

NATIONWIDE IRON WORKS
HANDCRAFTED IRON PRODUCTS

Specifications

Doors Shown are Examples

The doors displayed are representative examples. Design properties and proportions may vary based on the specific dimensions, handling, and metal finish you select.

Color Finish Disclaimer

Please note that the door color finish may appear differently depending on the device you're using to view the product. Actual colors may vary slightly from what you see online.

Door Size Measurement

The door sizes listed refer to the outer dimensions of the jamb rather than the actual door slab.

For example, a 72" x 81" door means:

72" is the total width from the outside of the jamb to the outside of the jamb.

81" is the total height from the top of the jamb to the bottom of the built-in steel threshold.

Rough Opening Requirements

To ensure a proper fit and facilitate easy installation, please follow the following guidelines:

Your rough opening width should be ½" to 1" wider than the listed door width.

Your rough opening height should be ½" to 1" taller than the listed door height.

Pre-Installed Accessories

All our doors come with the following pre-installed accessories, designed to make the installation process quick and easy:

- Door threshold
- Roller catch
- Window knob
- Door sweep
- Sill
