ASSEMBLY INSTRUCTIONS

Inventory of Parts

- a. Table top
- b. Long Axis Legs
- c. Short Axis Legs
- d. Bolts (5)

1) Place table top upside down on the floor.

2) Assemble the Long and Short axis legs into a "+" sign.

3) Place the assembled legs onto the bottom of the table top and screw the bolts through the legs into the table top.

4) Flip the table onto its legs with the help of a second person.

5) Pour ice cold drink.

6) Enjoy.

CARE AND CLEANING

Kindred furniture is finished with a proprietary blend of natural Tung oil created to ensure lasting beauty for generations of use. The penetrating finish sits below the surface creating a buttery, durable surface of polished American hardwood.

In the event blemishes occur (mainly from heat or sharp objects), a small reapplication of Kindred Maintenance oil with a fine (white) scotch-bright pad will polish away many of the fingerprints of life. Kindred finishes are food-contact safe.
