

INSTALLATION MANUAL

RAIN SHOWER HEAD

Package Includes:

- 1 X Rain Shower Head
- 1 X Wrench
- 1 X Teflon Tape
- 1 X Extra Water Filter
- 2 X Additional Silicone Nozzles

Installation:

Step 1

4-5 wraps counterclockwise

Step 2

Tighten with wrench and adjust the angle you like

Note:

- 1) This rain shower head is a little heavy, please make sure that the connection of the shower head is tightened to prevent the shower head from falling and hurting people.
- 2) If your strength can't tighten or leaking, please use the wrench to tighten the connector. Please take a piece of cloth wrapped in the connector in case of scratch. Please check whether any important parts are missing after installation, especially the water filter.

Recommend:

We strongly recommend that you select the correct adjustable shower arm for installation, don't choose small curved shower arms that is only suitable for small shower head.
