

Installation instructions

tool					
quantity	one	one	two	two	eight

Flat plate installation method

Suitable for flat bed (the same height of bed board and bed edge), leather bed, etc

Each guardrail is provided with two pieces of thickened mounting feet and two sets of mounting screws
The foot and handrail are produced in different batches with slight color difference, and very few of them may have paint defects
But does not affect the appearance and service life, mind please carefully shoot!

Embedded installation method

Suitable for built-in bed (that is, the bed edge is higher than the bed board), etc

Folding guardrail
