

28.25" aged charcoal finished metal wall clock with moving gears and antique brass finished decorative rivets.

Aged off-white dial with aged black inner and outer rings.

Black Arabic numerals and hour markers are outlined in gold.

Open center with satin gold background and moving antique brass-finished gears.

Moving gears are incorporated into the clock's design, enhancing the overall dynamic while creating an attention-grabbing focal point.

Quartz, battery-operated movement requires one AA and four C batteries (not included).

Glass lens.

Flat black finished spade style hour and minute hands.
