Assembly Instruction

LED light strip electronic accessories list

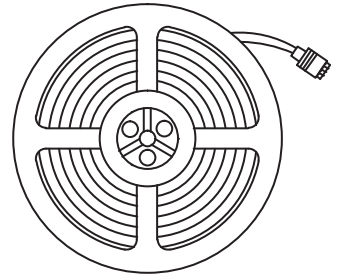

x1

Power cord

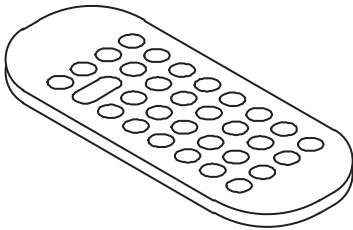

x1

Short light bar

x2

Long light bar

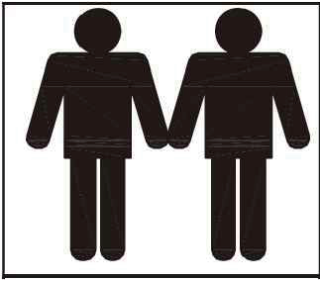

x1

Remote control

Note:

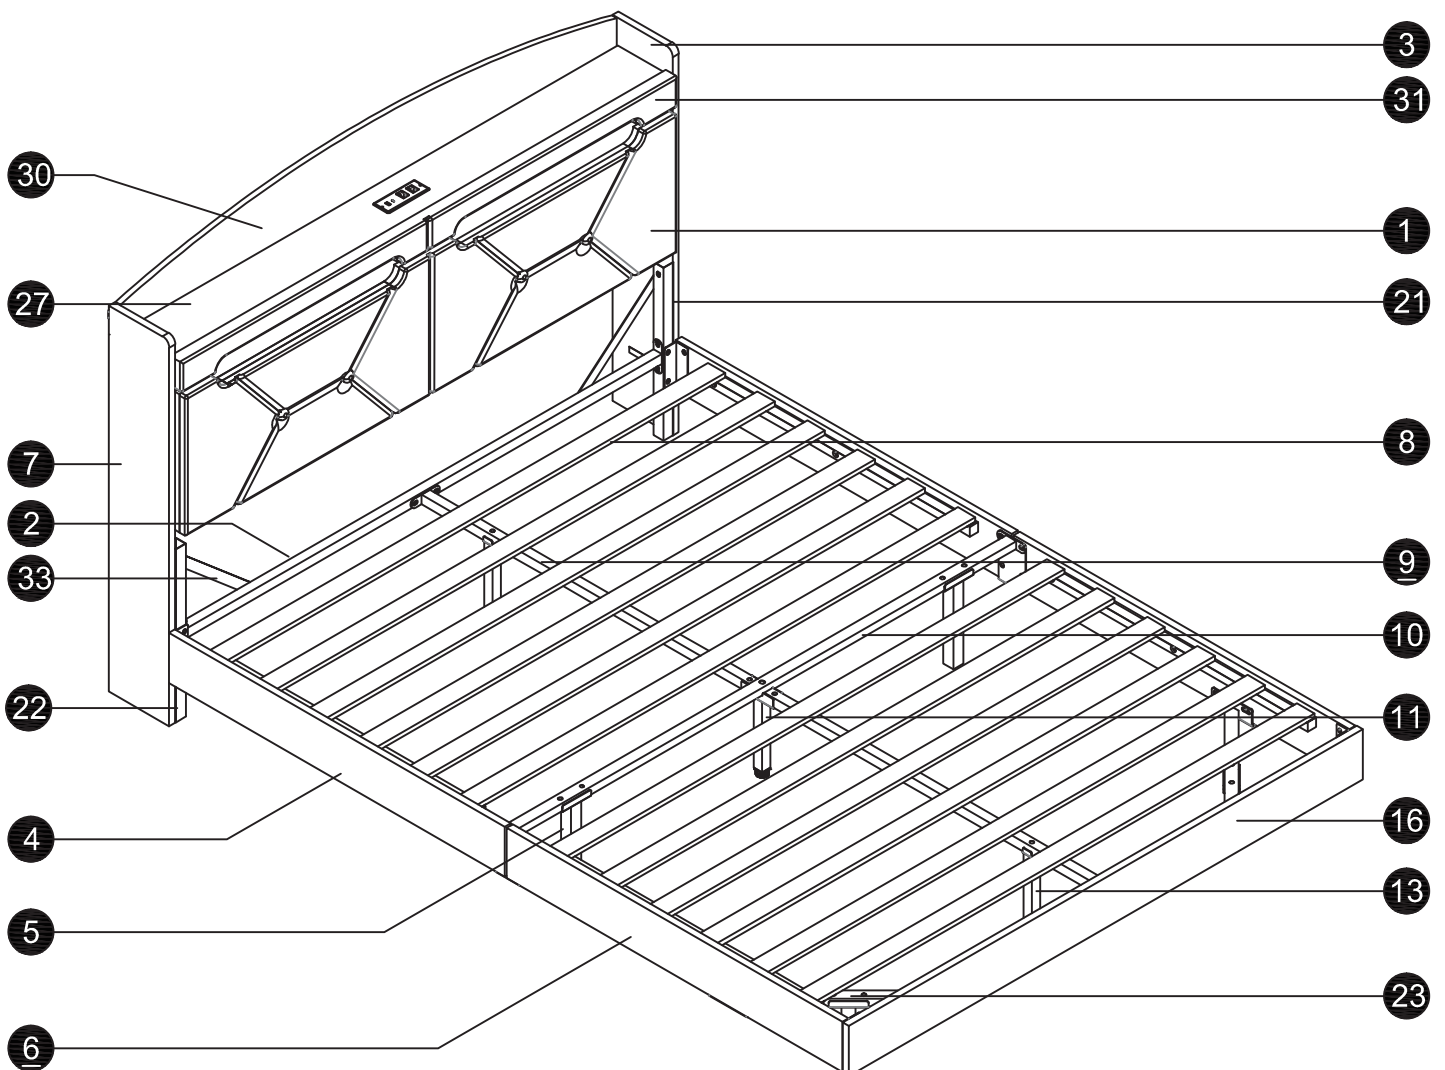

1. Should be assembled on flat ground to keep balance.
2. Before completing the installation, do not tighten the screws.

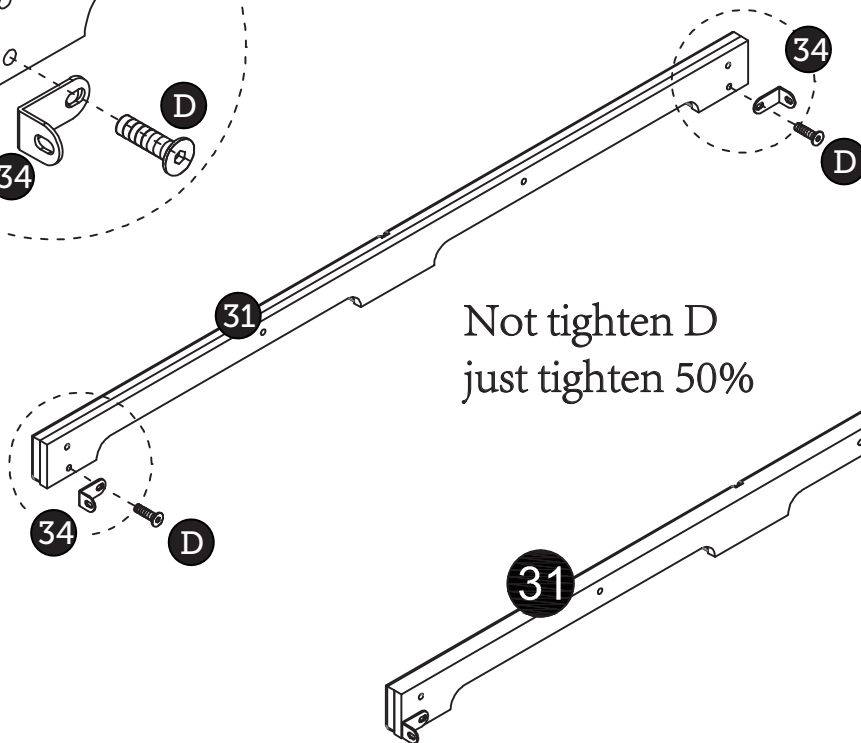

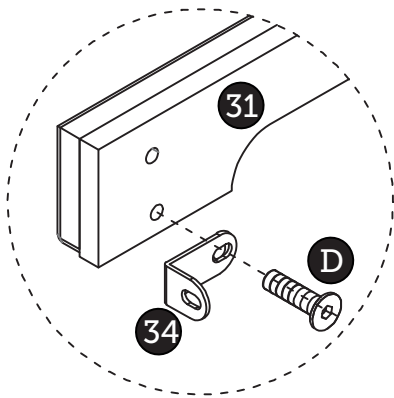

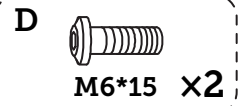

It needs at least two people to install.

Before starting the assembly, you must read the whole manual and follow the instructions

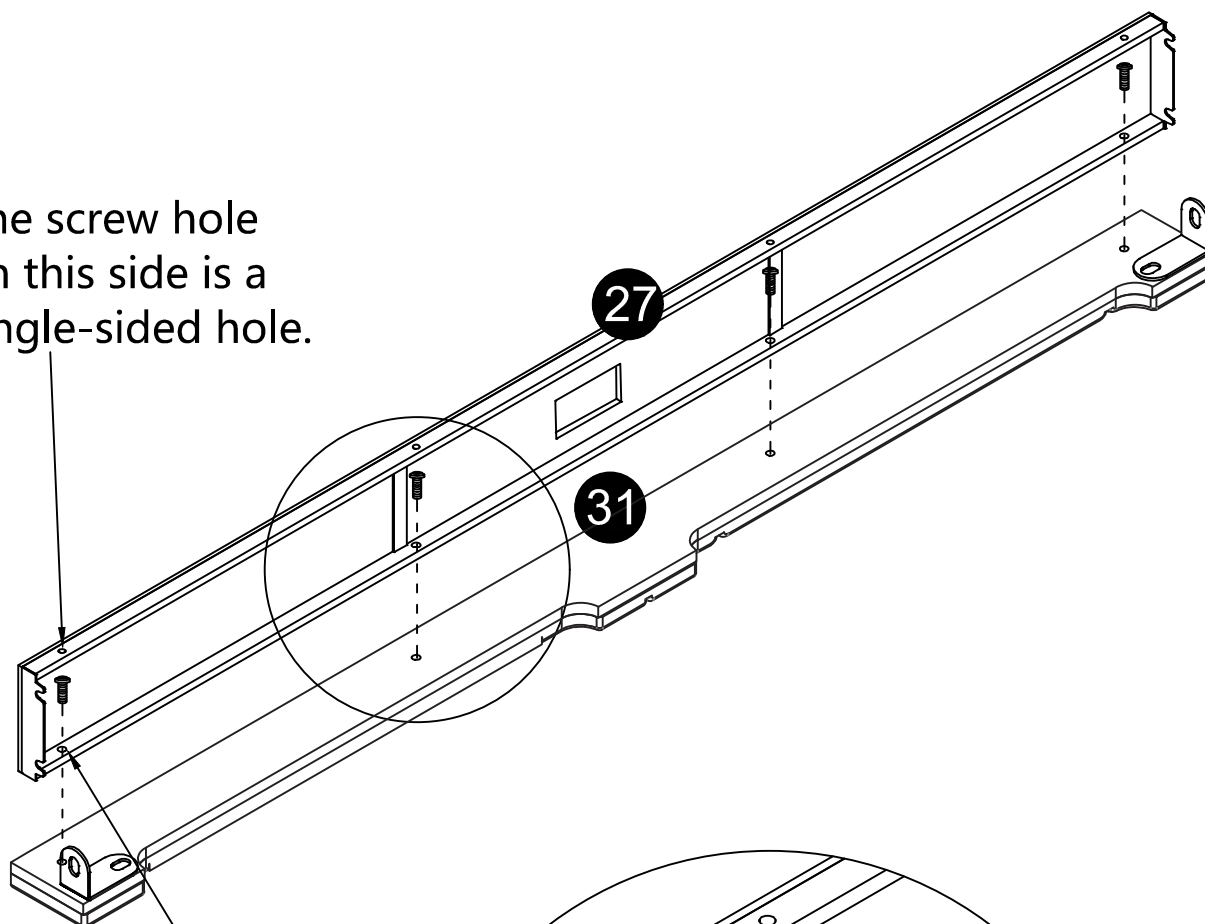

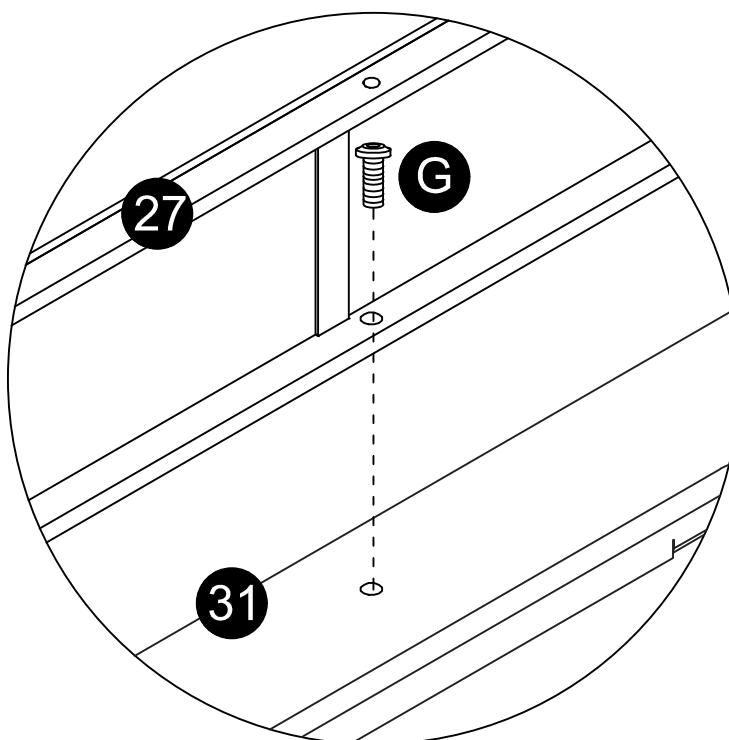

Not tighten D
just tighten 50%

Facilitates installation in later steps

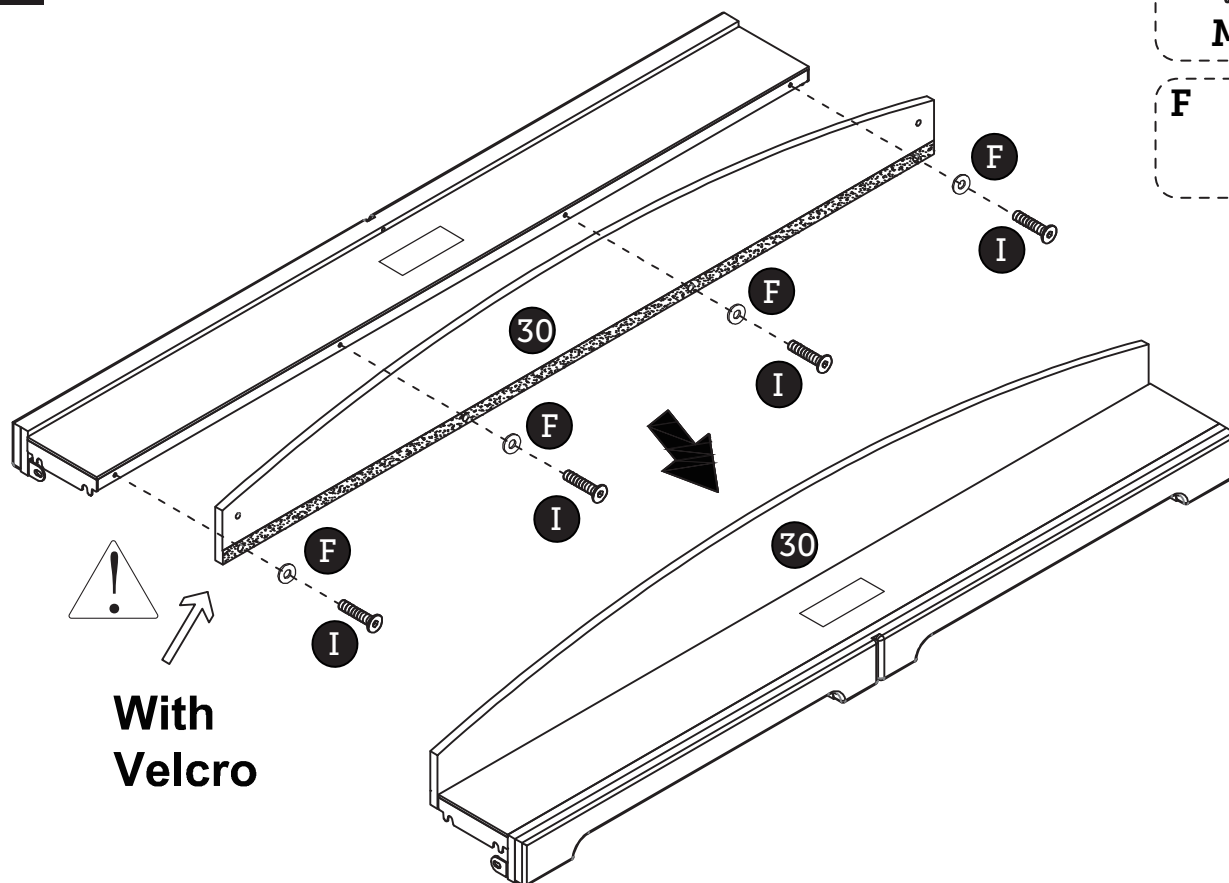

The screw hole
on this side is a
single-sided hole.

The screw hole
on this side is a
through-hole

1. Pay attention to the installation hole positions and do not install them incorrectly.
2. Do not tighten the screw.

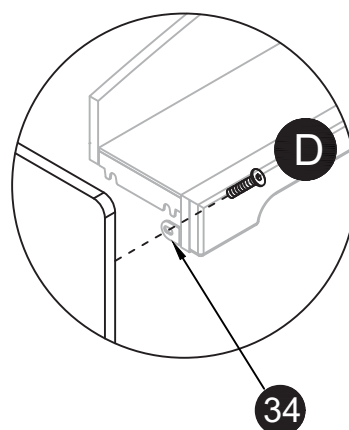

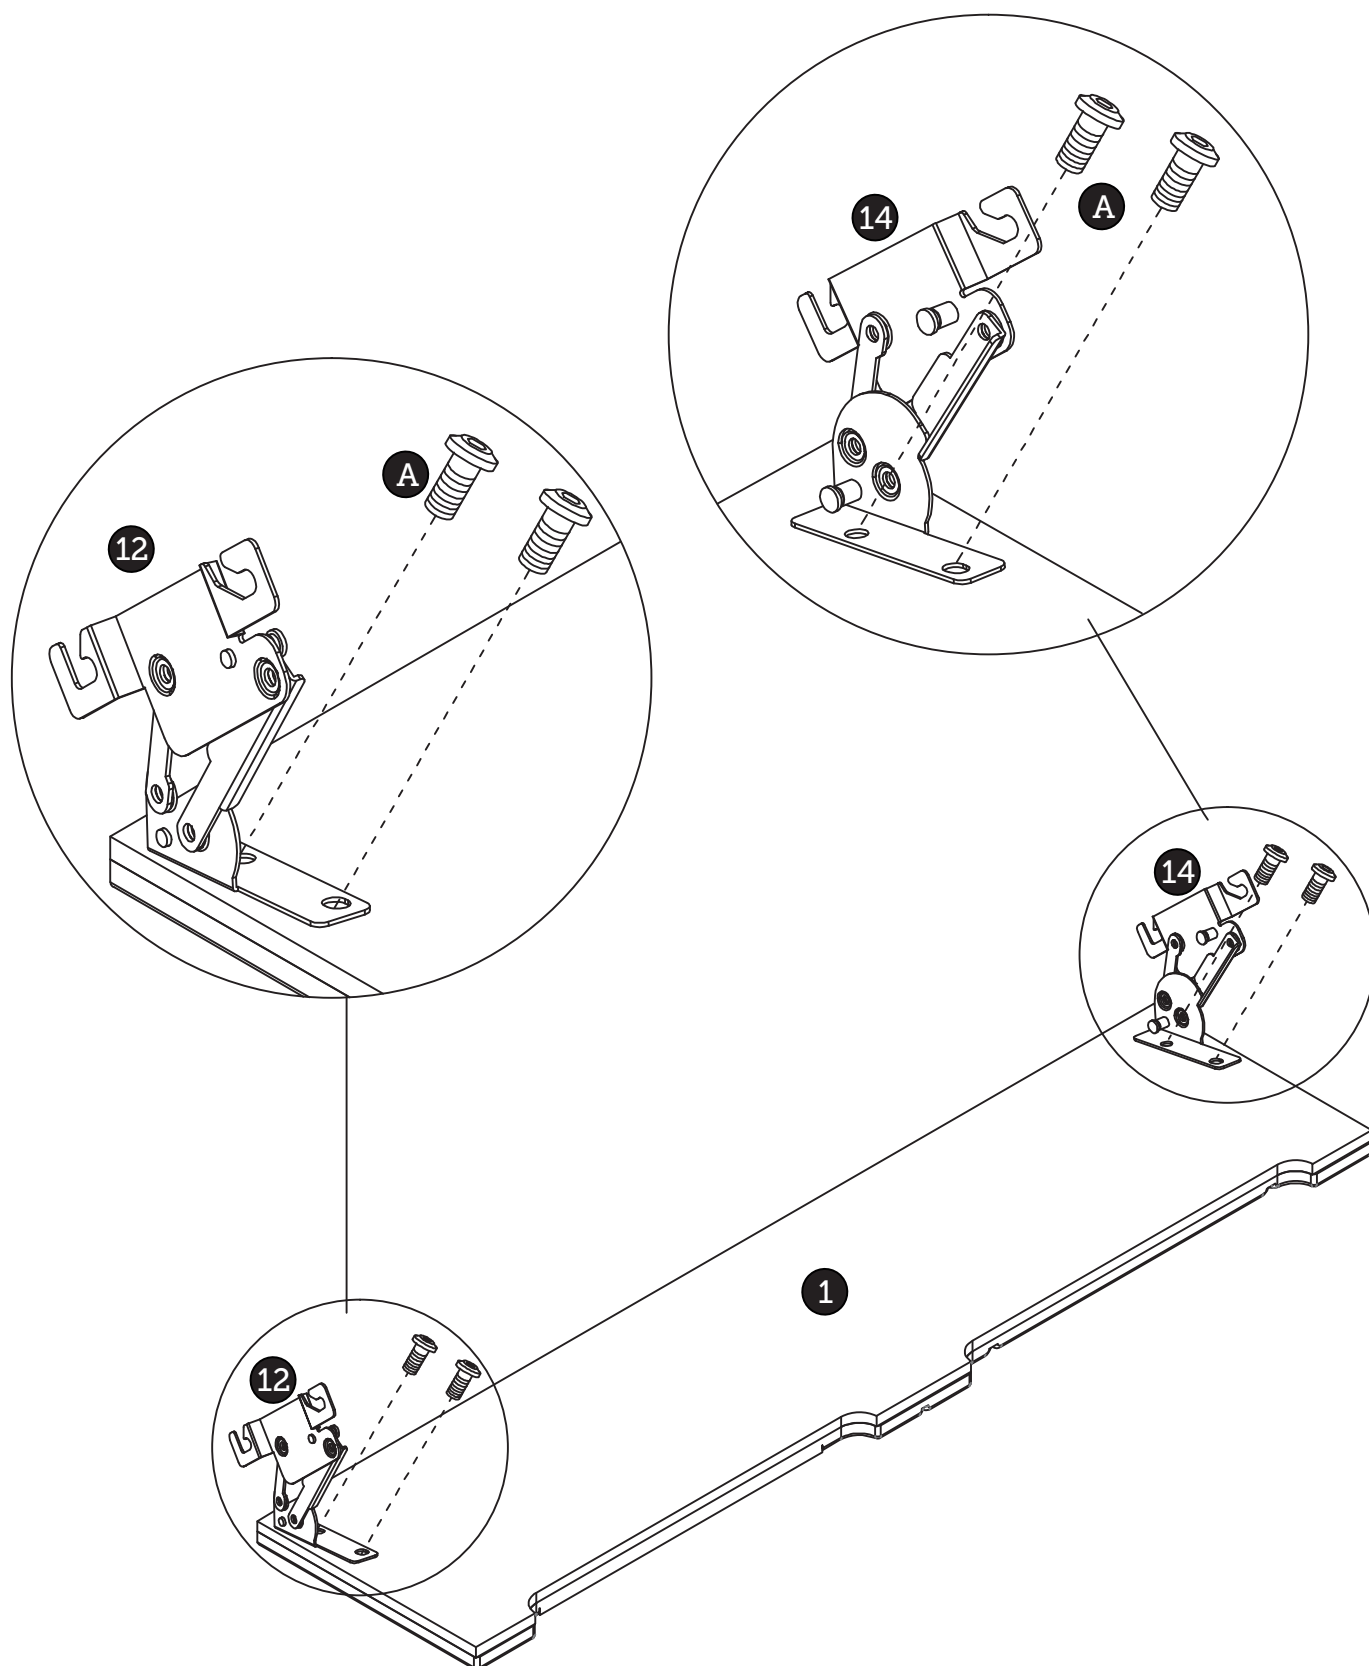

Back

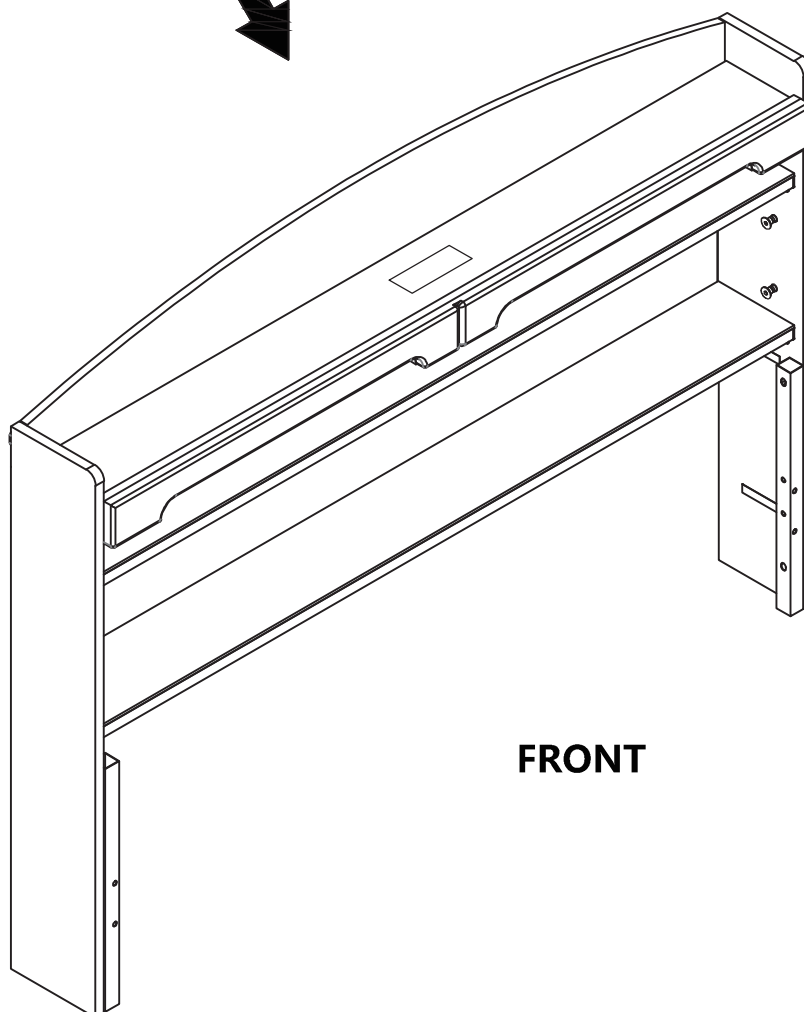

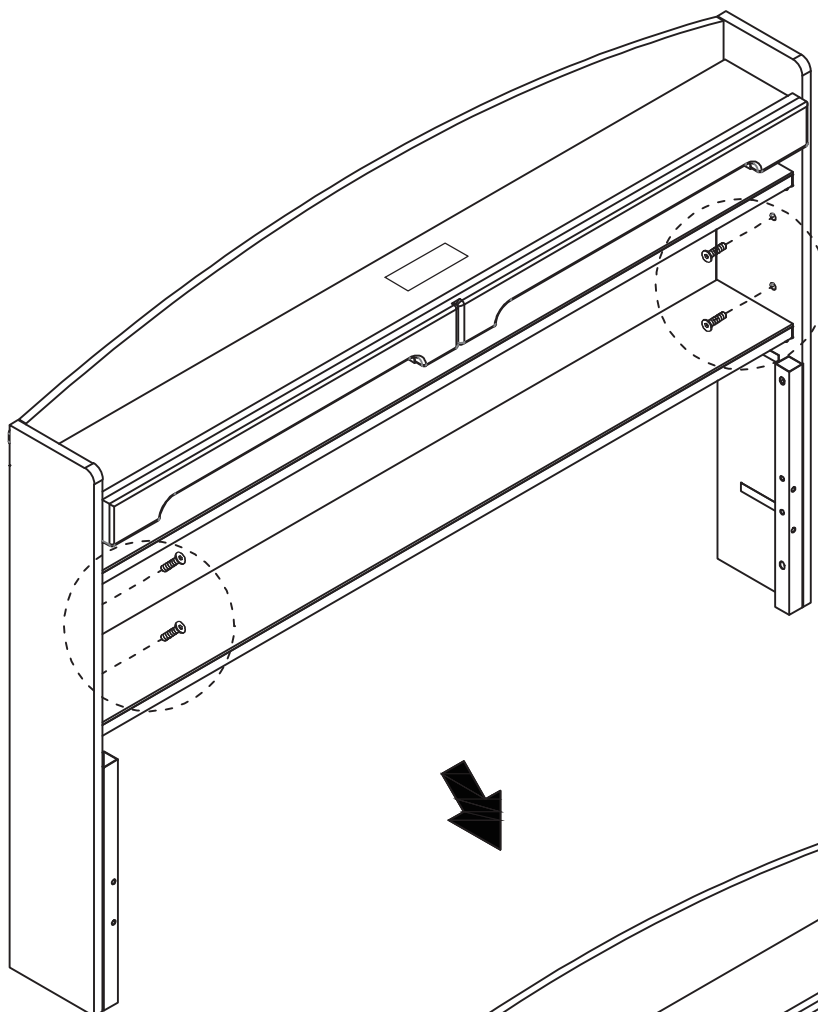

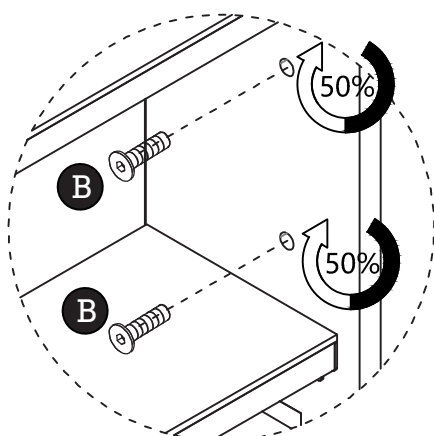

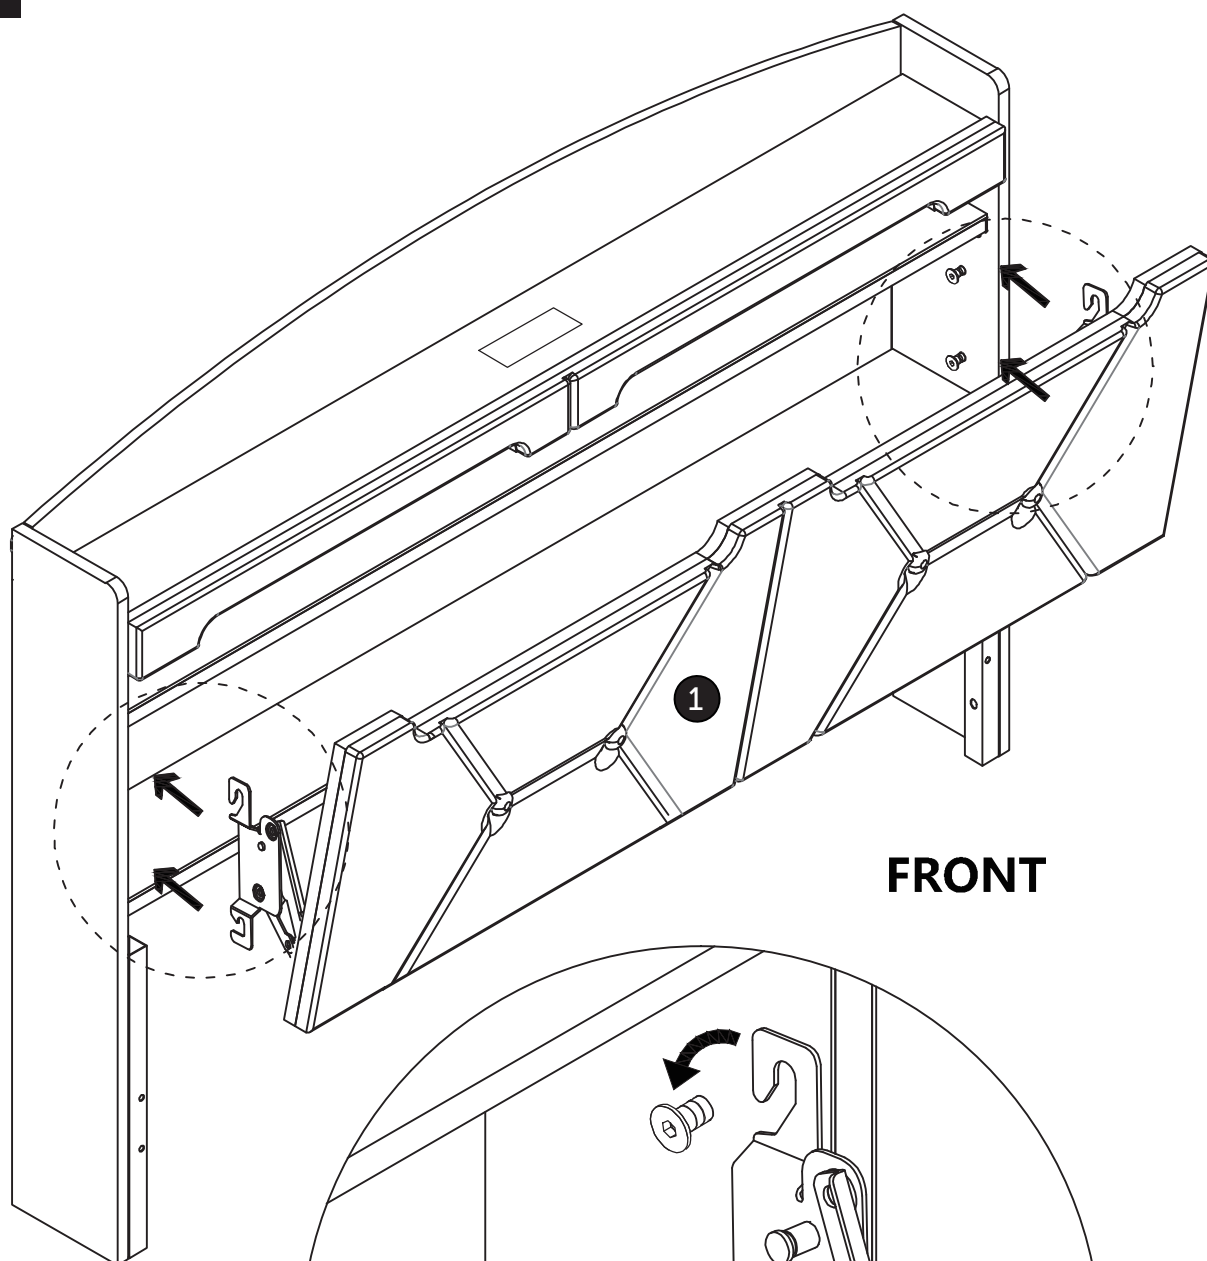

In **step 1**, the installed corner horse (34) should be locked with the side wing (3), (7), and locking on the back is more convenient

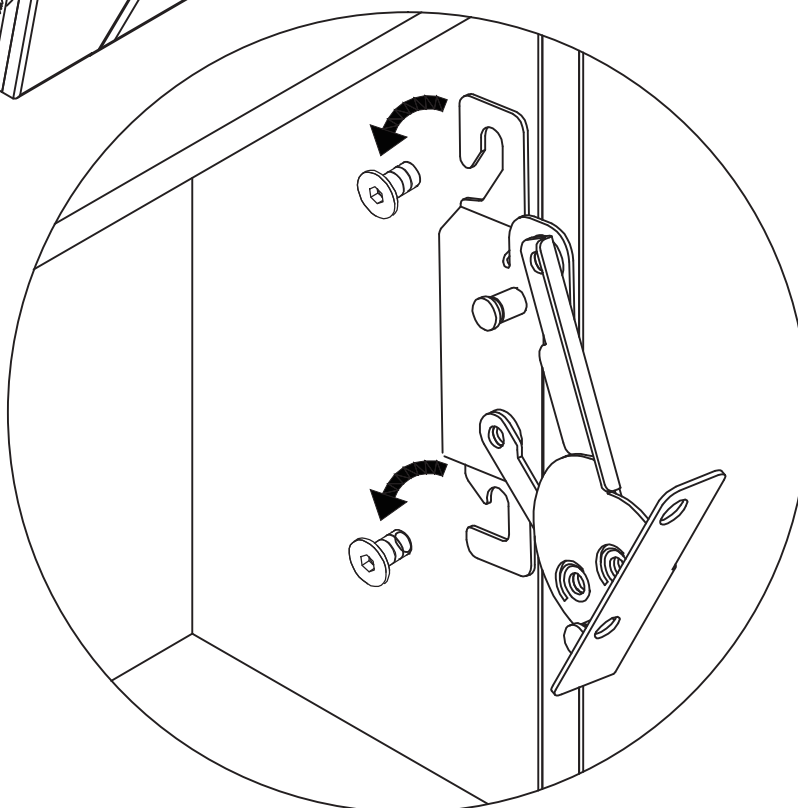

B M8*20**FRONT**

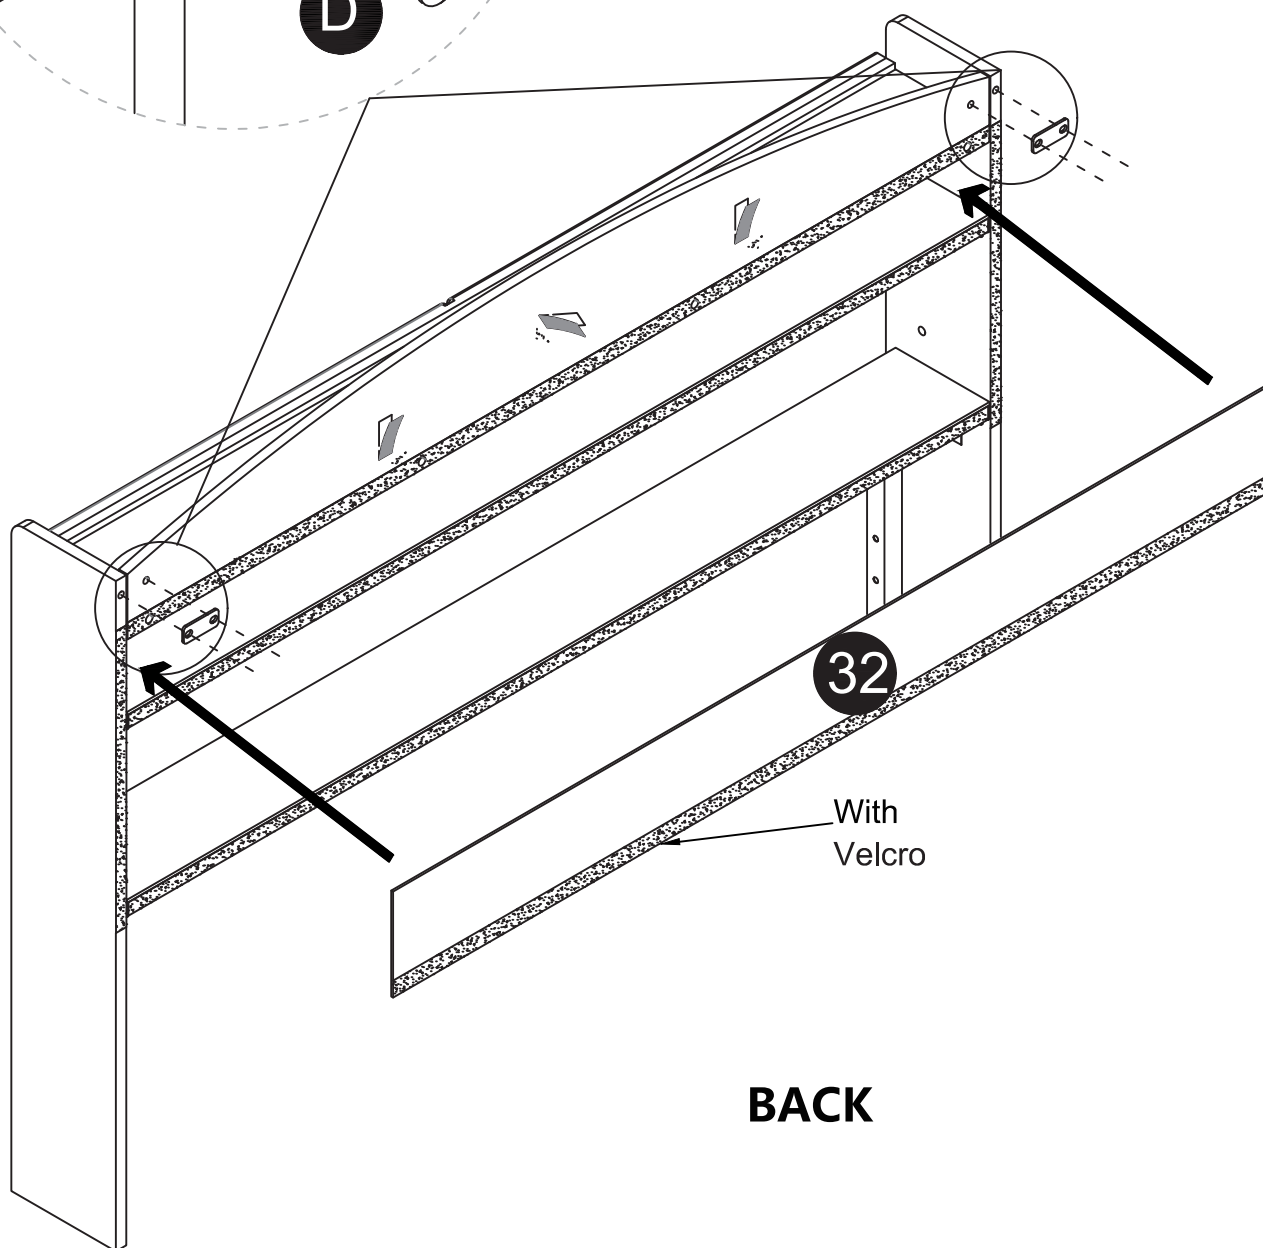

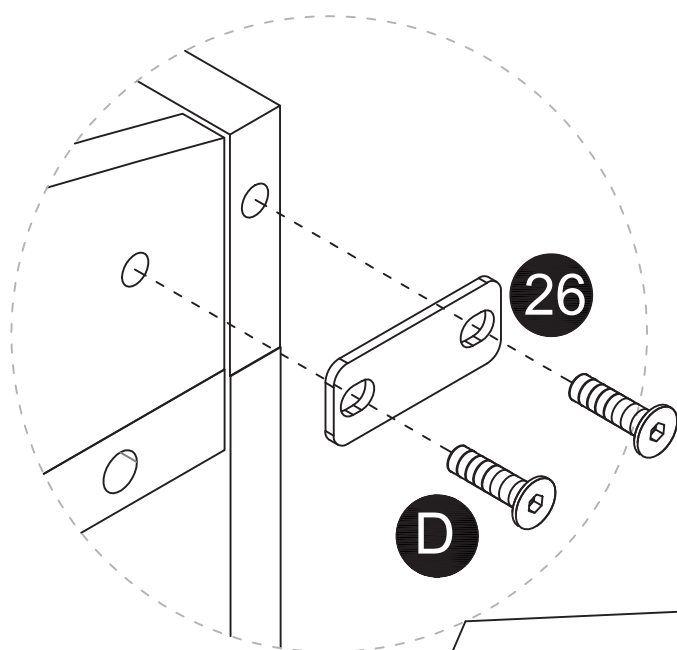

Lock first but do
not tighten

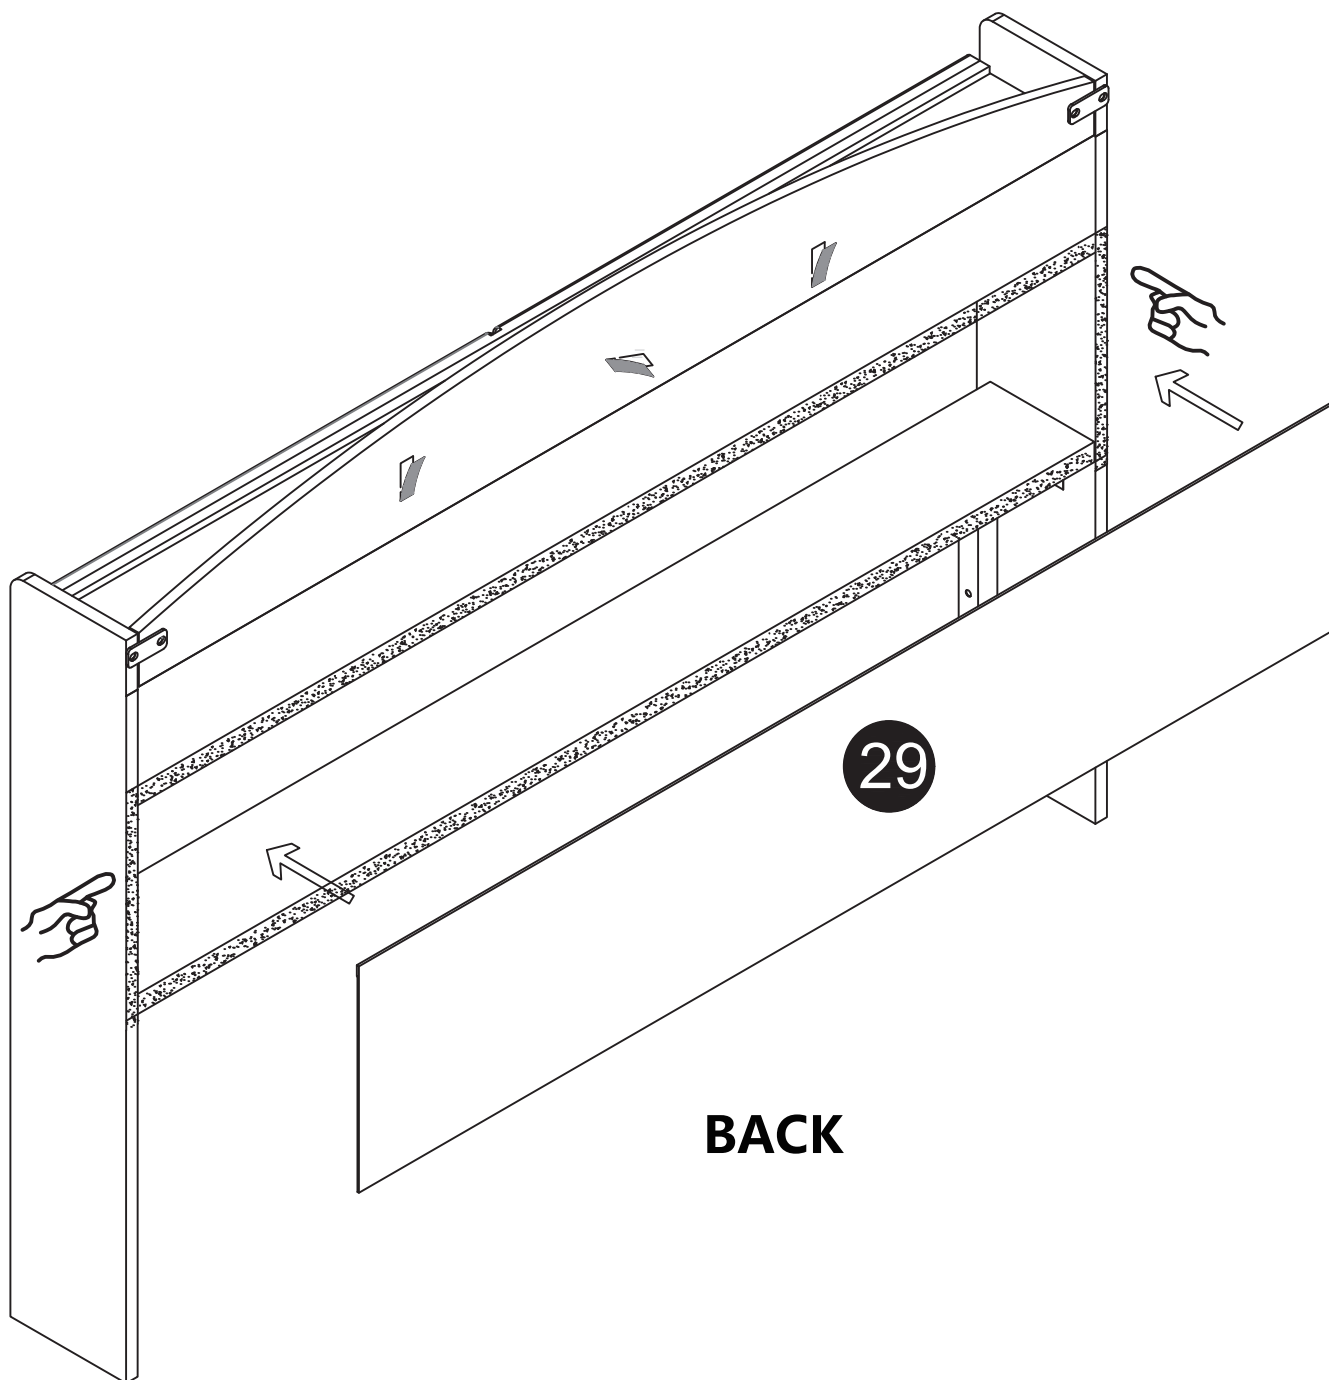

FRONT

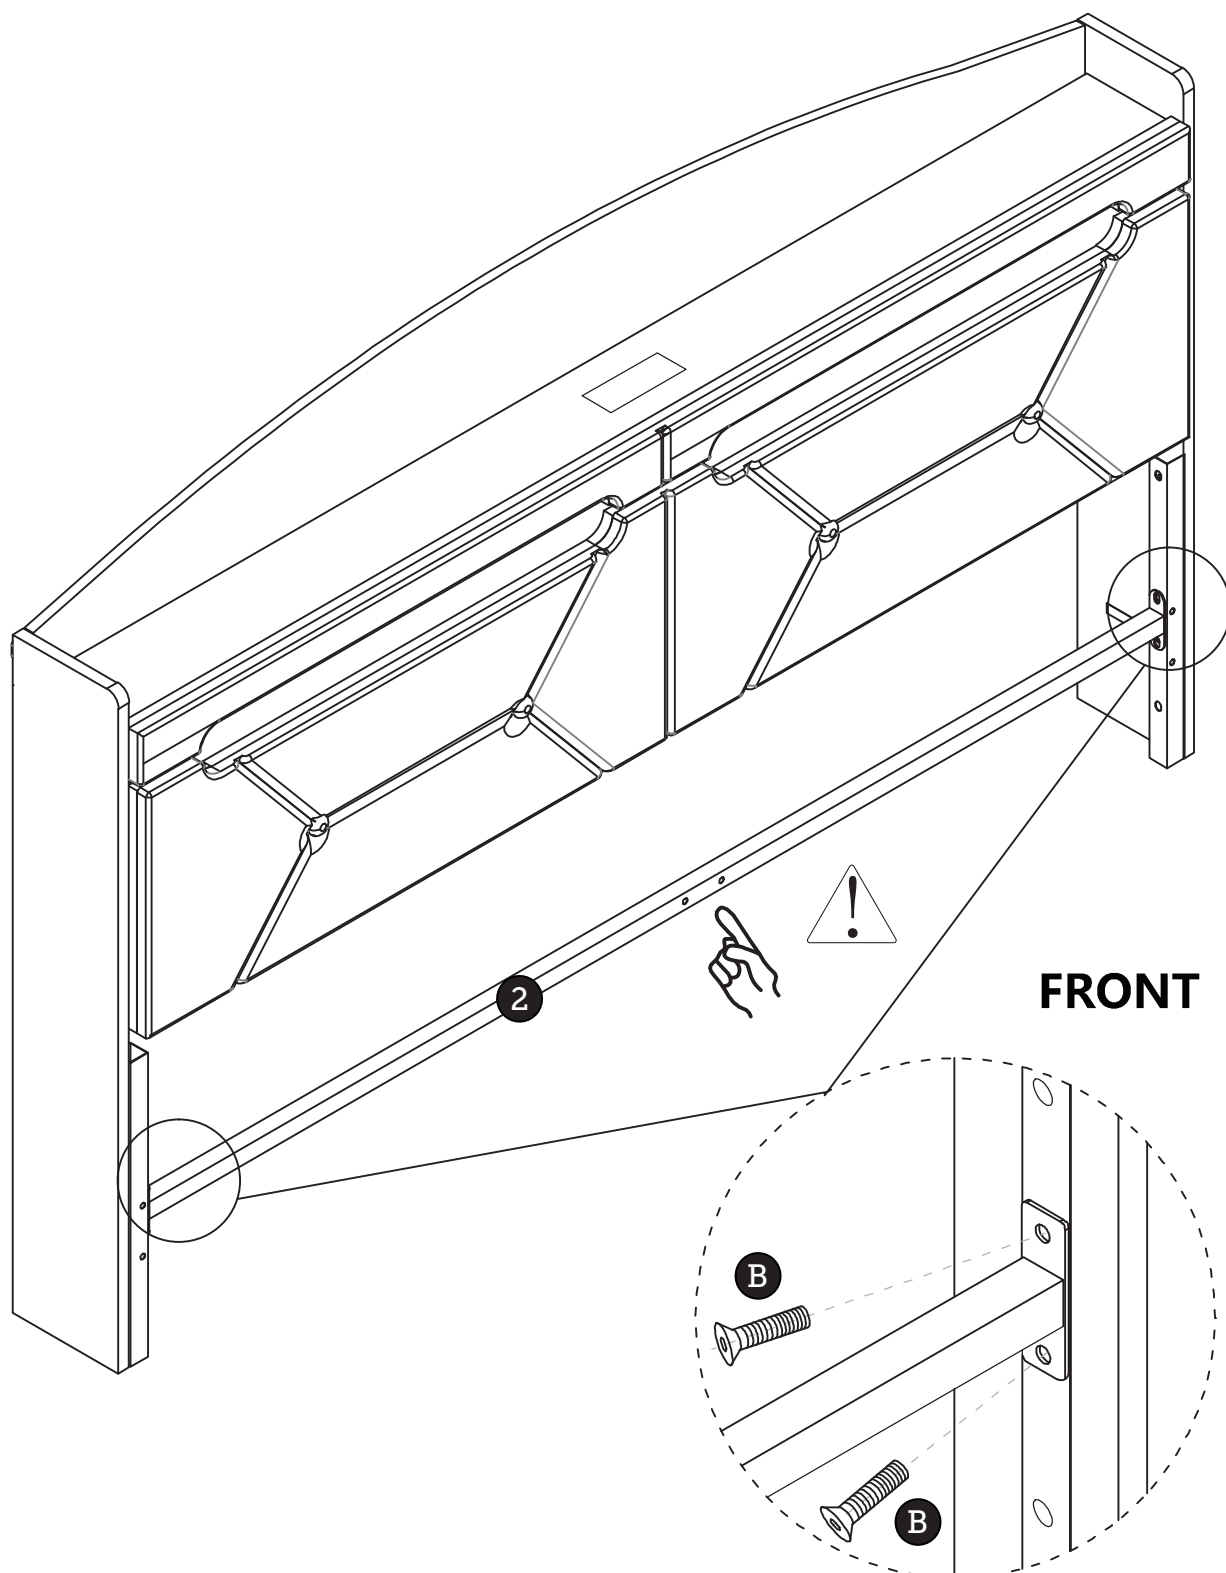

**After hanging it,
tighten the screws.**
