Safety Information

Please read and understand this entire manual before attempting to assemble, operate or install the product.

• Before assembling your portable lamp, spread all parts out on a clean surface. Inspect each part for defects that may have occurred during shipping.

• This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

IMPORTANT: Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have occurred during shipping. If there is a defect in the wire, do not continue the assembly process.

Overview

Installation Instructions

Before beginning installation of this product, make sure all parts are present. Compare parts with package contents list and diagram. If any part is missing or damaged, do not attempt to assemble, install or operate this product.

Installation Guide:

1. Place the Lampshade(C) on the Socket(D) and tighten it clockwise with the Ring(B).

2. Install the A19 LED bulb(Not included) Into the Socket.

3. Plug into the wall outlet, turn on the switch and enjoy.
Online rocker switch: ON-OFF
