Category: Bedroom

Collection: Curata

Color: Midnight

Number of Shelves: 0

Number of Drawers: 1

Number of Leaves: 0

Style: Modern-Contemporary

Finish: Dark Wood

Brand: Hooker Furniture

Product Description: With a sophisticated and modern simplicity, the Curated Nightstand mixes materials of White Oak Veneers in a Midnight finish, brass-colored metal and glass for a curated chic look in an organic color palette. The single drawer with its two horizontal brass pulls looks like it is floating between the brass frame and the glass top for an architectural appeal.

Collection Features: Create a curated chic modern look with an eclectic mix of sophisticated materials and finishes in the Curata Collection. Curata, meaning "curated" in Italian, mixes materials like black nickel, stainless brushed brass and marble with three distinct rustic modern finishes for a simple, yet urbane design. Inspired by timeless shapes and chic materials, Curata exudes a "less is more" feel by spotlighting the design of each piece and giving precise attention to detail.

Status: Active

Finish: The finish is a deep, brown called Midnight. Frame and hardware are brushed brass.

Features: One drawer

Glass top

Brass frame

Midnight finish

Material: White Oak Veneers, Metal and Glass

Drawer Construction: Hooker Furniture offers full height, full depth and

full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
