

Wilshire Curio Cabinet 680207

Beautiful details grace this antique curio cabinet, making it a perfect addition for any elegant home or office. Show off your favorite collectibles with this corner glass display cabinet.

Careful Craftsmanship: Howard Miller delivers stunning design with this corner curio cabinet. The antique curio cabinet is finished in golden oak on select hardwoods and veneers, making it a notably unique piece.

Detailed Design: No detail was overlooked in the crafting of this glass display cabinet. The gracefully arched bonnet is accented with a shell overlay, and the crystal-cut grooved glass on the door follows the curves of the pediment. Additionally, the interior cabinet lighting offers brighter, whiter, longer-lasting light to illuminate your collectibles.

Adjustability: Place your collectibles in the exact way you wish with this adjustable curio cabinet. Adjustable levelers under each corner provide stability on uneven and carpeted floors, and glass shelves can be adjusted to any level within your cabinet. The Pad-Lock™ cushioned metal shelf clips also help to increase stability and safety.

Convenient Features: Enjoy the easy-to-use, No-Reach™ light switch, which is conveniently located on the back of the cabinet. Keep your belongings secure with the locking door.
