

This light fitting is solely designed for use with an Omnicance rechargeable light source (sold separately).

Installation:

- Align the handle with the threaded rod at the top of the lamp, then rotate it clockwise until fully tightened (1).
- Unscrew the base from the lamp by turning it anti-clockwise (2).
- Insert the rechargeable bulb into the base, ensuring it is securely fitted (3).
- Reattach the base to the lamp by turning it clockwise until firmly secured (4).

Omnicance additional models:

OM101	OM102	OM103	OM104	OM105	OM106	OM107	OM108
