Wave Style Switches

adorne® Wave Style Switches feature innovative technology combined with sleek, contemporary design. Simply wave your hand in front of the switch to turn lights on and off. With this touch-free motion, the Wave is ideal for countertop areas in kitchens and bathrooms. It has a preset sensor distance of approximately 4". However, this can easily be adjusted to sense movement from 1" to 6" in front of switch. Wave Switch includes a Locator Status Light which adds illumination and makes it easier to locate in the dark.

FEATURES & BENEFITS

adorne devices fit in all existing NEMA-approved wallboxes.

Heavy gauge steel frame is grounded via factory installed 12AWG ground lead. Device and metal wall plates are self-grounded to frame.

STANDARD WALLBOX

FRAME

DEVICE

WALL PLATE

adorne devices can be installed in any existing standard wallbox.

Backwire terminal screws are recessed into back of body.

Device snaps into the frame and self-aligns without any screws.

Wall plate snaps onto frame; no screws required.

Modular system solves device alignment problems, improving fit and finish in multi-gang installations.

Wall plate and frames available in 1-6 gang sizes.
