

**ASSEMBLY INSTRUCTIONS / INSTRUCTIONS
D'ASSEMBLAGE / INSTRUCTIVO DE ARMADO**

1-01068

IMPORTANT : READ CAREFULLY - RETAIN FOR FUTURE REFERENCE

Top Tips before you start!

1. Please check that all parts are present before you start the assembly of your furniture, as once assembled, the furniture is exempt from our home approval policy.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as indicated on Page 1) to assemble your product safely.
4. We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
5. For the protection of your furniture, particularly items of high gloss finish, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
6. During assembly please take care not to over-tighten any fittings, as this may damage the product.

CARE AND MAINTENANCE OF YOUR FURNITURE

- Please periodically check all fittings and re-tighten as necessary.
- Please do not jump on your furniture.
- To clean your item, please use a damp cloth and wipe clean.
- Routinely check that the upper safety rail and ladder attachment is secure and tighten any fittings using the appropriate tools.
- This product is tested to meet BS EN 747-1:2024 standards. The maximum upper safe load is 70kgs or 155lbs or 11 stones.
- Please ensure that the mattress height does not go past the permanent mark on the post / upper safety barrier.
- The size of mattress to be use with this child's be is 920mm and 1910mm x 160mm.
- **WARNING!** Do not use the bunk bed/high bed if any structural part is broken or missing.
- **WARNING!** High beds and the upper bed of bunk beds are not suitable for children under six (6) years due to risk of injury from falls.
- **WARNING!** Bunk beds and high beds can present a serious risk of injury from strangulation if not used correctly. Never attach or hang items to any part of the bunk bed that are not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags.
- **WARNING!** Children can become trapped between the bed and the walls, a roof pitch, the ceiling, adjoining pieces of furniture (e.g. cupboards) and the like. To avoid risk of serious injury the distance between the top barrier and the adjoining structure shall not exceed 75mm or shall be more than 230mm.
- Always follow the manufacturer's instruction.
- The ventilation of the room is necessary in order to keep the humidity low and to prevent mould in and around the bed.

WARNING

TO HELP PREVENT SERIOUS OR FATAL INJURIES FROM ENTRAPMENT OR FALLS:

Safety Warnings:

1. Always use the recommended size mattress or mattress support, or both, to help prevent the likelihood of entrapment or falls.
2. Ensure thickness of mattress does not exceed 6”(160mm).
3. Surface of mattress must be at least (160mm) below the upper edge of guardrails.
4. Prohibit more than one person on upper bunk.
5. Always use the ladder for entering and leaving the upper bunk.
6. Do not use substitute parts. Contact manufacturer or dealers for replacement parts.
7. Use of a night light may provide added safety precaution for a child using the upper bunk.
8. Always use guardrails on both long sides of the upper bunk. If the bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.
9. The use of water or sleep floatation mattress is prohibited.
10. Keep these instructions for future reference.

STRANGULATION HAZARD

Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to hooks, belts, and jump ropes.
