TECHNICAL SPECIFICATIONS

MINIMO

MINIMO

This **compact model** is recommended for smaller groups (up to 5 people). Perfect for outdoor picnics or grilling on smaller terraces. Despite that it's the smallest one, it has all the functions of the rest of BONO grills. You can grill and make BBQ using both direct and indirect heat.

Thanks to its low weight of 40 kg, you can transport it easily. The cooking grate easily cooks 8 burgers, a chicken, 4 beefsteaks, Ø30 cm pizza or bread.

It is compatible with most accessories such as flat baking stone for a pizza, cast iron grates, smoking system.

The model BONO MINIMO has no wheels, but it is furnished with stainless steel feet to improve stability at the moment it is placed on a flat surface or inserted in a kitchen outside or inside.

Available for sale in black and red with the following **accessories included:**

protective grill cover

multifunctional system with ceramic heat deflector

stainless steel grill grate gripper

steel ash removal tool
