

STELA SCULPTURE

ASC47

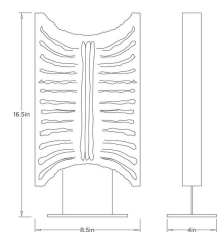

H: 16.5 IN

W: 8.5 IN

D: 4 IN

Evoking the weathered beauty of an architectural plaque, the Stela Sculpture serves as a compelling exploration of texture and form. Crafted from sand resin, its tactile surface emulates the gritty, timeless quality of ancient stone ruins. Whether styled on a bookshelf or console, this piece adds a sophisticated sense of history and structural depth to modern interiors.
