## Dressed Up 1

D2497S49937-4041

Dressed Up 1 is a strikingly large-scale work on canvas that interlaces the surreal with reality. A figure caught in mid-motion gracefully moves through a boundless expanse of water. Her long formal attire flows around her reinforcing the illusion of weightlessness. Texture is brought forward through diverse brushstrokes, patterns, and the use of light and shadow. An understated color palette employing a tonal grey scale in smoke, graphite, and charcoal enhances the surrealist feel of this splendid work. The bold, visual juxtapositions invite interpretations about the boundaries of reality, the fluidity of context, and the enduring resilience of the human spirit.

Inviting the unconscious mind forward, Dressed Up 1 uses surrealism techniques to capture the imagination in this work of art on canvas. An original addition to the exclusive ART by TA Collection.
