

Assembly Instructions

Contact Us

We're here to help you.

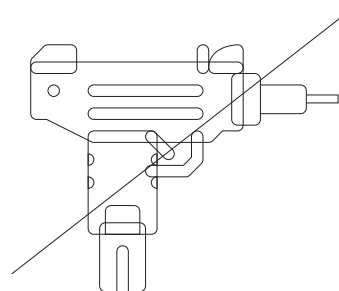

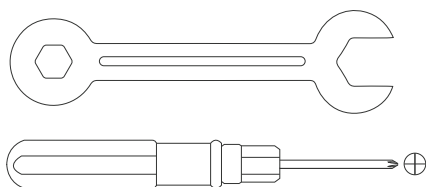

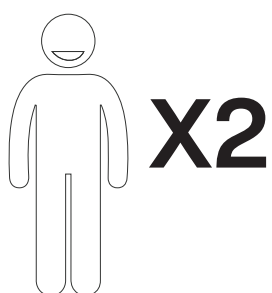

Your satisfaction is our top priority. If you encounter any issues with this product, such as missing or damaged parts, we're here to help. Please retain the original packaging and take photos of the packaging and the product, then contact us as soon as possible.

Warm Tips

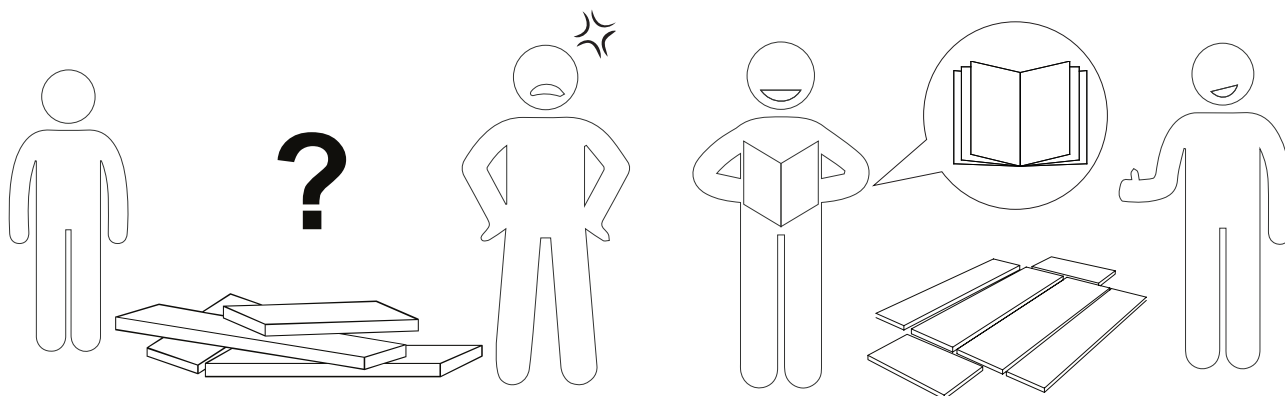

1. Carefully read these instructions and keep them for future reference.
2. Check the parts list and confirm everything's there before starting assembly.
3. When assembling, put all parts on a soft, smooth surface like a carpet to avoid scratches.
4. Don't fully tighten screws until all parts are confirmed in place to avoid misalignment.

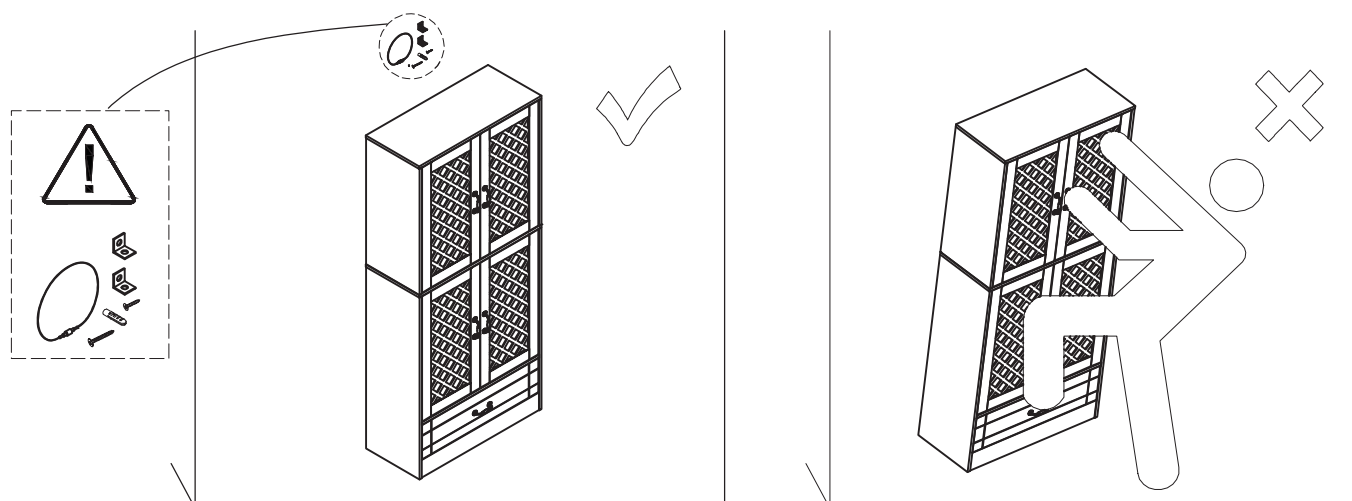

We recommend using hand tools for assembly.

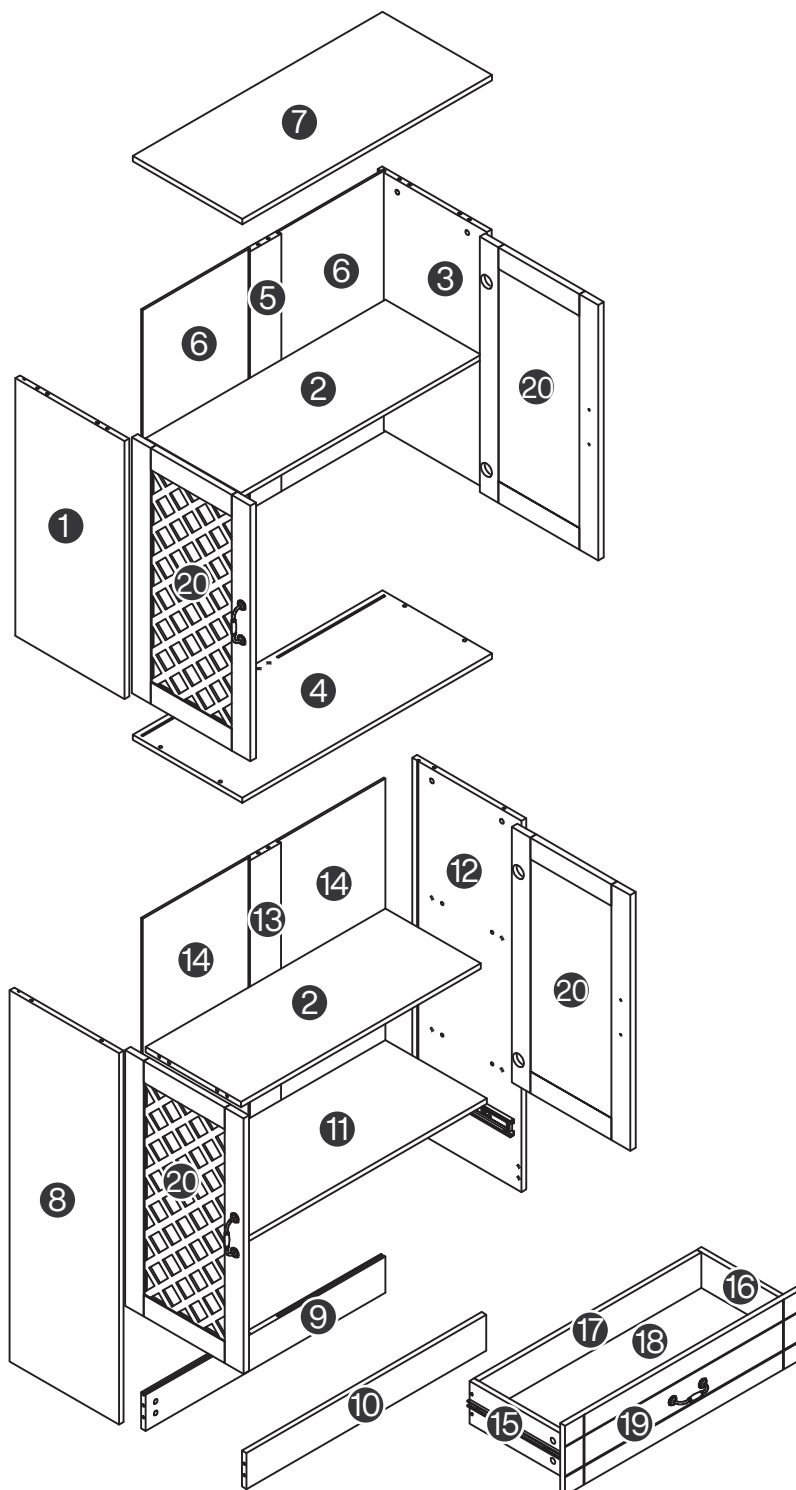

If an electric screwdriver is used, reduce power and torque to avoid damage to the product.

Install the Anti-Tip Kit

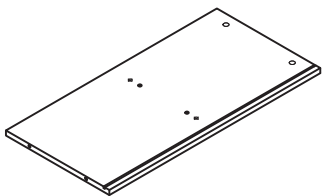

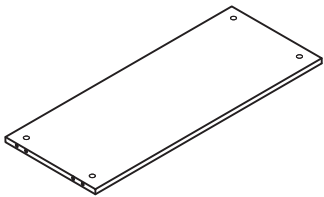

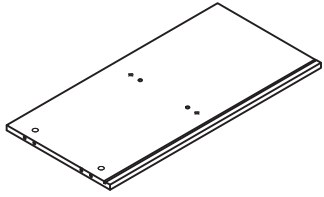

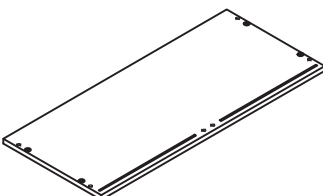

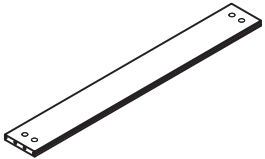

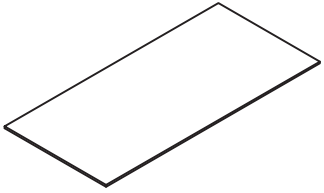

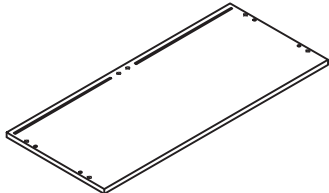

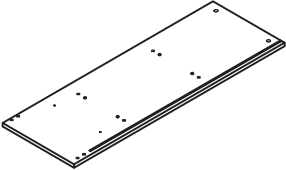

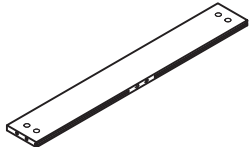

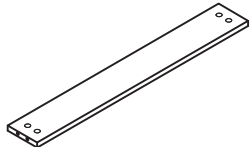

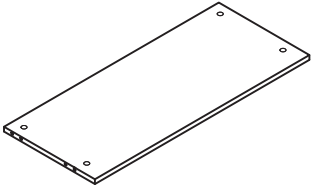

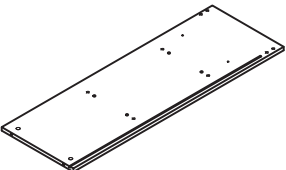

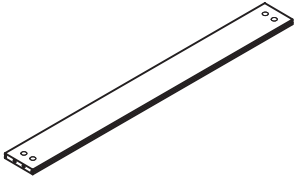

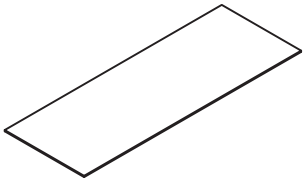

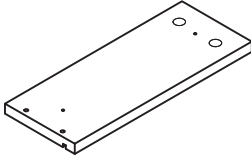

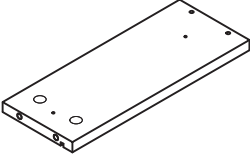

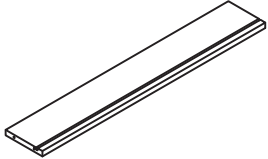

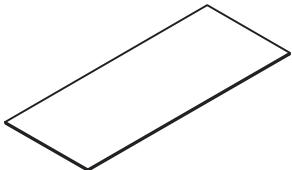

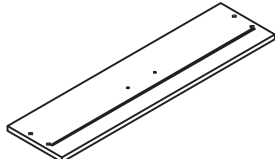

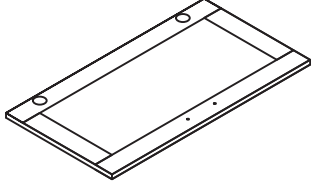

Using the anti-tip Kit can reduce the risk of tipping over, but can not eliminate it.

**⚠ Caution**

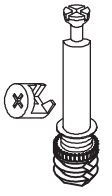

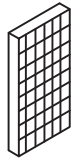

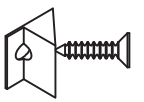

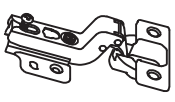

Make sure all parts are included. Most board parts are labeled or stamped on the raw edge. Contact us for a free replacement if you encounter any damaged or missing parts.

To pull out the drawer, find the hook-shaped latch, press down (on both sides of the drawer) and pull the drawer out.

If the drawer doesn't fit perfectly, loosen the slide screws, adjust the slide's position slightly, then tighten it again.

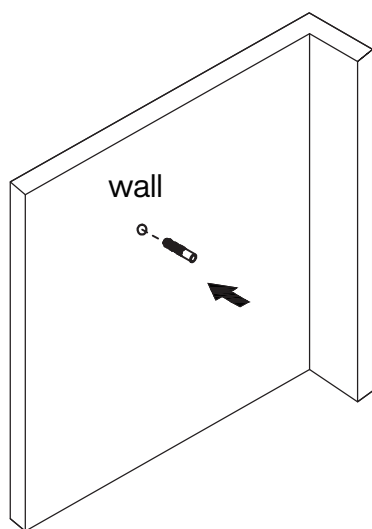

26

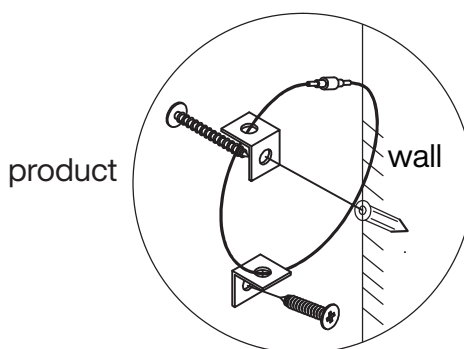

Attach one bracket (c) to the back edge of product's top using screws (a).

Secure another bracket (c) on the wall using screws (b).

Insert the expansion bolts (d) into the pre-drilled holes.

Position the furniture product close to the wall. Install the zip tie (e) through both brackets.
