Installation

1. Fasten the side panels to the main panel.
2. Fasten the tail of the main panel to the side panel.
3. Buckle the upper panel to the side panel.
4. Finally install the transparent door.
5. Put your favorite shoes in the box.

Application

It is suitable for storing many types of shoes, such as sandals, running shoes, flats, sneakers, plus size shoes, and high heels; you can also store other items, such as cosmetics, clothes, electronics, etc.

Notes

1. Please measure your shoes before purchasing, make sure the boxes are suitable for the shoes you have. If your shoes are a little big, try to put them staggered because the shoes have curves.
2. It's not recommended to put items on the box.
3. Please strictly follow the installation instructions to assemble the product. Do not forcefully disassemble the product.
4. Items display in the case are for illustrative purposes only and are not included with your order.
5. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
