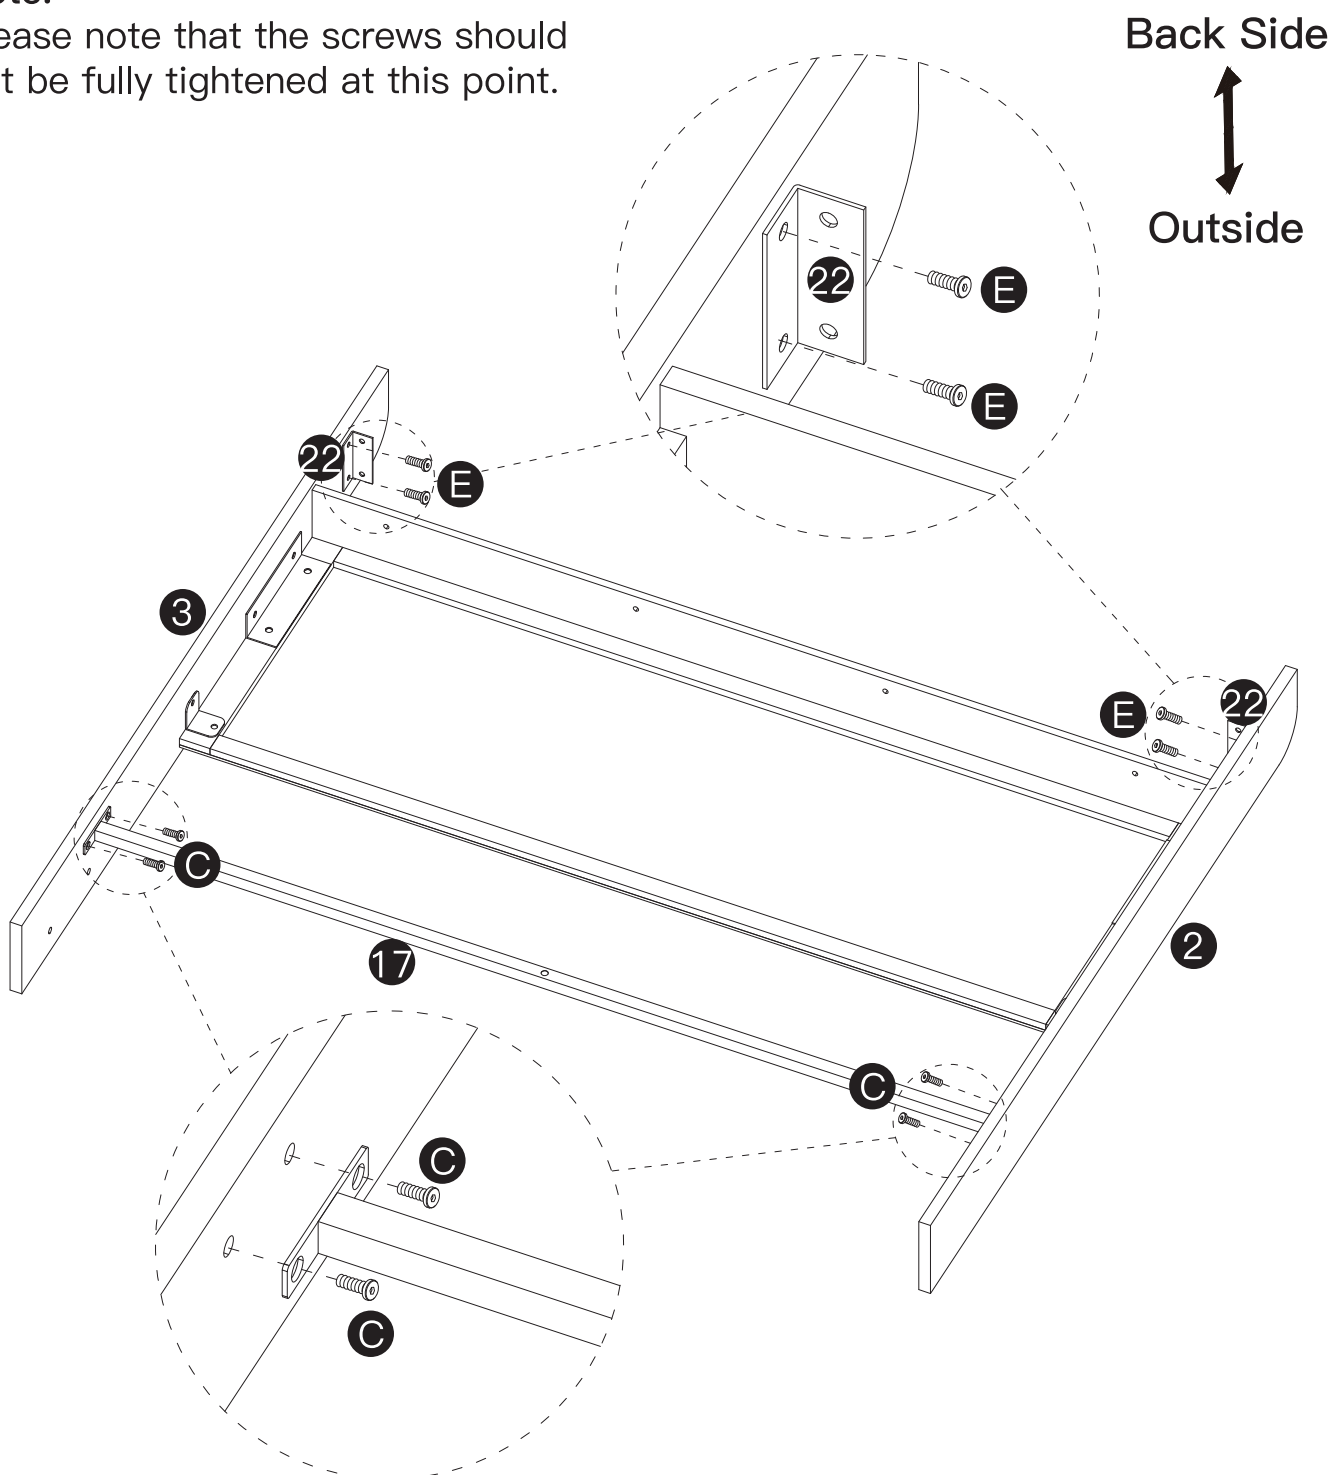

Please note that the side of parts 2 and 3 with rivets faces outward.

STEP 3

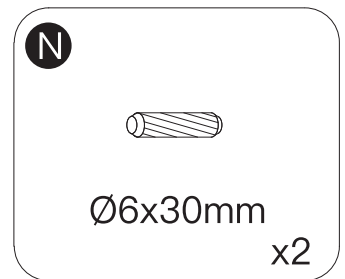

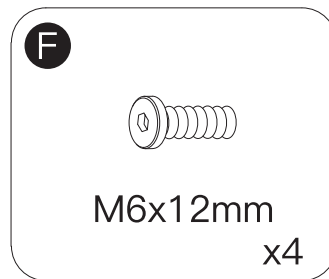

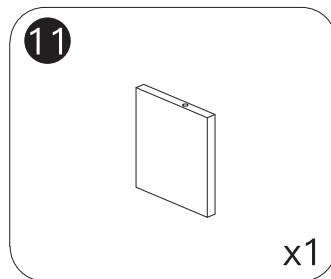

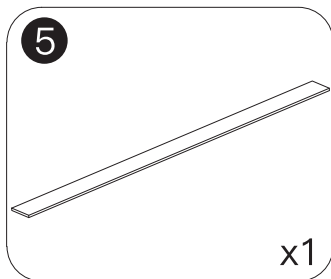

Note:

Please note that the screws should not be fully tightened at this point.

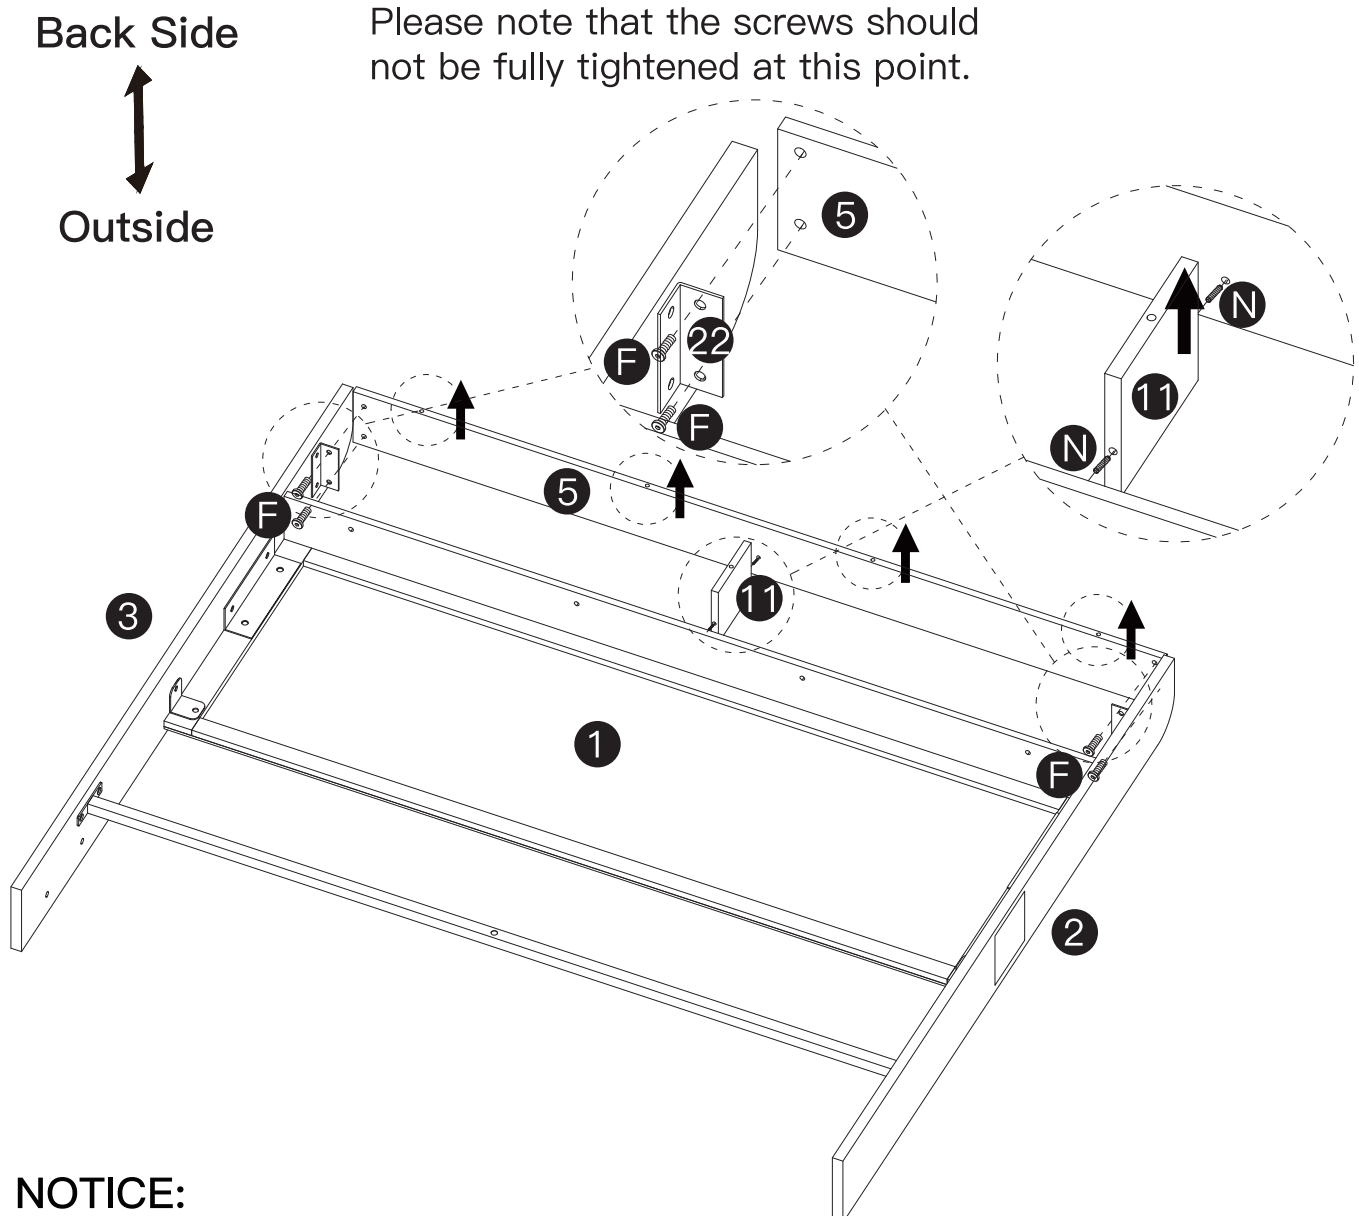

STEP 4

Note:

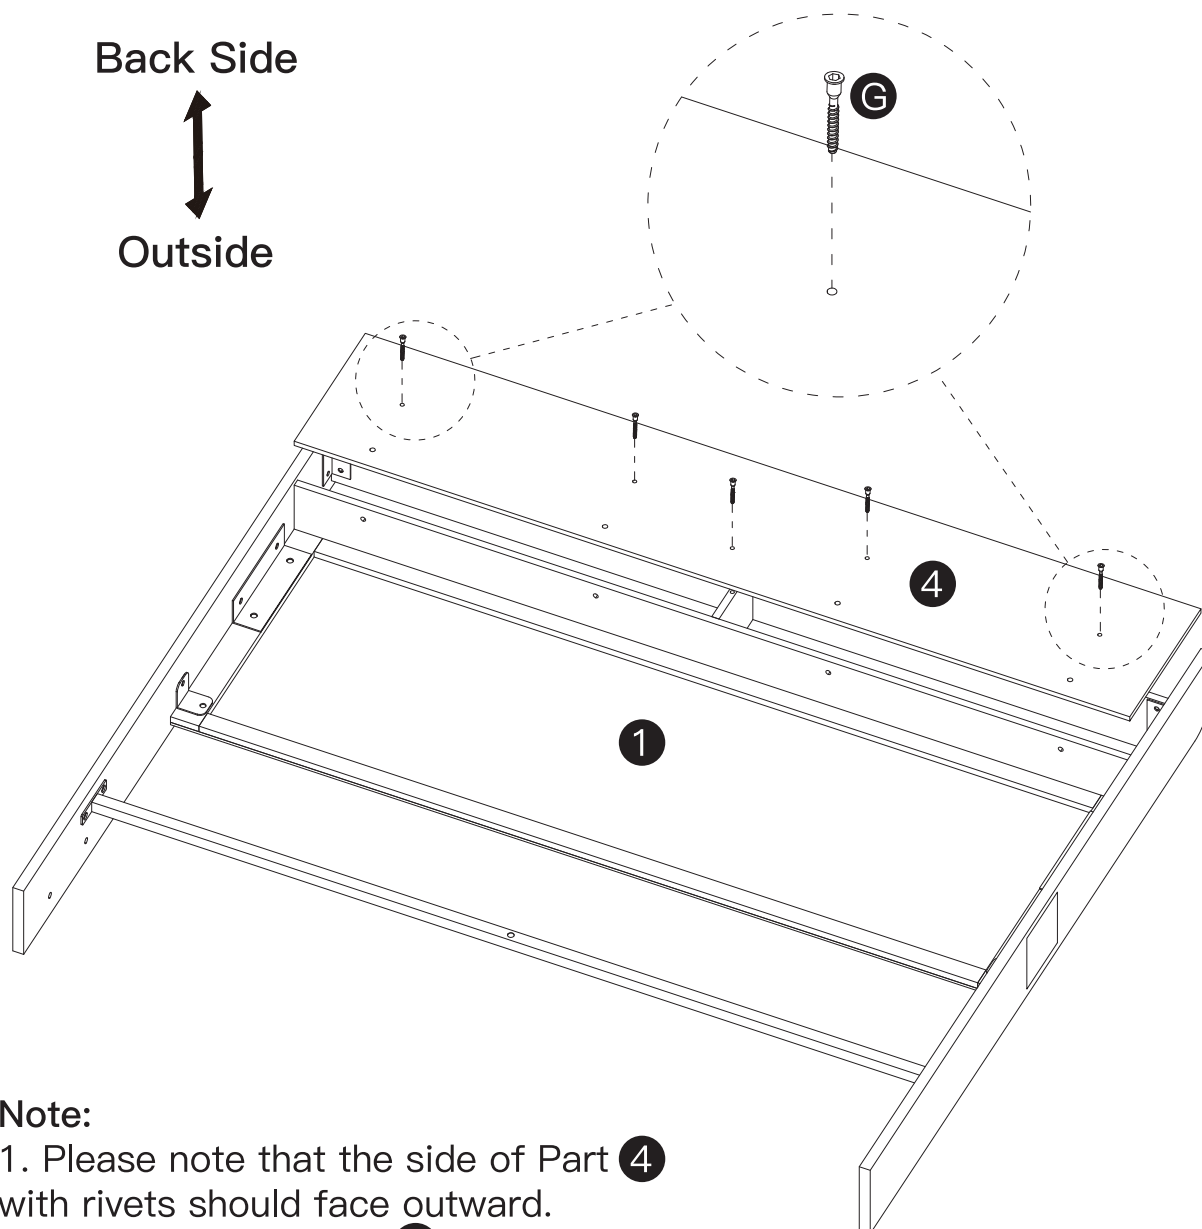

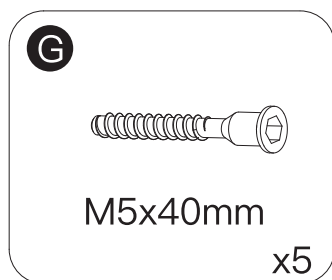

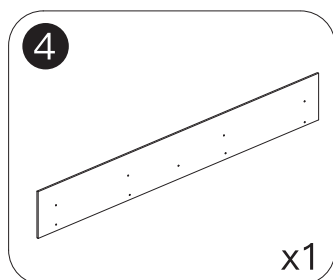

Please note that the screws should not be fully tightened at this point.

NOTICE:

Please note the orientation of the holes on Part 5 and Part 11.

STEP 5

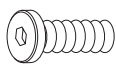

Note:

1. Please note that the side of Part 4 with rivets should face outward.
2. After installing Part 4, please fully tighten all the screws that were installed previously.

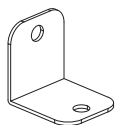

STEP 6

F

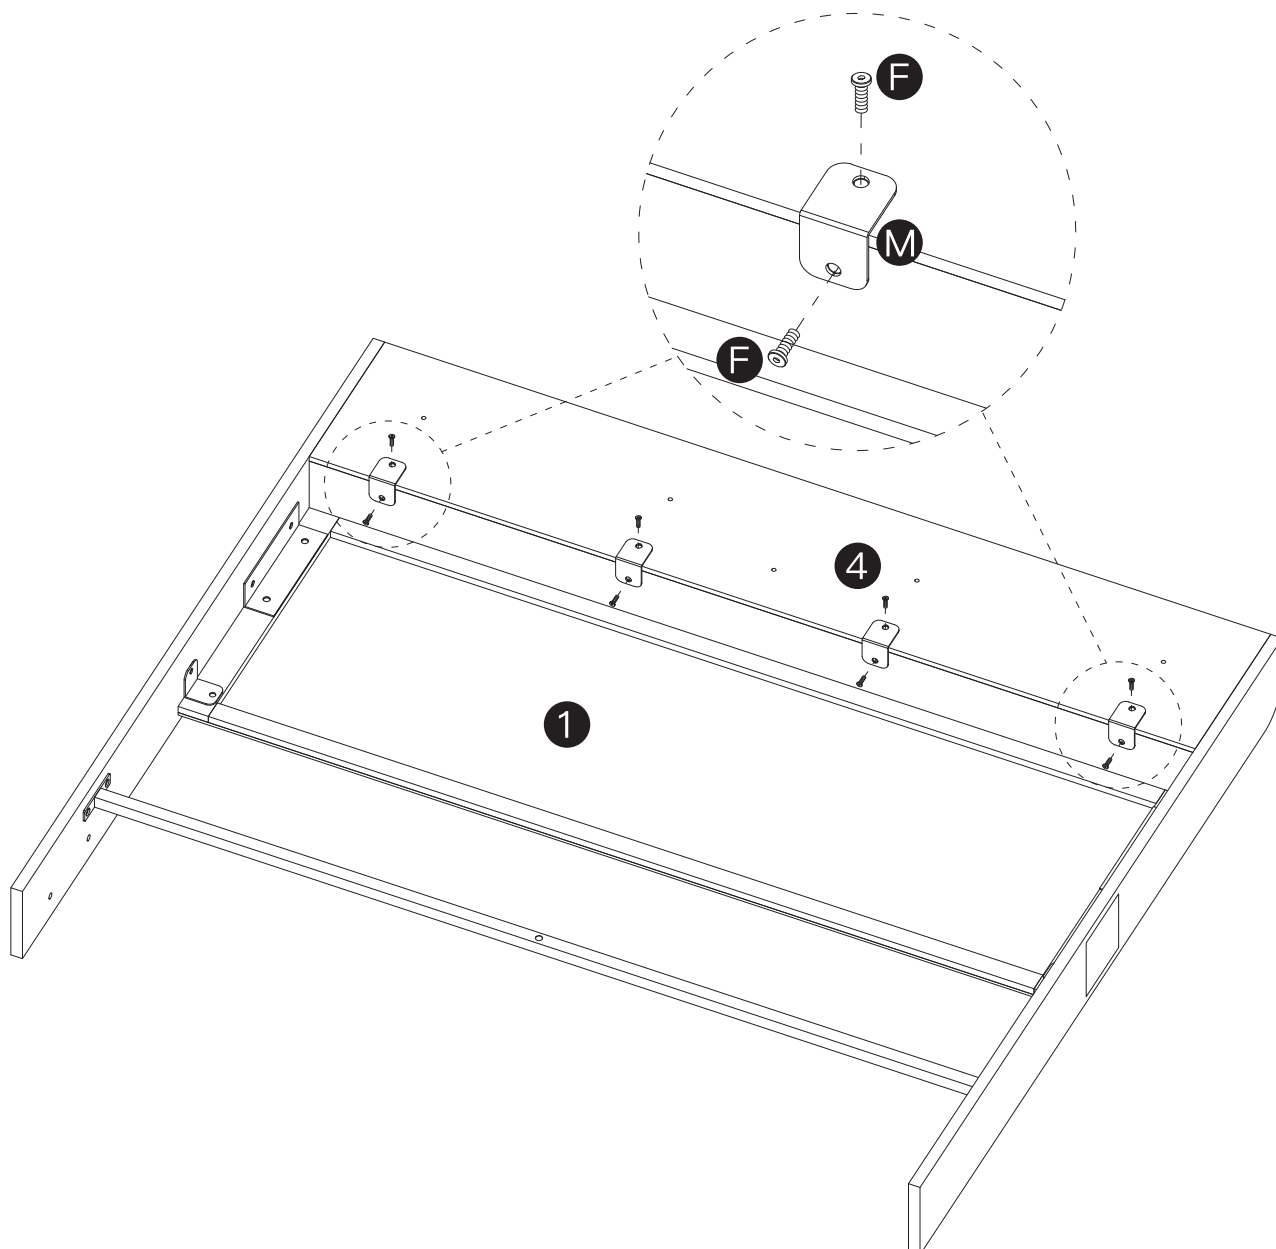

M6x12mm
x8

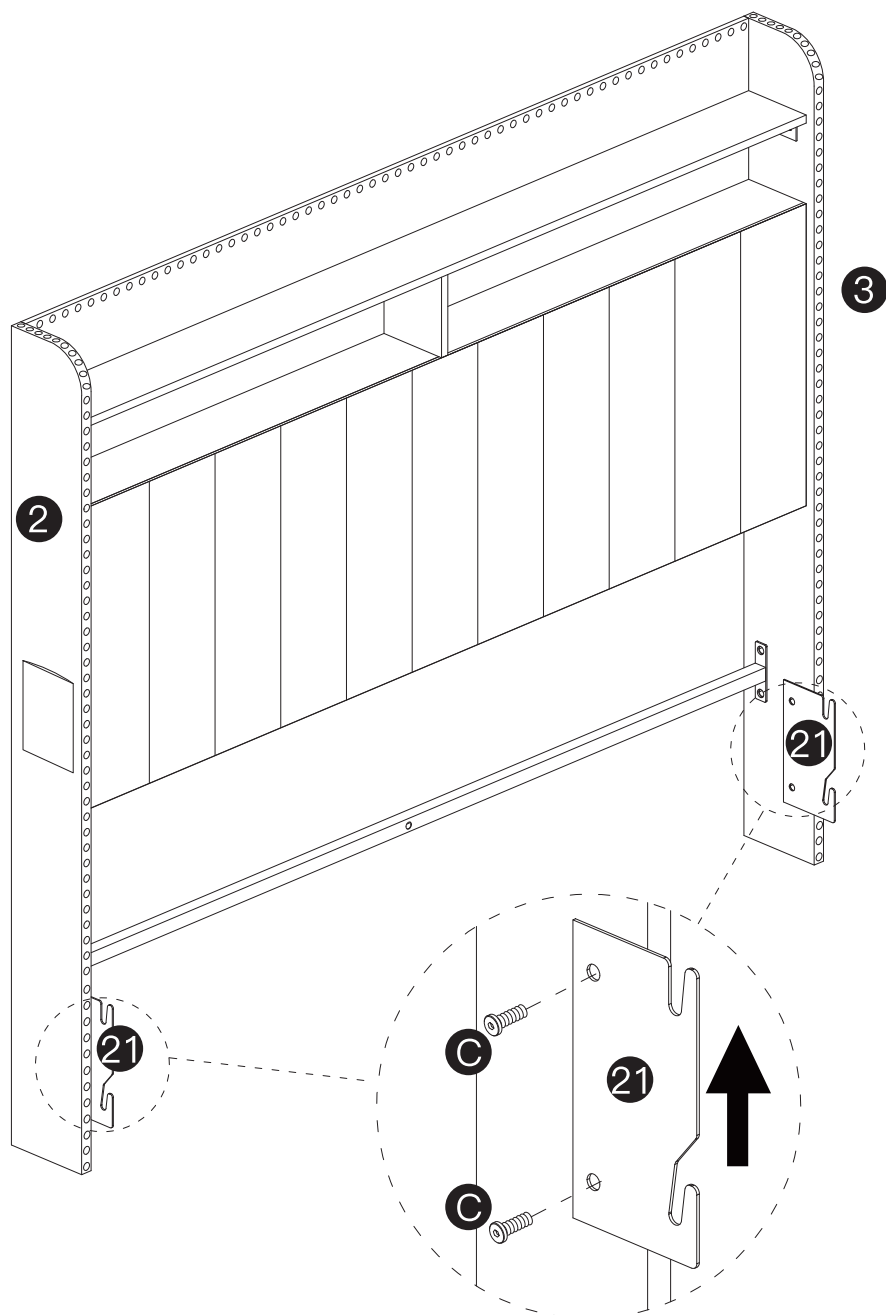

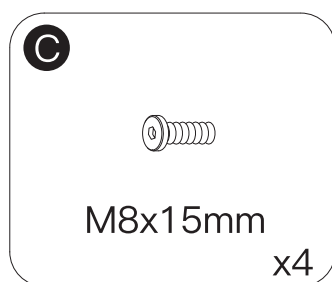

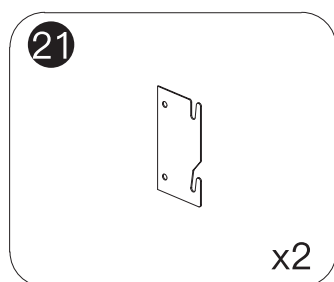

M

x4

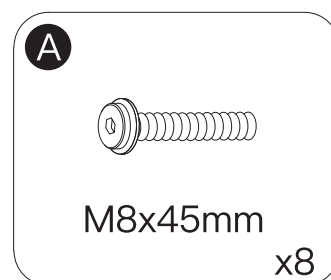

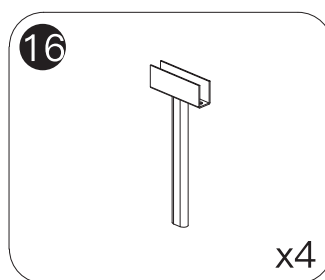

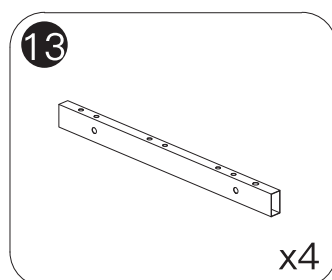

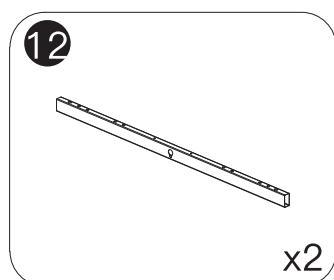

STEP 7

NOTICE:

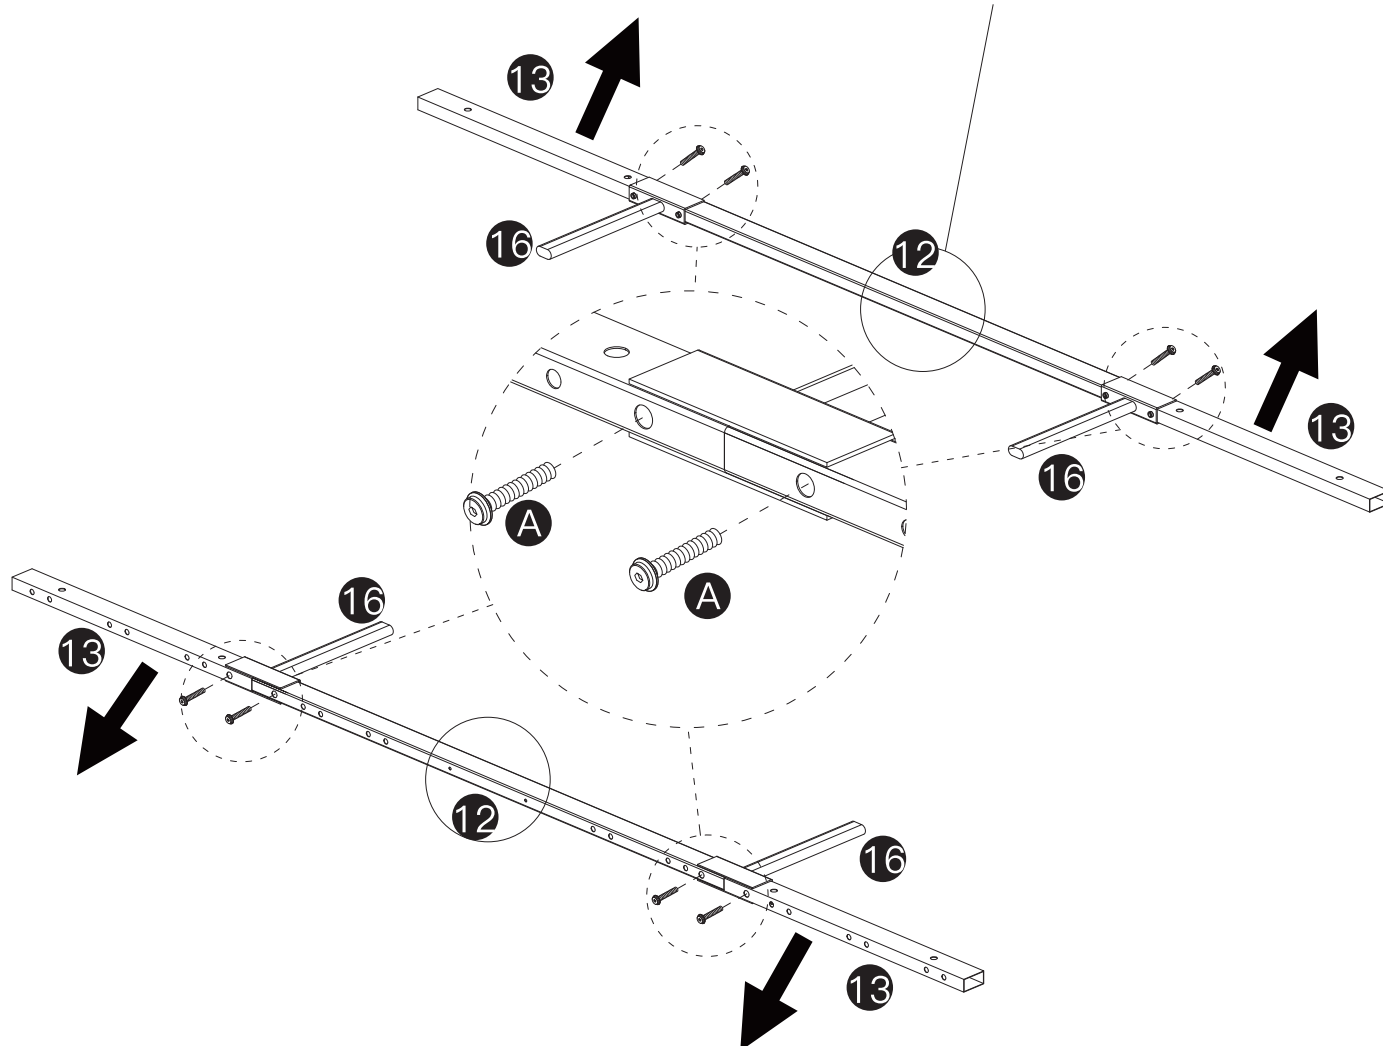

Please note that the notch of Part 21 should face upward.

STEP 8

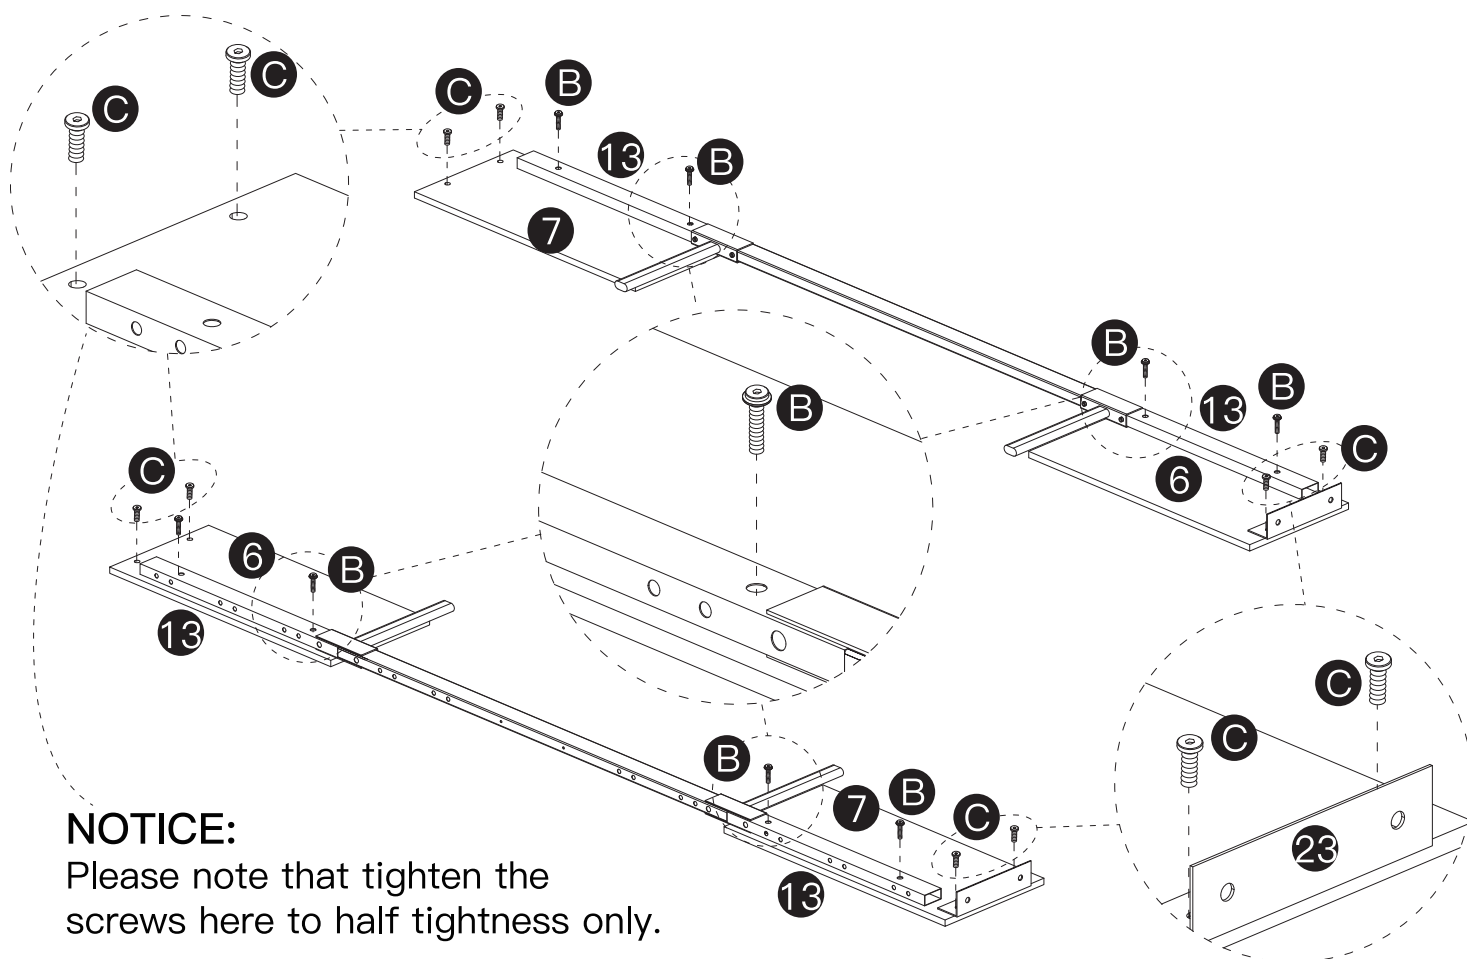

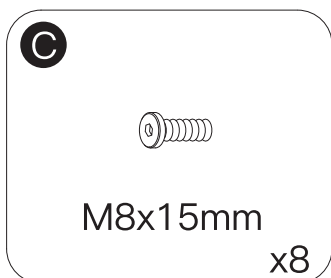

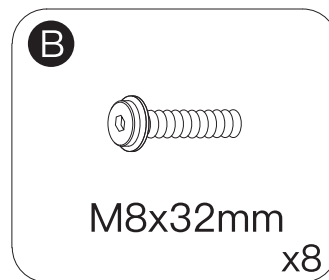

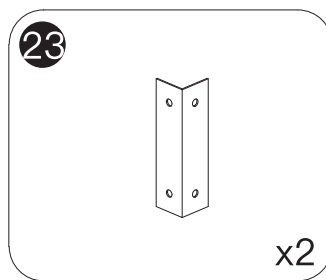

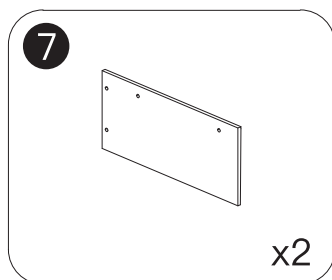

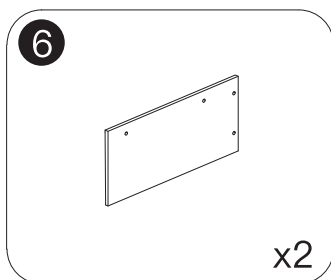

NOTICE:

(1) Please note that this side of part 12 is smooth and has no holes.

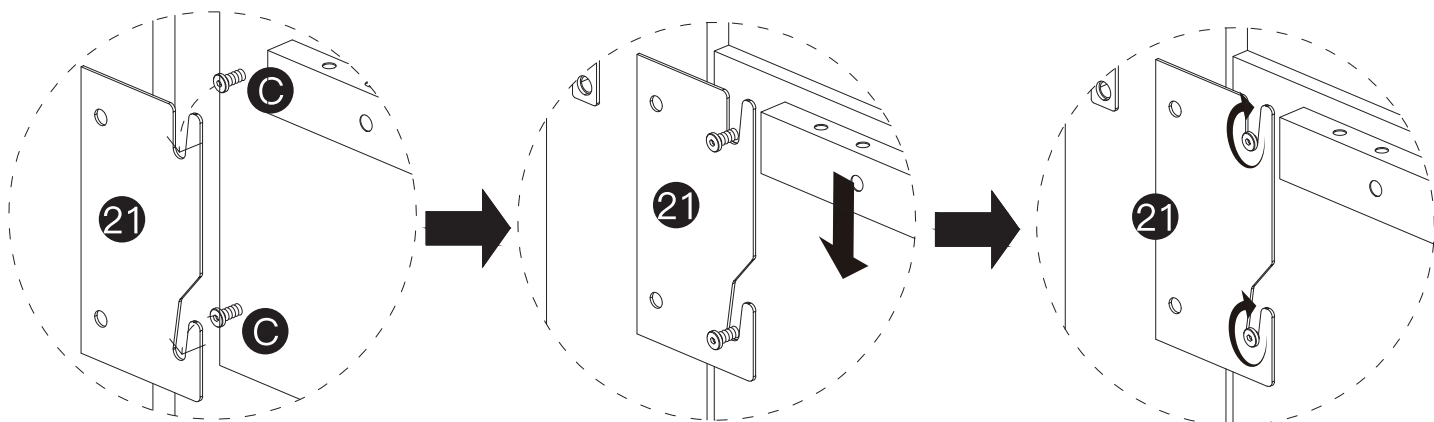

(2) Please note the orientation of the holes on Parts 12 and 13.

STEP 9

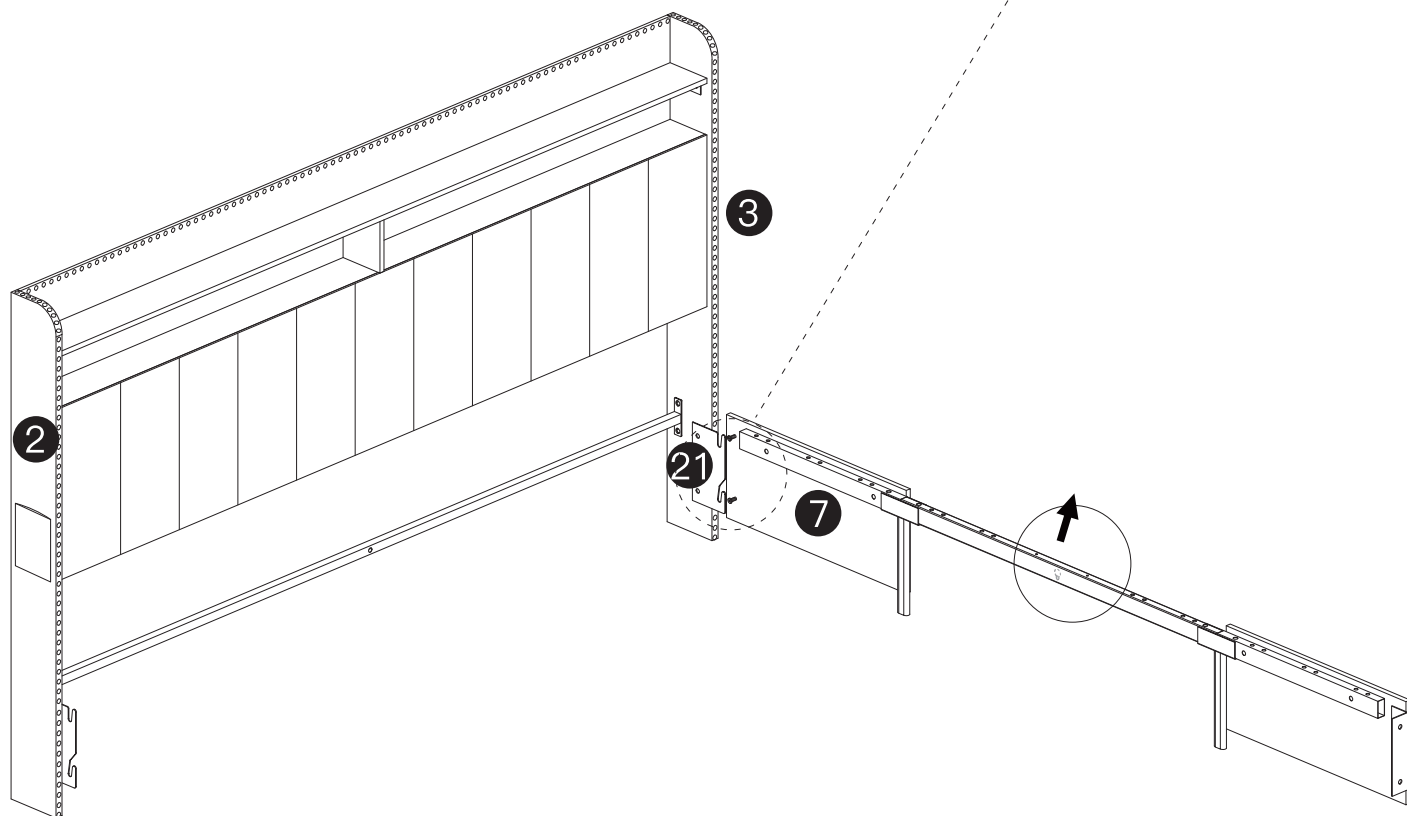

STEP 10

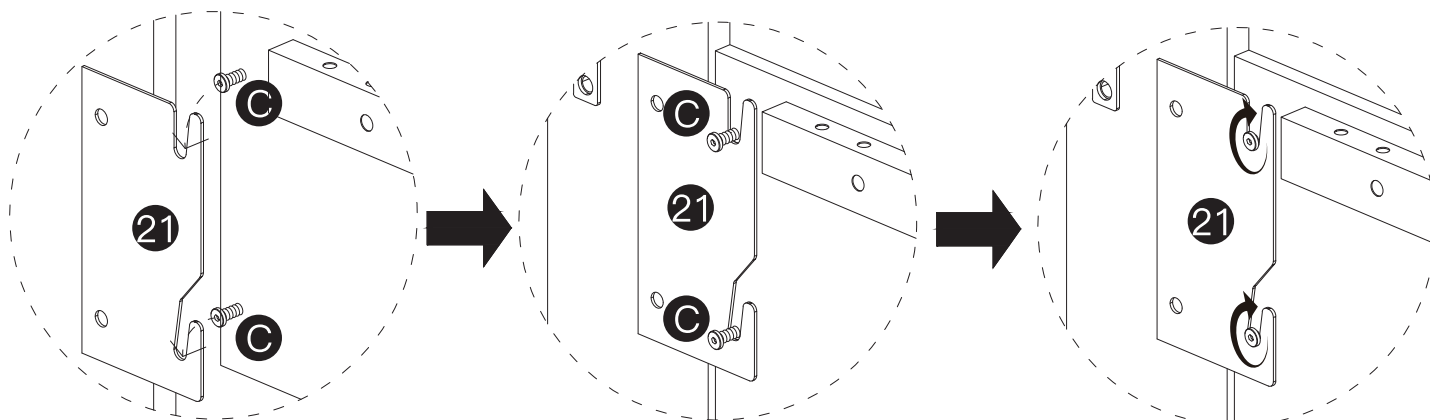

Hang part **C** onto part **21**.

Fully clip Part **C** onto Part **21**.

Tighten part **C** on part **21** after hooking up.

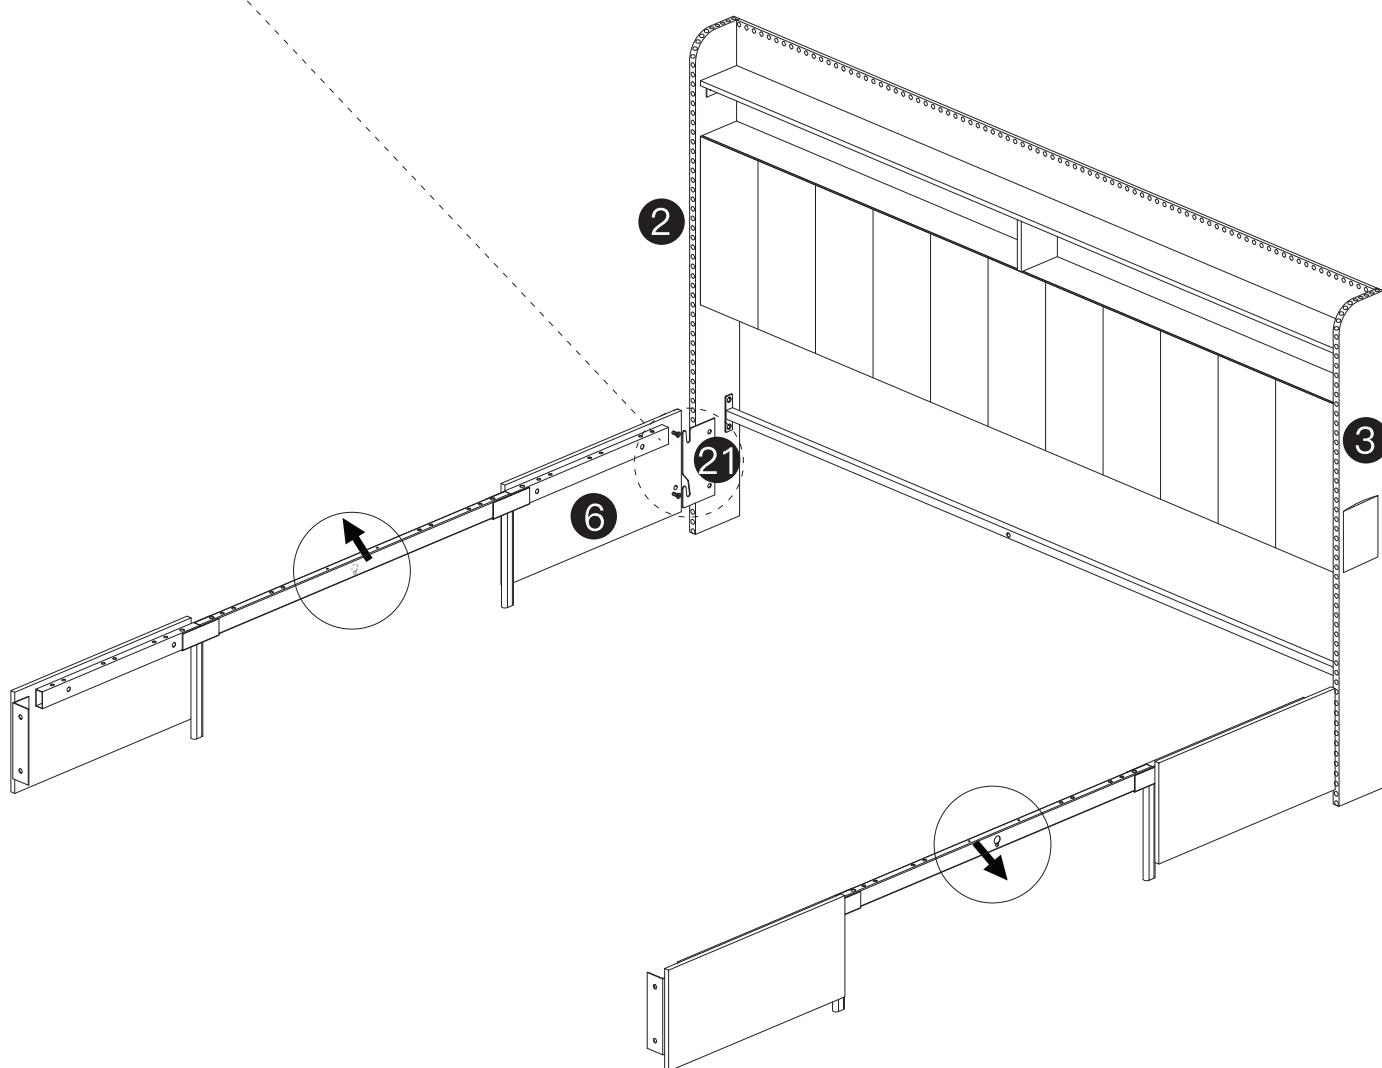

STEP 11

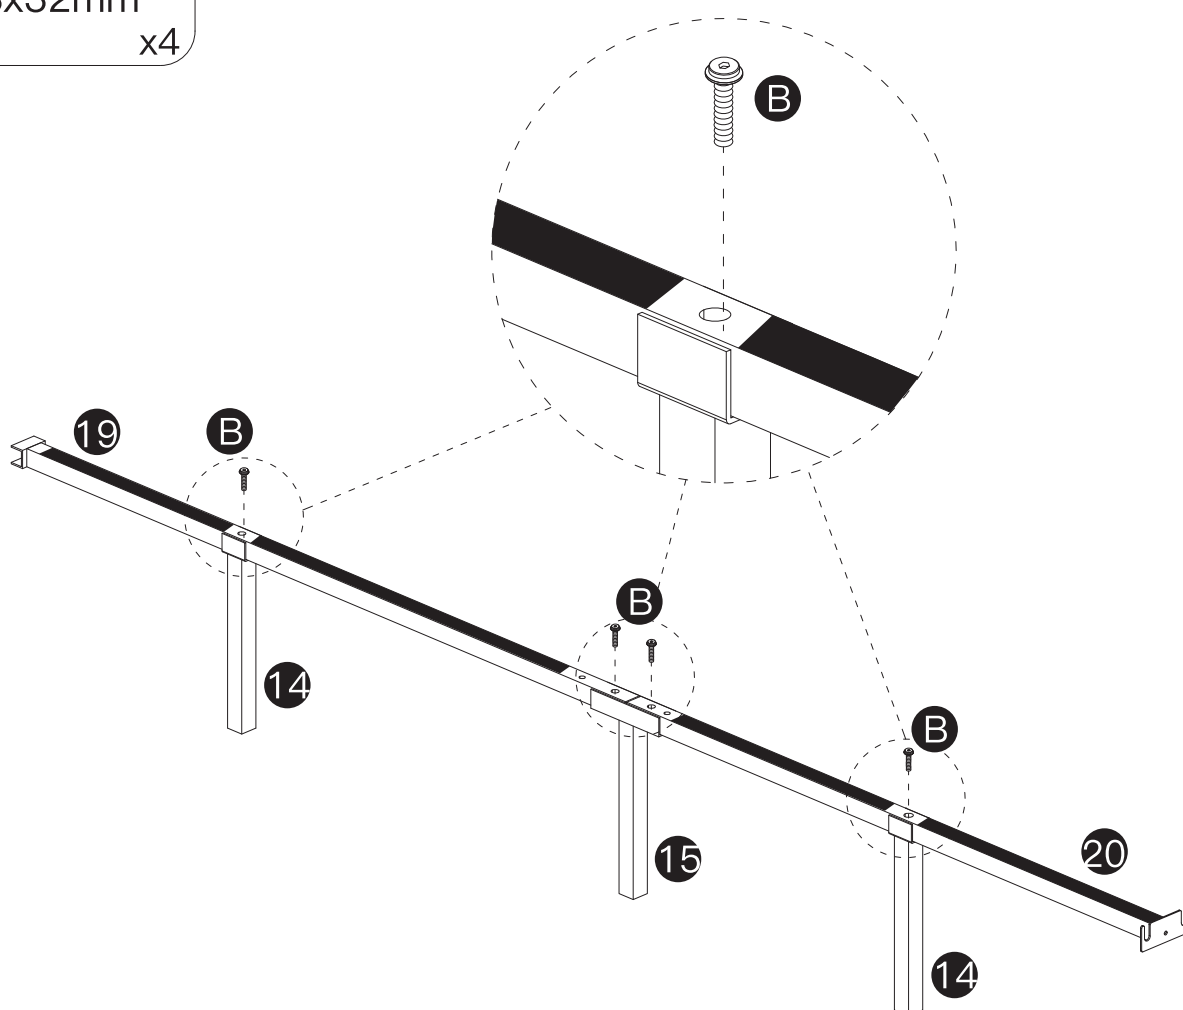

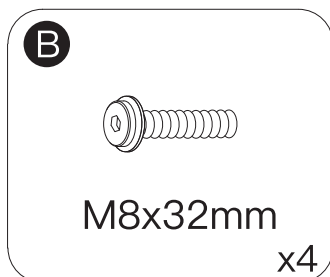

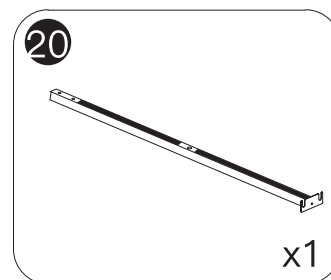

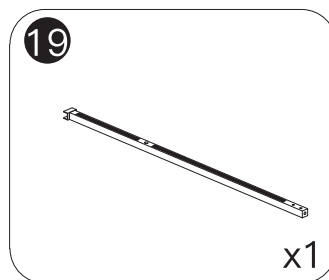

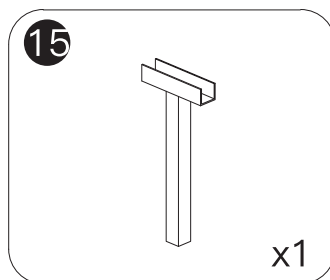

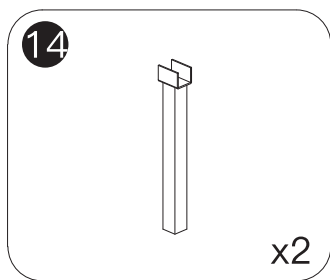

Hang part **C** onto part **21**.

Fully clip Part **C** onto Part **21**.

Tighten part **C** on part **21** after hooking up.

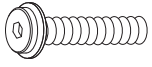

STEP 12

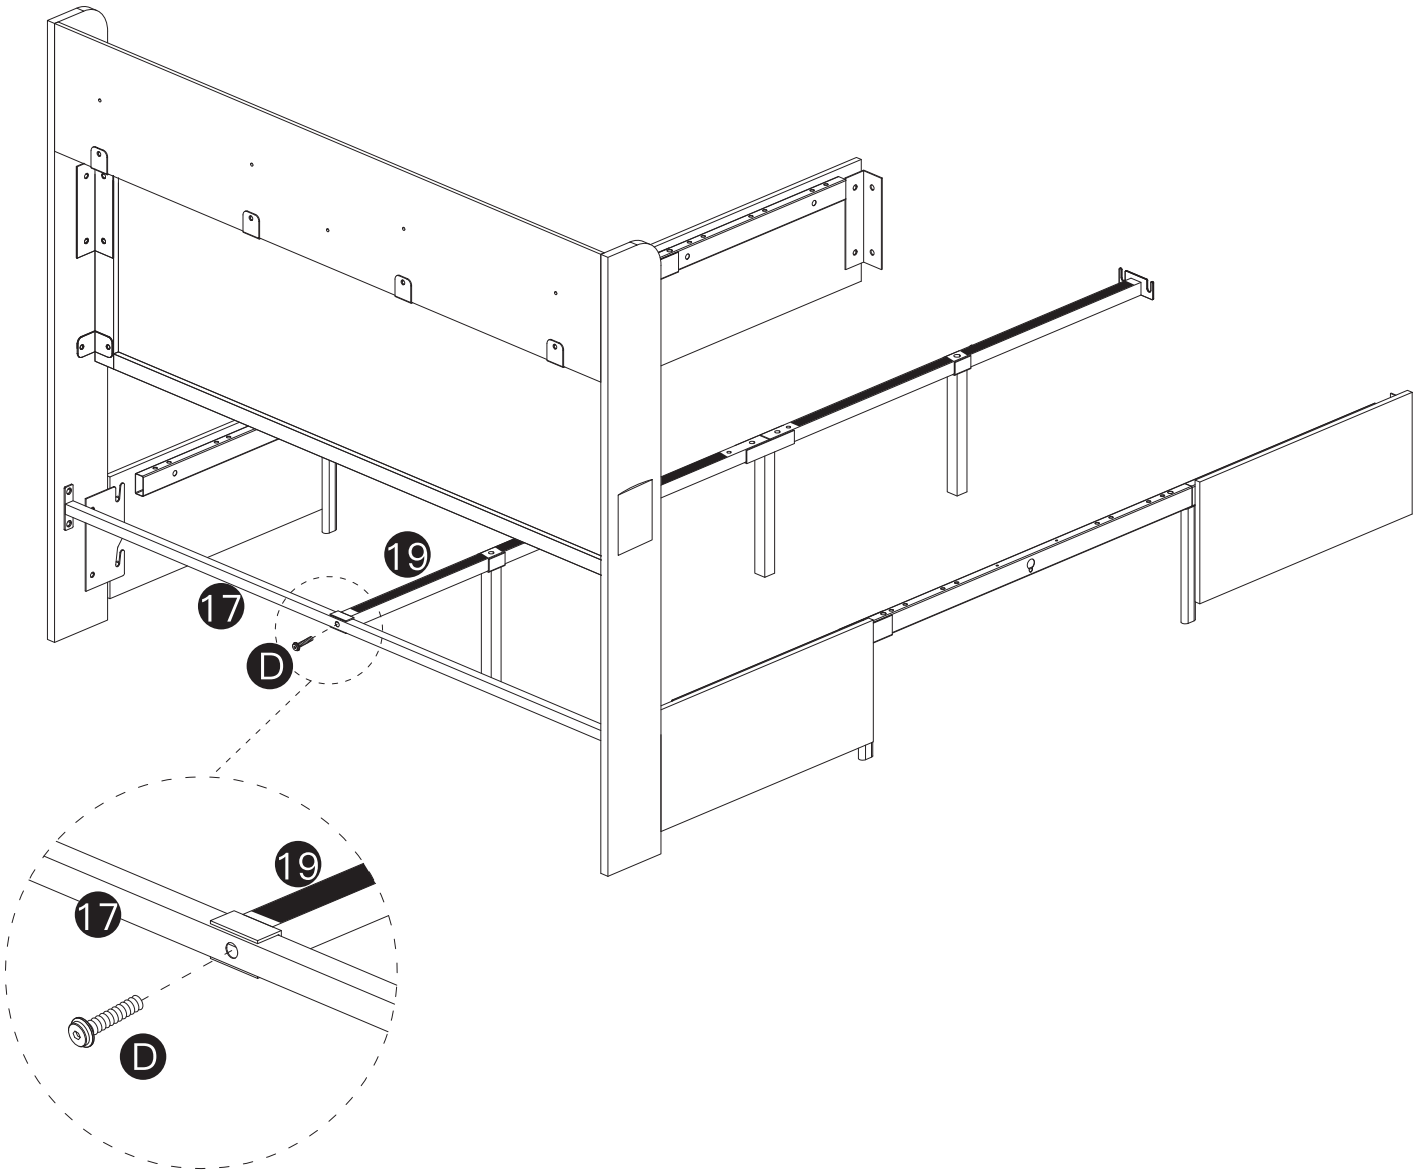

STEP 13

D

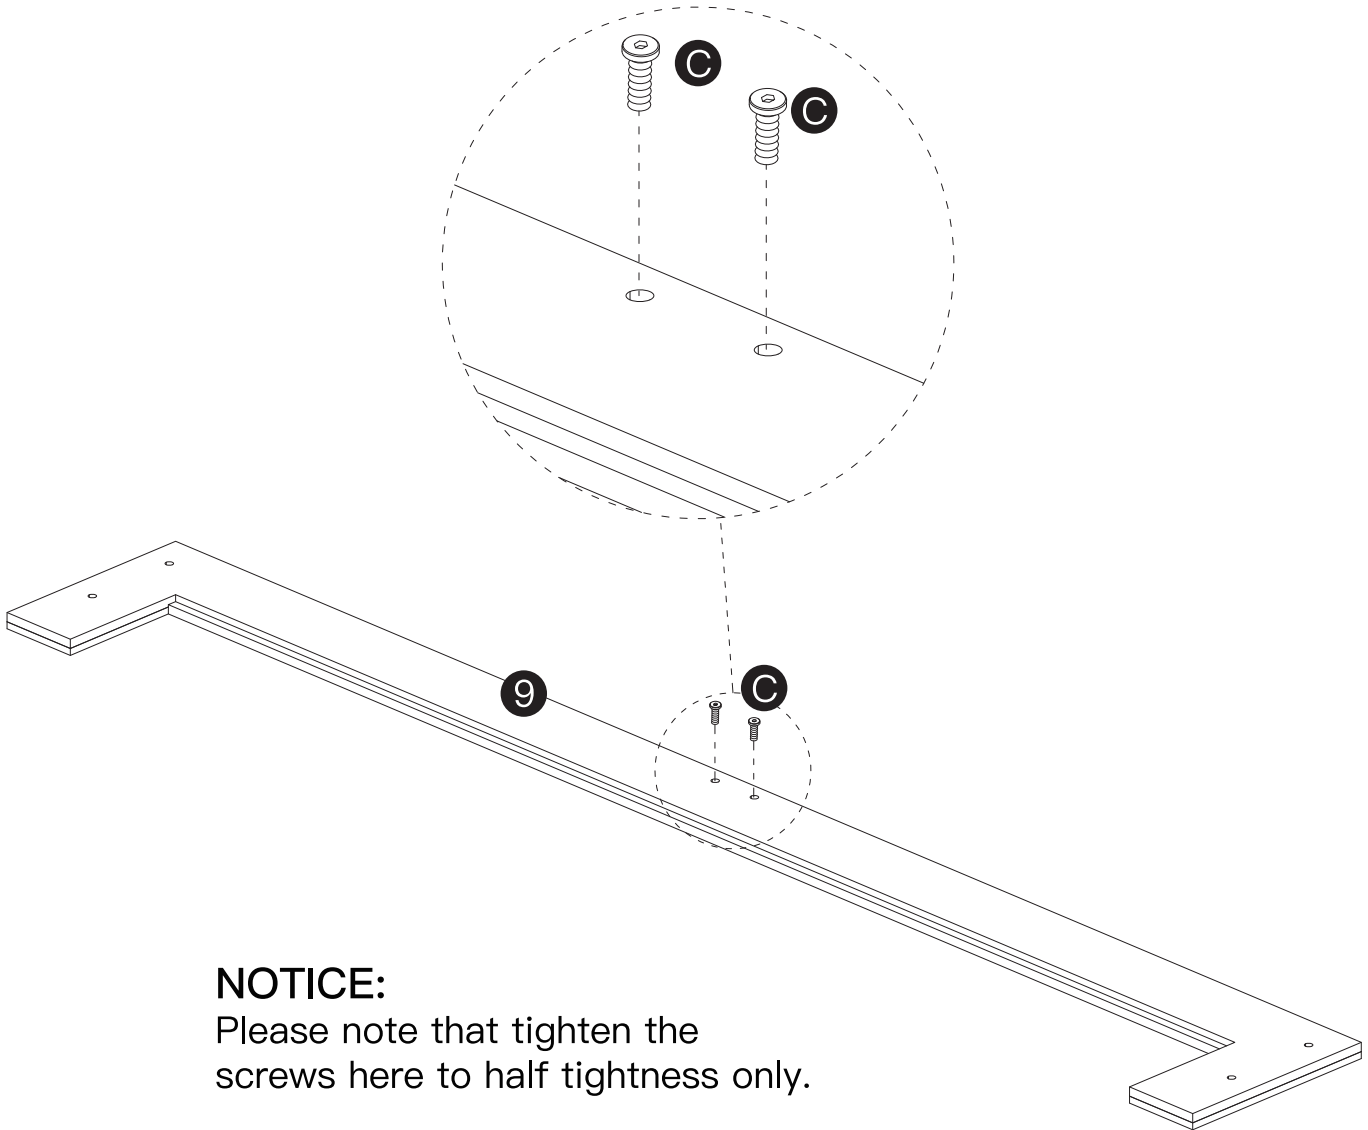

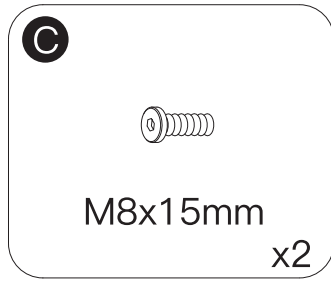

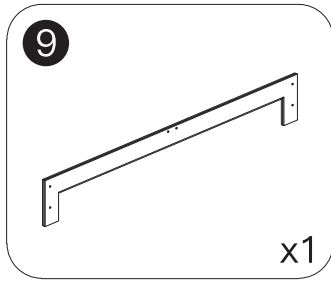

M6x40mm

STEP 28

Warm Tips

- (1) Please place the assembled bed against the wall.
- (2) **Do not** jump or play on the bed.
- (3) For your safety, please **do not** crawl under the bed.

Wheel Category

Instructions for Use

–Deodorization: It is normal for wheels to have a rubber smell, so there is no need to be nervous. Just place the wheels in a well-ventilated area to let the smell dissipate before installation.

–Usage Method: Install them at the bottom of compatible products, ensuring that the wheels can rotate flexibly, the braking function (if any) works properly, and push at a constant and stable speed. Avoid driving quickly on uneven ground to reduce wheel wear.

Notes

- Ensure the integrity of accessories: Prevent collisions and falls that may cause wheel deformation and bearing damage, as well as hard objects from scratching the wheel surface.
- **Load-bearing limit:** Strictly use within the rated load to avoid wheel damage and product tilting due to overloading.
- **Ground protection:** Avoid long-term use on sharp, uneven ground to prevent wheel surface wear and jamming.
- **Brake usage:** For wheels with a braking function, please brake and fix them in time when the product is not in use to prevent the product from sliding.
- For the safety of you and your family, it is recommended to install the Anti-Tip Device Kit.

Maintenance Methods

Cleaning method: Wipe the dust and debris on the wheel surface with a damp cloth, and clean the bearing parts with a dry soft brush. Regularly check the wear of the wheels, whether the bearings rotate smoothly, and whether the brakes are sensitive, and replace severely worn wheels in time.

AFTERSALE SERVICE

Dear customer,

Thank you so much for purchasing the product from us, we really appreciate your support.

We are aimed to provide the best shopping experience to our customers. We also want to build a mutually beneficial relationship with our customers, and step further to make our brand both reliable, responsible and recommendable.

We hope that our products could meet your needs and expectations, please consider us again if you need more products for your home and kitchen.

The package would be out of our control during shipping, please contact us through your purchasing channel directly if there is anything wrong with the box or contents. We are always here offering you our service.

We will reply your messages as soon as possible, please kindly wait for the response from our team.

Your comfort and contentment are of utmost importance.

Best Regards,
Customer Care Specialist
