

Owner Manual

IMPORTANT INFORMATION!

please read the entire manual before starting to assemble and/or using this product. follow the manual thoroughly and keep it for further reference.

AVOID SCRATCHES!

In order to avoid scratching this furniture should be assembled on a soft layer-could be a rug.

IMPROVE EFFICIENCY !

Try to find a partner to install with you, which can speed up the installation efficiency and shorten the time.

ANTI-TOPPLE WARNING !

Overtured furniture can cause serious or fatal crush injuries. To prevent tipping over, be sure to use the wall attachment, if not included with this product. Please purchase the wall attachment that fit your wall. If unsure, seek professional advice. Please read and follow each step of the instructions carefully.

IMPORTANT !

It is important that any product which is assembled using any kind of screw is re-tightened 2 weeks after assembly, and once every 3 months - in order to assure stability through-out the lifespan of the product.

For regular maintenance and cleaning of the product, for the frame, please use a rag dipped in neutral detergent to fully wipe it, and then dry it with a clean rag. For glass materials, wipe with a rag dampened with water glass cleaner, and then dry with a dry rag.

Please use proper tools for assembly. Using an electric screwdriver can accelerate the assembly speed, but please do not overtighten the screws.

APP Manual

1. Software Overview

1.1 Overview

The app is a mobile app to control LED strips by both IOS and Android phones. The traditional control ways like infrared, 433MHz, 2.4GHz and others old wired ways will be replaced by mobile phone control way with convenient, powerful and scalable features. Through this mobile APP, you can not only control the color, brightness and color temperature of the LED strips but also set up all kinds of fancy flash mode; Also this app can change the light of the LED strip according to the rhythm of the music. This app can set and control several LED strips through Bluetooth and the operation is very simple, easy to learn and easy to use.

1.2 Features

- Adjust color LED strips with 60,000 colors to change color and brightness and adjust monochrome LED strips to change brightness and color temperature
- Play music or turn on a sound playback device, you can let the light change the color and brightness with the rhythm of music, the music rhythm beautiful
- Inside multiple setting mode for color change and control LED strips without mobile
- Long distance control with omni-directional antenna, and many-to-many group control mode
- Once the connection is successful, connect automatically next time

1.3 Performance

The APP is easy to use as well as great compatible with all kinds of smart phones; After the actual test of hundreds of mobile phones verification, the compatibility is above 95% of mobile phones in the market. The app is small and convenient, it consumes fewer system resources, so the requirements of the mobile configuration are low. Control delay is small, the operation feels good, and light control is smooth with people's visual sense.

2. Operating Environment

This APP program requires phones of system above Android 4.3 and IOS 8.0. Mobile phone configuration is not limited.

3. Instructions

Note: Android version and IOS version download and use the same method, here in the Android version as an example.

- ① Connect LED color strip and controller, power on controller
- ② Start APP, search and connect controller
- ③ Enjoy the Bluetooth wireless control experience

Important Note:

Single Device Connection

The LED can only be controlled via Bluetooth using one smartphone at a time. It is not possible to control the LED with more than one smartphone simultaneously.

Switching Devices

Disconnecting Previous Device: To connect a new smartphone, you must first disconnect the Bluetooth connection from the previously connected phone.

Animation Effects:

- Colorful gradients, single and dual-color transitions
- Various single, dual, and multicolor flashing modes
- Dynamic color jumps
- Lights change with the beat of your music
