Notes

1. Please check the dimensions of the product before ordering to ensure it fits. This product does not include bulbs, please prepare five E26 bulbs yourself. Please note that the brightness depends on the power of the lamp, so the applicable space range is for reference only.
2. Please make sure that the roof and floor construction is completed and is free of leakage before the installation of the product. Please do not install the light next to the air conditioner or heater, which will affect the service life of the light.
3. Please wear electric insulation gloves (not included) and avoid scratching the surface of the light plate and the electric wire when installing. Please make sure that the power supply has been cut off before installation, and conduct a power test before installation.
4. To ensure your safety, we recommend that two people especially have an electrical license install this ceiling light together. Please strictly follow the manual for installation and use. We suggest that the installation be carried out by professionals.

5. Please use the light within the applicable voltage range and clean the light regularly. Please cut off the power supply when you clean the light, and replace the light sources. Please wipe with a soft cotton cloth and do not use household cleaning agents.
6. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
