Before You Start

People need for assembly: 1-2

Read through each step carefully and follow the proper order

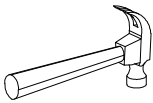

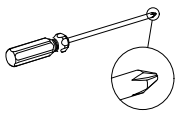

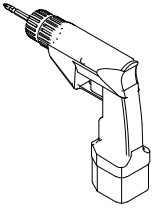

Separate and count all your parts

Give yourself enough room for the assembly process and hardware

You need the following tools: Power drill, Phillips head screwdriver

Caution: If using a power drill or power screwdriver for screwing. Please be aware of slowing down and stop when screw is tight. Failure to do so may result in stripping the screw. (Assembly speed can be increased by using electric screwdriver)

Caution: When flipping the table from legs-up to legs-down position during installation, always lift with two people to avoid crushing the legs
