Installation Instructions

1. Loosen the plastic set screw, adjust the suspension cord to the desired length, then retighten the screw to secure the cord. Slide the figure-8 cord lock down to the base of the canopy.
2. Fasten the mounting bracket securely to the junction box using screws.
3. Connect the fixture wires (neutral, live and ground wire) and the wires reserved on the junction box with wire nuts respectively, then insulate all connections with electrical tape and neatly tuck wires into the junction box.
4. Secure the canopy to the mounting bracket with locknuts.
5. Install the light bulb (bulb not included).
6. Restore power to test the fixture for proper operation. Installation is complete.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
