PRODUCT DESCRIPTION

Natural rustic style, high swivel bar stool. The design blends natural wicker elements with modern industrial metal lines, creating a fresh and distinctive look. The tall profile, slender tapered legs, and airy wicker backrest together achieve a light, elegant, and breathable visual appeal.

PE wicker backrest + pure metal frame with four-leg support. The backrest is woven from PE rattan (plastic wicker), making it lightweight and tough. The pure metal base, four splayed tapered legs, and connecting stretchers form an extremely sturdy and stable triangular support structure, ensuring absolute safety at high seating positions.

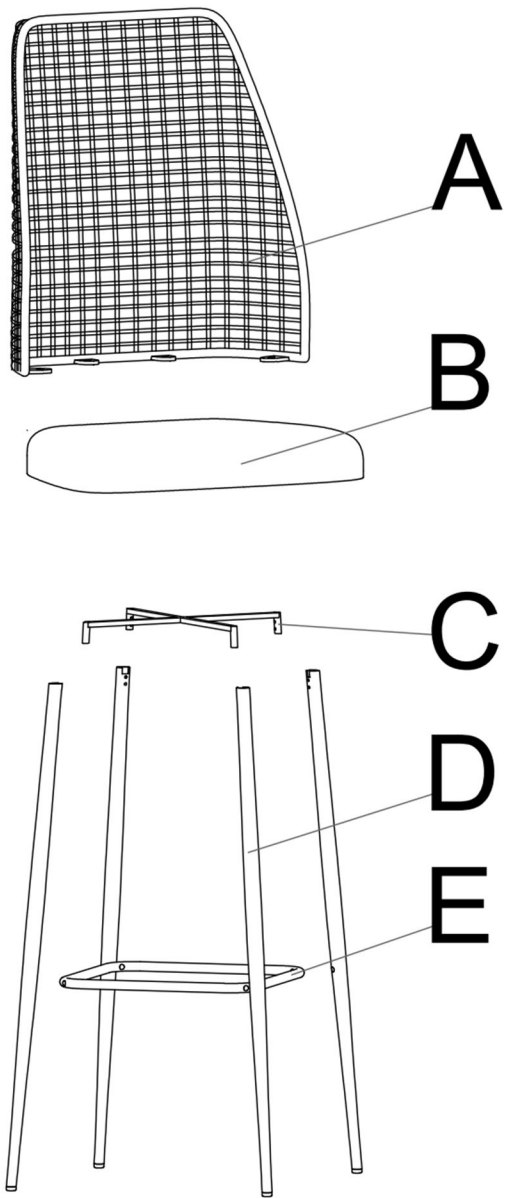

Curved Ergonomic Wicker Backrest: The backrest features a spine-conforming curved design, with wicker texture offering moderate support and breathability.

Chenille fabric seat cushion. Offers an exceptionally soft, fluffy, and warm touch with a fine, plush surface. It provides excellent skin-friendliness and warmth, delivering a cloud-like comfort superior to typical hard stools.

PE wicker is waterproof and easy to clean; metal frame is sturdy and rust-resistant. PE plastic wicker offers water resistance, moisture resistance, UV resistance, and easy cleaning, suitable for both indoor and outdoor use. Metal parts are treated with a quality finish for durability and easy maintenance.

Please make sure all hardware&packing material fitting the list.
Especially some small accessories may be missing during transportation. Please contact us if you have any question.

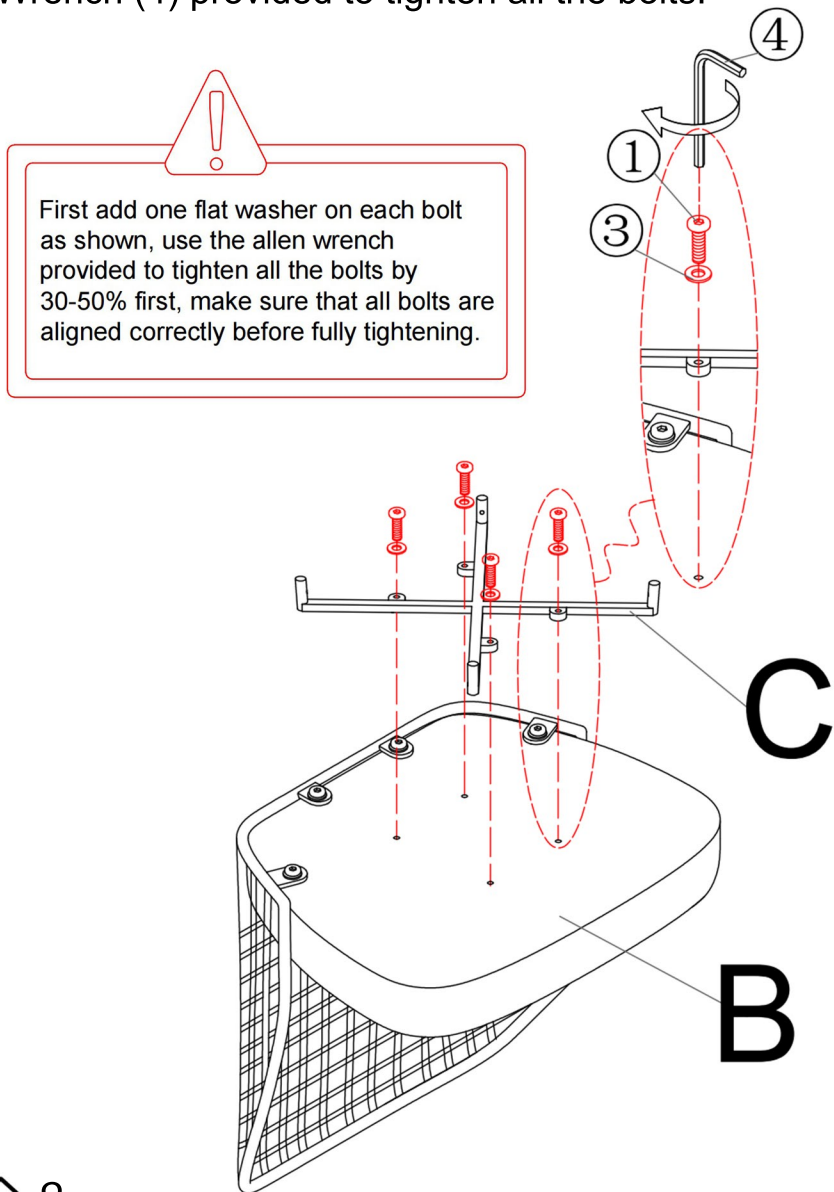

step 1 ---Install the Backrest (A)

Align the pre-drilled bolt holes from the Backrest to the back of the Seat as shown, then place one spring washer (5) and one flat washer (6) in order on each bolt (1), and use the Allen Wrench (4) provided to fix the bolts.

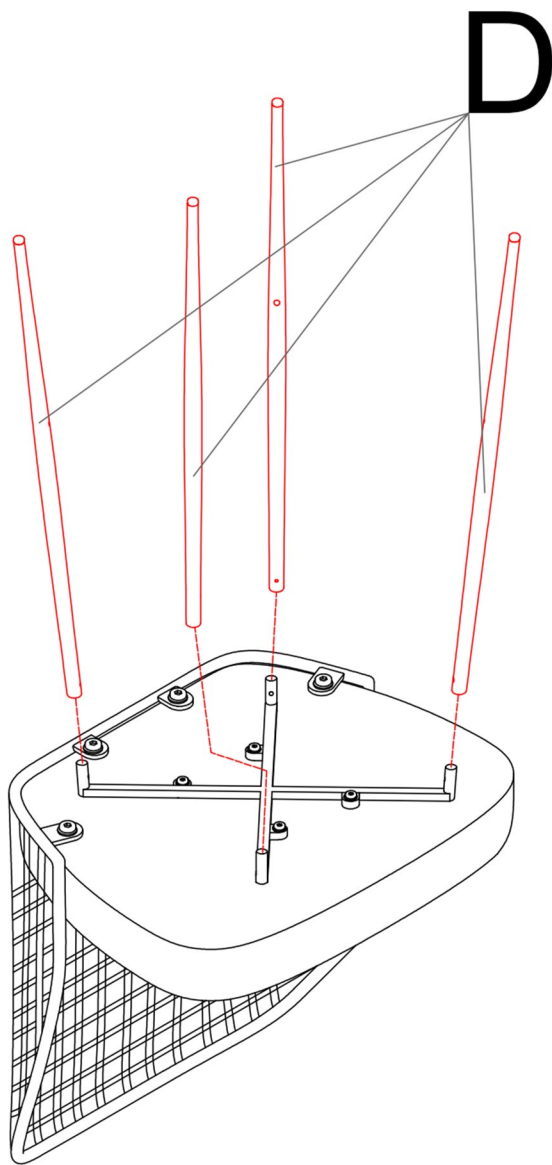

step 2 ---Install the Leg frame (C)

Install the leg frame (C) to the bottom of the Seat (B) as shown. Place one flat washer (3) on each bolt first, then use the Allen Wrench (4) provided to tighten all the bolts.

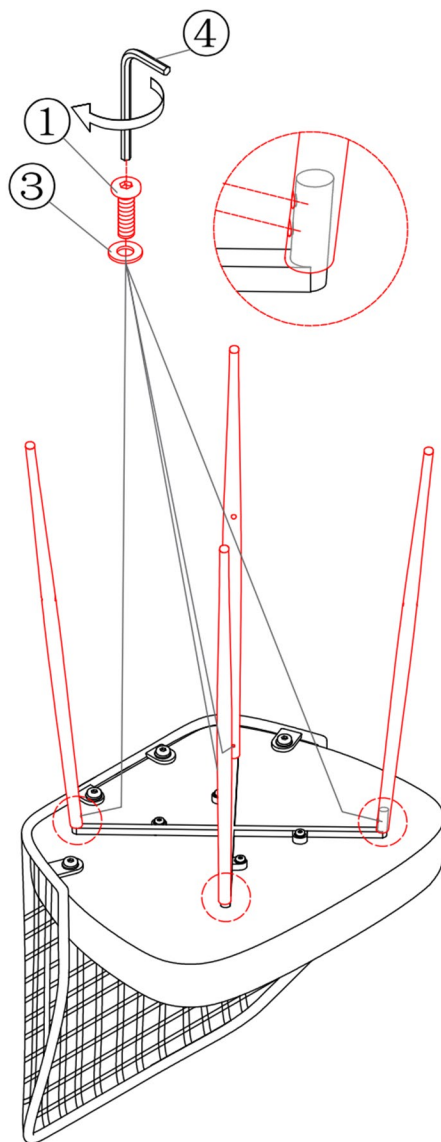

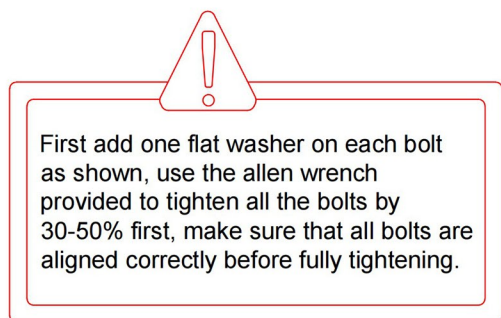

step 3 ---Insert the Legs (D)

Insert each leg (D) onto the leg frame (C) as shown, make sure the pre-drilled bolt holes are aligned with the holes on the frame.

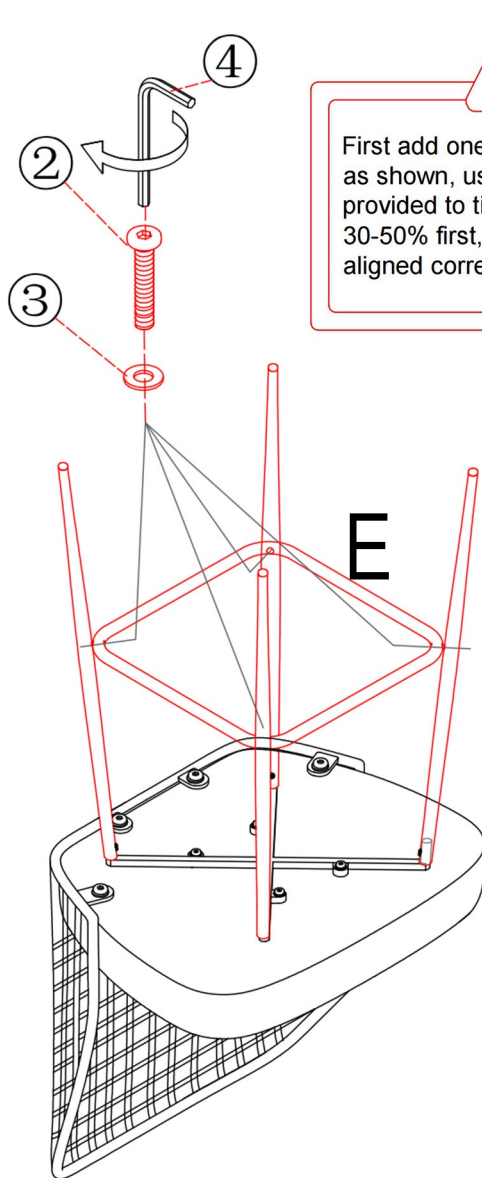

step 4 ---Install the Legs (D)

Use the Allen Wrench (4) provided to tighten the bolts (1) and washer (3) on each leg in order to fix the legs.

step 5 ---Install the Footrest (E)

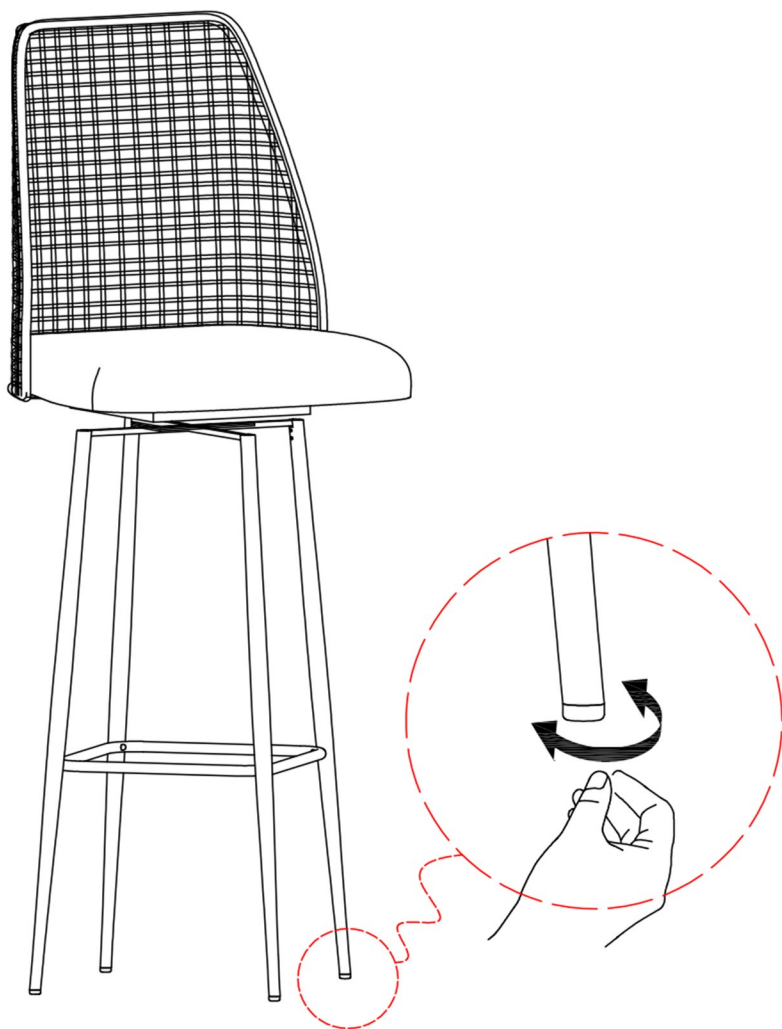

Install the Footrest (E) to the legs as shown, use the Allen Wrench (4) to tighten one bolt (2) and washer (3) to each leg, make sure the pre-drilled holes on both parts are correctly aligned.

First add one flat washer on each bolt as shown, use the allen wrench provided to tighten all the bolts by 30-50% first, make sure that all bolts are aligned correctly before fully tightening.

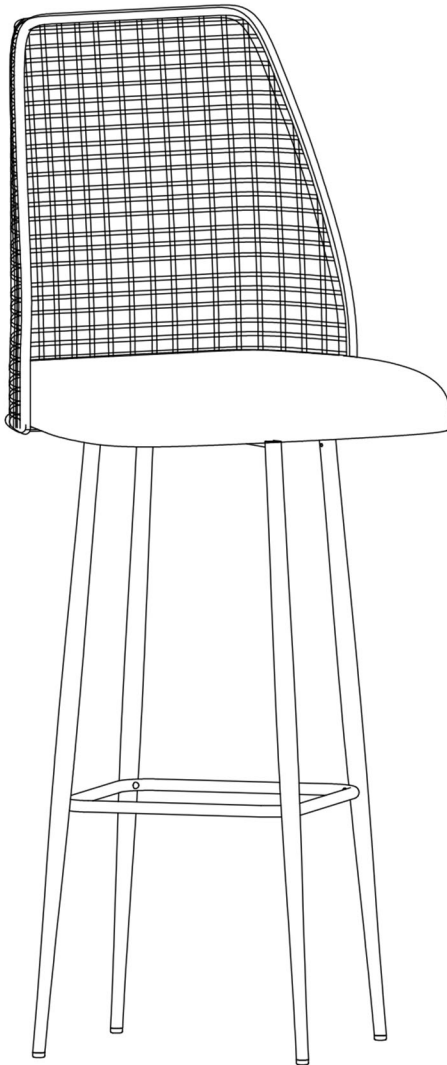

step 6 ---Adjust the Glides

Please note: the legs of the bar stool can be adjusted by twisting the leveler on the tip of the legs as shown, it can help you use this chair on ground that is not flat, please check before you use the chair.

step 7 ---Assemble complete

Place the chair properly and tidy it up to make it look nice.
Assembly is complete. Thank you for choosing our product!
Please enjoy!
