# Installation steps and precautions

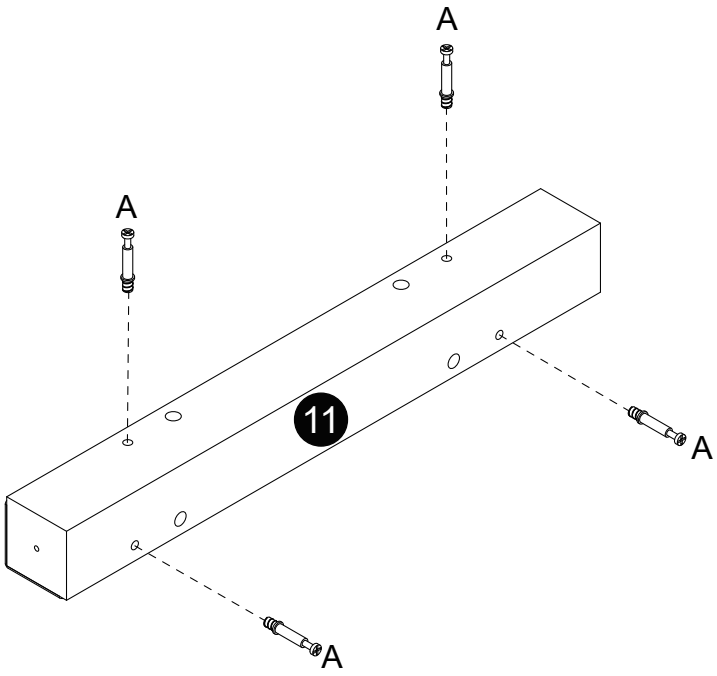

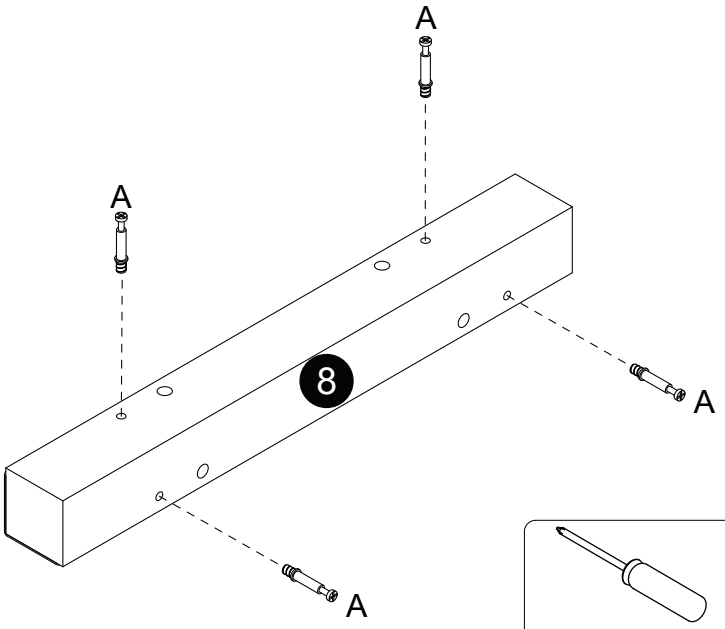

WARNING

Serious or fatal injury may occur from unexpected assembly or use.

1. During the assembly process, keep all parts away from babies or children.
2. Unless specially designed to accommodate, do not set heavy objects on top of this product.
3. Place the heaviest items on the lowest shelf.
4. Never allow children to climb or bang on drawers, doors or shelves.
5. Avoid getting water on the plate edges. If any liquid spills, wipe it dry immediately.

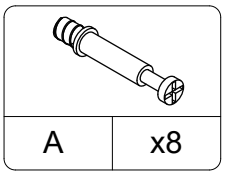

# STEP.1

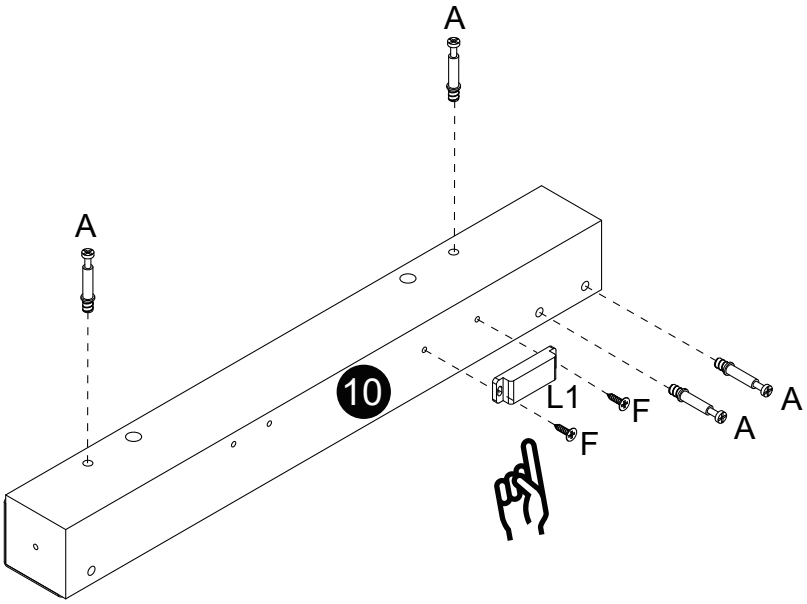

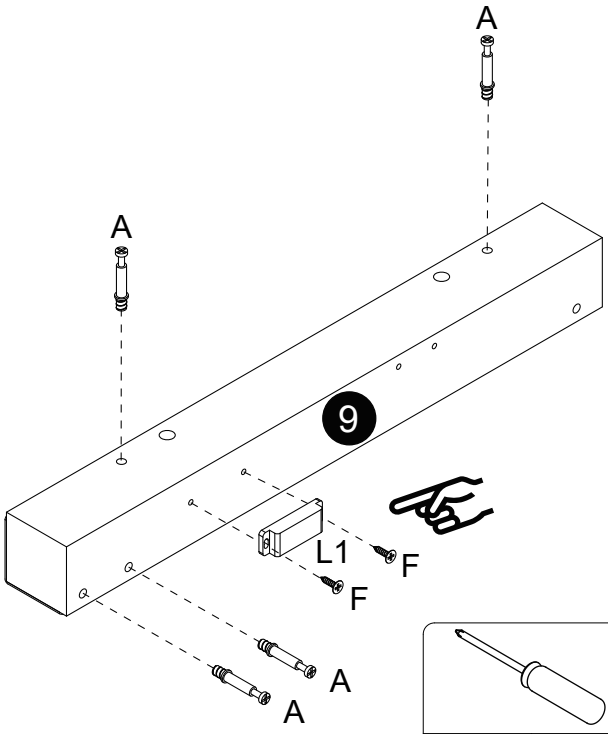

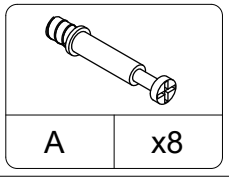

# STEP.2

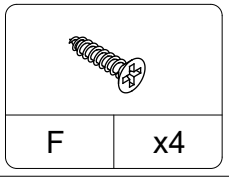

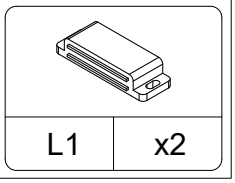

Please note the position and orientation of L1.
The view shows the back side.the magnetic side is on the front.

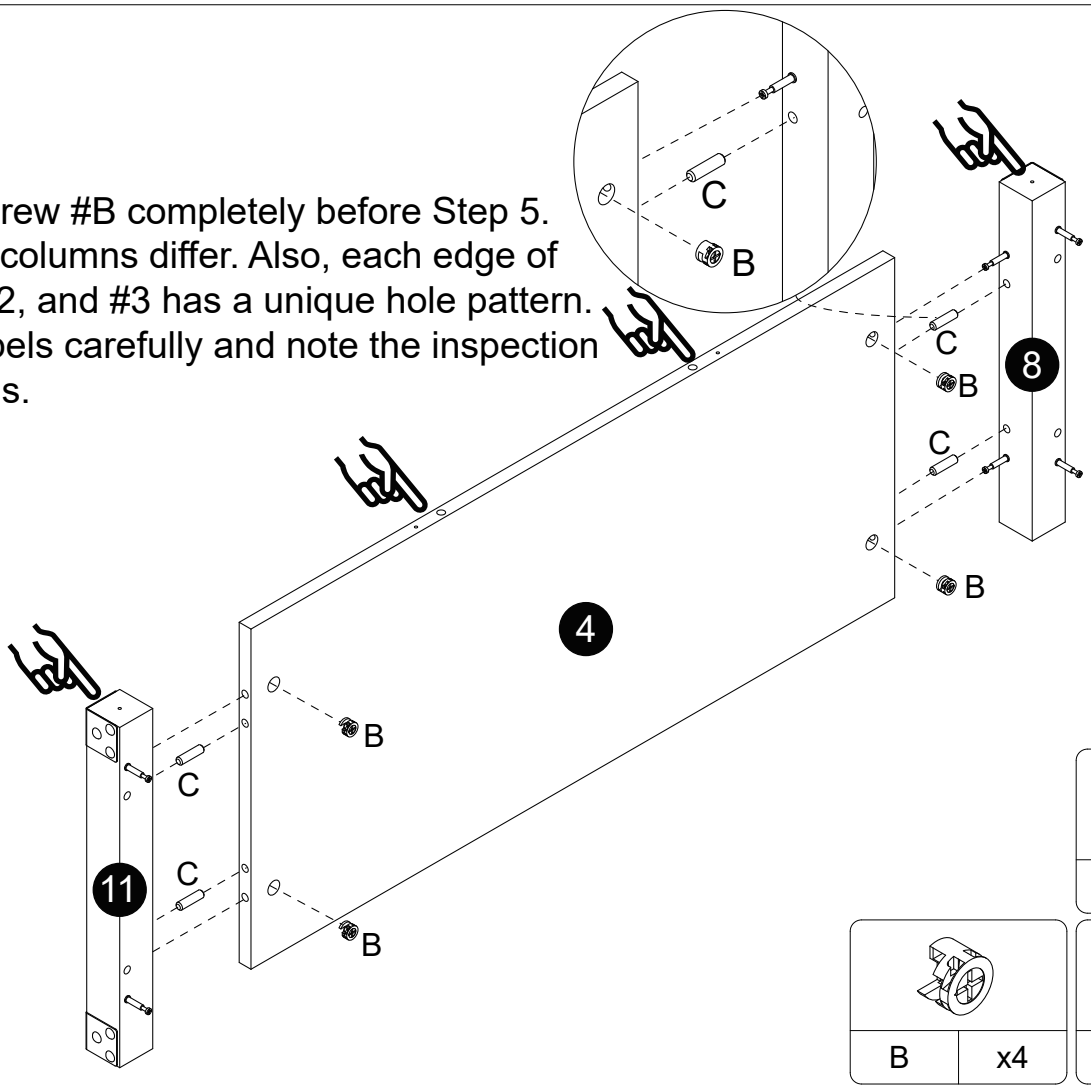

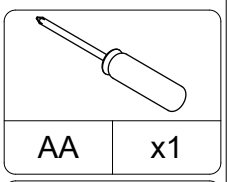

# STEP.3

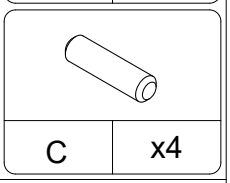

Please note:
1.Tighten Screw #B completely before Step 5.
2、The four columns differ. Also, each edge of panels #4, #2, and #3 has a unique hole pattern. So check labels carefully and note the inspection hole positions.

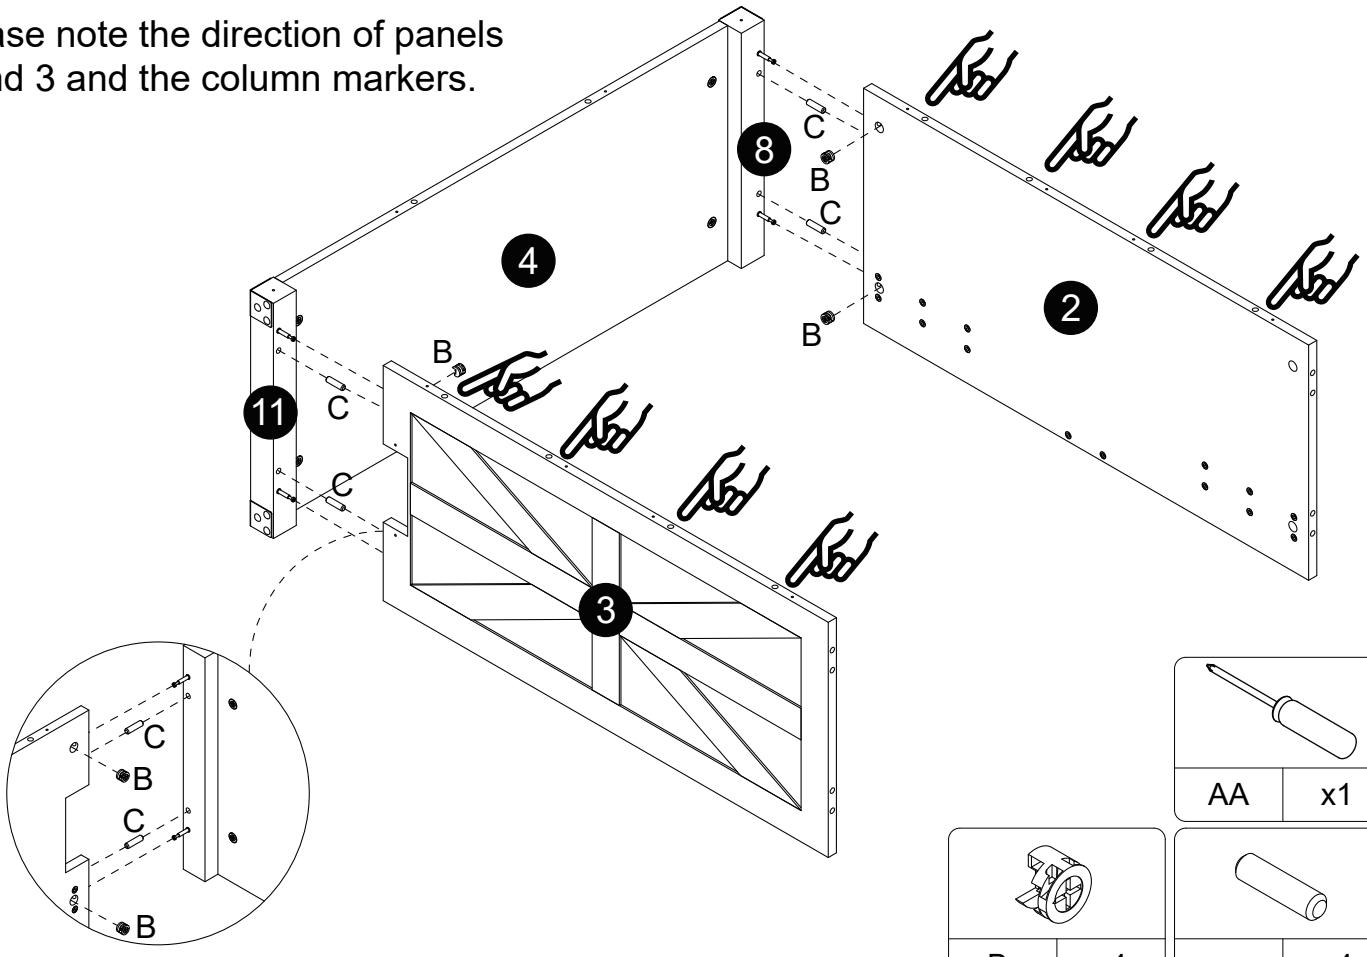

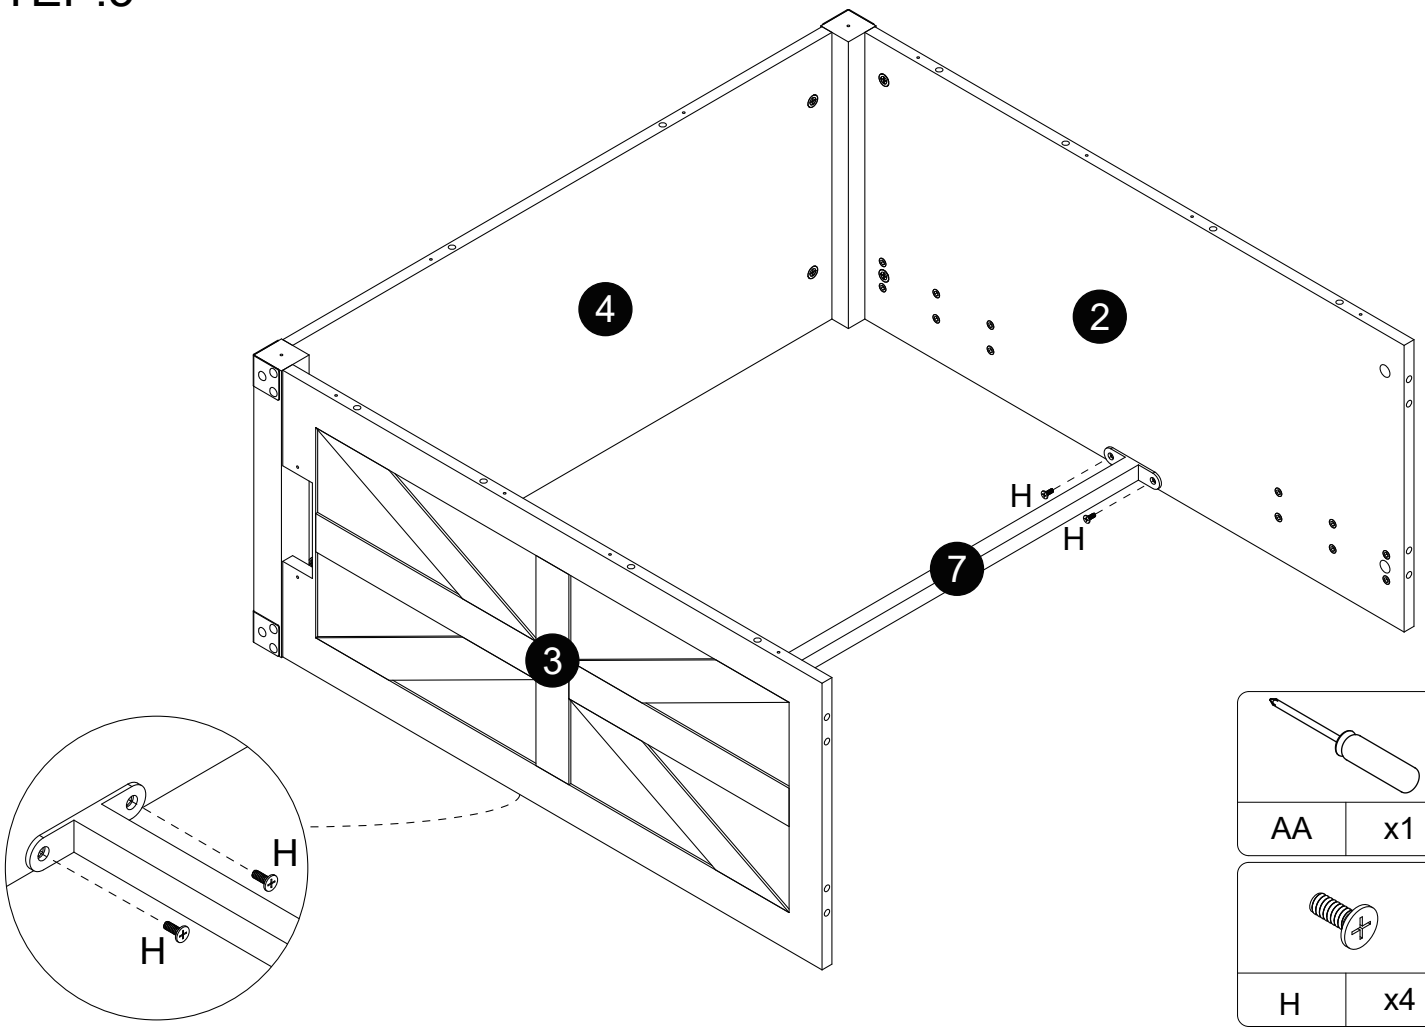

# STEP.4

Please note the direction of panels 2 and 3 and the column markers.

| | | | |
|---|---|---|---|
|  | AA | x1 | |
|  | H | x12 | |

# STEP.19

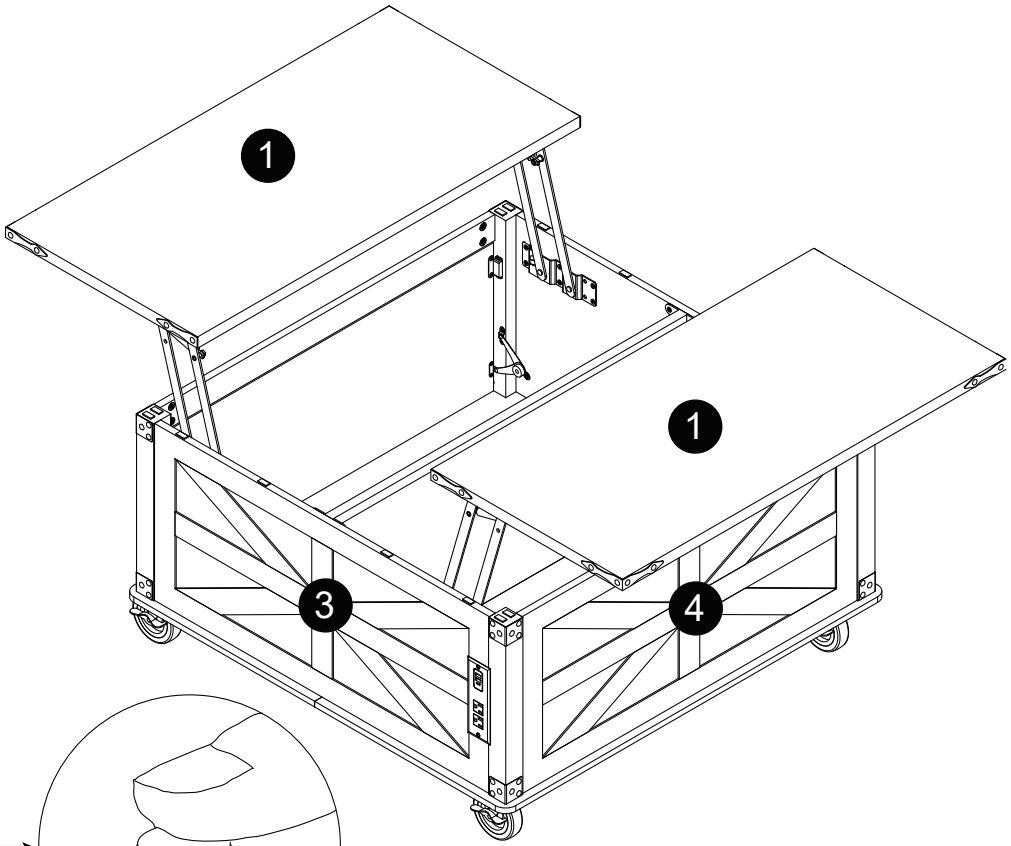

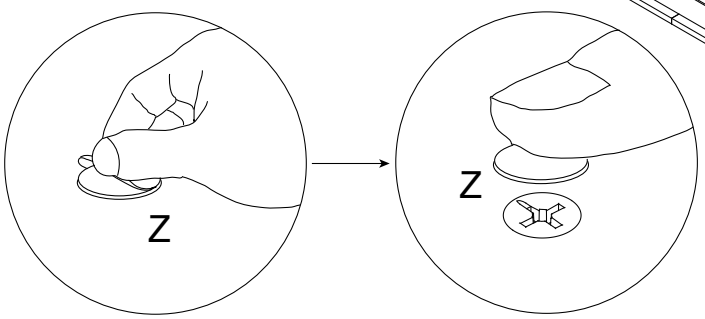

When installing the panel, two people are required to install it, one person to hold the panel steady, and one person to tighten the screws.

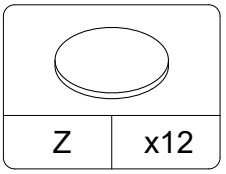

# STEP.20

Note that part Z should cover part B.

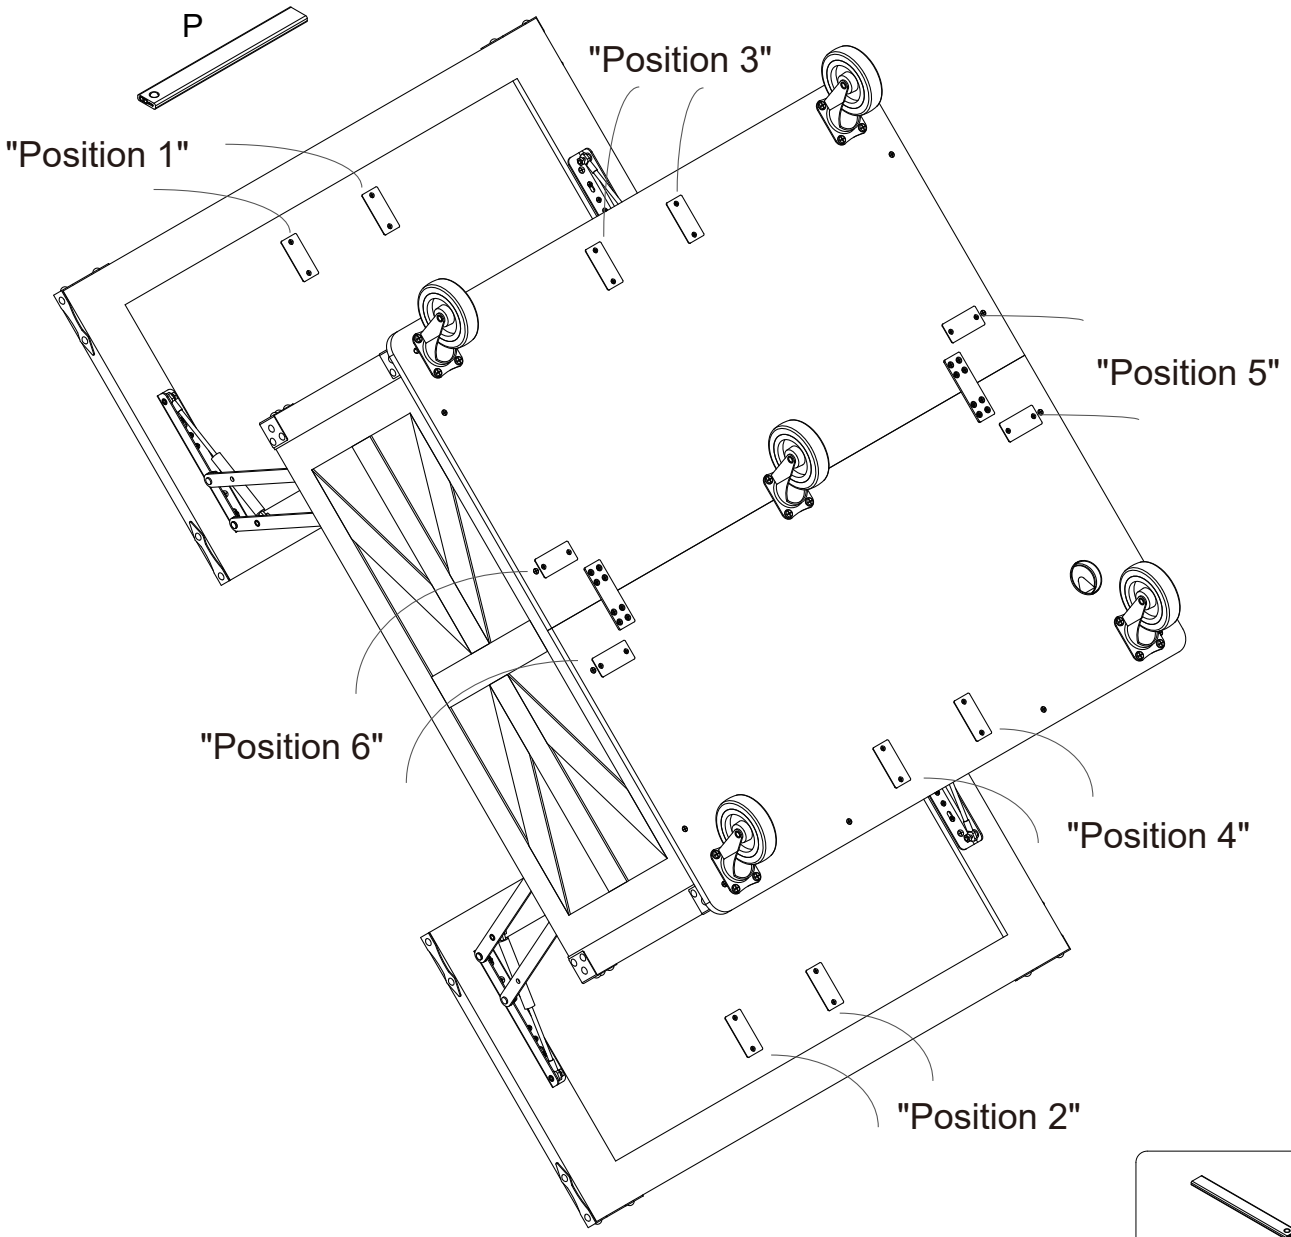

# STEP.21

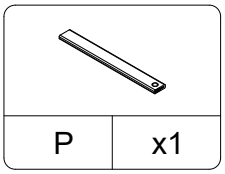

Tips:

①For detailed instructions on how to use the wireless magnetic human body induction light strip, please refer to the instruction manual inside the light package.

② This light can be adsorbed and fixed on any iron material thing.

③To make it convenient for you to use this light on the farmhouse coffee table, we have specially prepared 7 fixed positions for you to choose from. Please note that if it is attached to the table top or the internal iron bar, please gently close the table top so that the light strip will not fall off.

# STEP.22
