

Please read this instruction sheet carefully before use

# Inflatable Water Slide

## Instruction Sheet

- 1** Anchor Ring (Ground Stake)
- 2** Drain Outlet (seal securely before inflation)
- 3** Air Outlet (tie securely before inflation)
- 4** Inflating Port

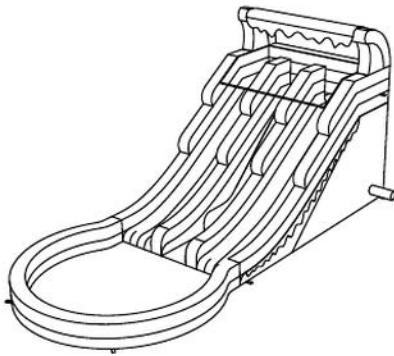

After inflation is complete, use the ground stakes to secure all anchor rings. Make sure the product is firmly fixed before use.

# Thank you for purchasing the Inflatable Water Slide.

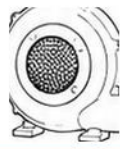

Please read this user manual carefully and keep it in a safe place for future reference.

For your safety and continued enjoyment of this product, always read the instruction book carefully before use.

## DEFLATION & STORAGE

1

Turn off the air blower, remove the ground stakes, untie the anchor rings, and wait for the air to escape.

2

Fold the product in half twice until it reaches a compact size.

3

Roll up the product from the end opposite the inflation tube, using body weight to push out the remaining air.

4

Place the product into the storage bag and store it in a cool, dry place.

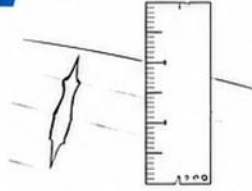

## REPAIR

1

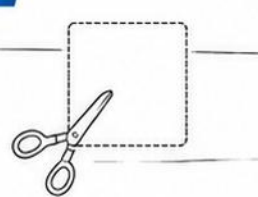

Clean the damaged area and the surrounding surface.

2

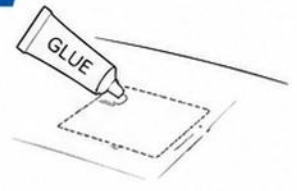

Measure the size of the damaged area.

3

Trim the repair patch to a suitable size.

4

Apply glue and attach the repair patch firmly.
