Fresh Take 1

D884S17674-1605

Fresh Take is a skillful work on canvas that recalls the work of Dutch American abstract painter Willem de Kooning who played a significant role in the development of Abstract Expressionism, a movement that emerged in the mid-20th century in the United States.

In this work, a fragmented figure conveys the expressive potential of strong lines and shapes. The understated color scheme in ivory, smoke grey, charcoal, and pale celadon adds to the work's emotional power. A sensual display of intimacy in an abstract form. Fresh Take creates a bold narrative with a neutral palette in this original piece for ART by TA.
