

Installation Instructions

Schematic diagram of installing the drawer with chest

Arrow instructions. Please follow the arrow instructions to install.

Installation steps

The installation steps are started from the bottom to rise upward according to the direction of the accessories arrows.

1. First, lightly install the bottom wheel bracket into the four holes on the back of the central washer.
2. Insert the side panel into the side hole of the central washer.
3. Insert the back panel into the back slot of the central washer.
4. Align four holes of the central washer to four columns of side panels and fasten them.
5. If you have two or more layers of cabinets, repeat step 2, 3, and 4 to the required number
6. Finally, cover the top and put the drawer on
