#### Installation:

- 1. Disconnect power at main electrical panel before installation.
- 2. Follow the illustration steps in the assembly drawing to assemble
- 4. Make wire connections.
- 5. Apply Mounting Screws onto the Mounting Bar and securely mount Mounting Bar to the Outlet Box.
- 6. Push Canopy through the Nipple and securely tighten the Swivel Joint to connect Canopy to the ceiling.
- Turn on power at main electrical panel upon completion of the installation.

# NOTE: Make sure chain supports the weight of the lighting fixture and no weight is no either supply or ground wires.

### **Grounding Instruciton:**

- a). On fixtures where mounting plate is provide with a hole and two raised dimples. Wrap ground wire from outlet box around green ground screw and thread into holes.
- b). On fixtures where a cupped washer is provided, attach ground wire from outlet box under cupped washer and green ground screw, and thread into mounting plate. If fixture is provided with ground wire, connect fixture ground wire to outlet box ground wire with connector after following the above steps.
