

ROLLING AERATOR

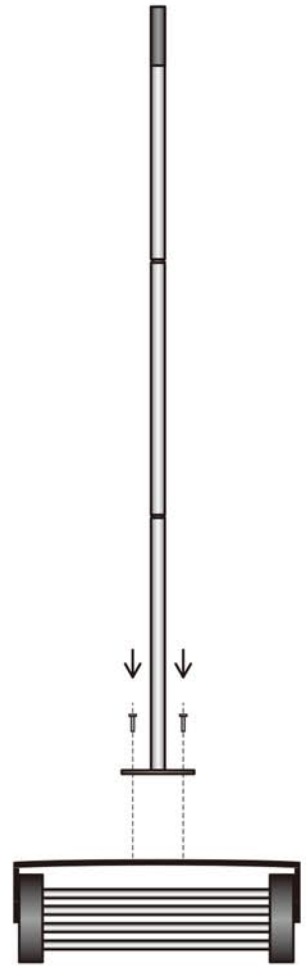

ASSEMBLY INSTRUCTIONS

1. Attach the three sections of the handle by inserting the top and bottom pieces into the middle piece until it snaps into place.

2. Position the base of the handle over the band with two holes on the top of the aerator.

3. Using the nuts and bolts provided, secure the handle tightly to the aerator.

Only hand tightening,
easy to fall off.

【 ATTENTION 】

There is a rubber ring on the inside of the nut, Be sure to use pliers, wrenches and other common tools to tighten it. The nut will easily fall off if you only tighten it by hand.

**YOUR ROLLING AERATOR IS NOW
READY TO USE!**
