Bean Bag Chair More Comfy & Fun

Wish you have a good day !

This bean bag chair is filled with crushed polyurethane foam. It is vacuum-compressed and hermetically sealed for shipping.You maynotice a mild natural material odor upon firstopening. This is normal and non-toxic. Remove all packaging and air out for 48-72 hours for the smell to dissipate.

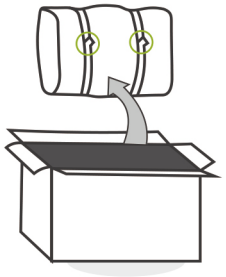

Please allow 48-72 hours for full shape recovery after unpacking. Also please kindly understand that it will be hard to repack to the original box once it open. Should you encounter any problems during purchase or use, feel free to reach us for prompt assistance.

1 PULL THE TABS

From the vacuumed pack. No need for scissors!

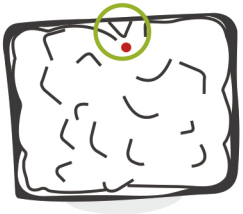

2 REMOVE THE CUSHION

From the protective textile layer.

3 LOOK FOR THE RED DOT

Cut a “V” cut into the plastic bag carefully.
Do the same with the second one.
Remove the chair shape from the plastic bag.
The cushion will start expanding slowly.

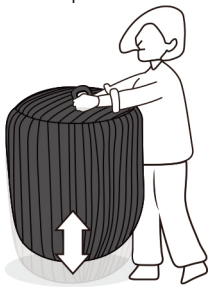

4 RUB & PAT

Put on the cover and then to help the foam expand and distribute inside perfectly. Rub the inner foam and pat it gently.

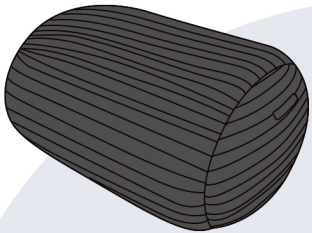

5 SHAKE! SHAKE! SHAKE!

Shake the bean bag chair up and down to expand the foam.

6 WAIT AND THEN ENJOY

Wait 48 hours for the bean bag becoming supportive totally. Then enjoy it!

Note: New foam material may have a subtle inherent material scent. Fresh-air exposure will help it fade.
