

MANUFACTURER, WHOLESALER AND DISTRIBUTER OF BATHROOM EQUIPMENT

ABOUT US

We was founded with a vision to develop products based on the concept of sustainability. Our dedication to those principles, and philosophy of manufacturing with the lowest possible impact on the environment, while using the most advanced technologies, have made our company a reference point for the bathroom industry.

All our furniture is formaldehyde free.

We strive to help make your store stand out by developing a unique product mix, helping to build your store's identity and bringing customers through the door. In this extremely competitive market, your company has to offer unique products of the highest quality at the most competitive prices. We have distribution warehouses in USA , where we have most of our products in stock and ready to ship. Drop ship is also available for online retailers.
