Garden Stool – General Instruction Manual

Product Overview

This garden stool is constructed from durable, weather-resistant magnesium oxide stone composite for long-lasting outdoor use. It provides a stable, comfortable seat for gardening, patio relaxation, and other outdoor activities. Designed as a whimsical mushroom shape with red cap featuring yellow gradient edge and white spots, it also acts as eye-catching garden landscape decor.

Applications

Ideal for gardens, lawns, patios, balconies, and outdoor workspaces. Works perfectly as a seating stool, plant stand or fairy garden decorative statue.

Usage Instructions

1. Place the stool on a flat, level, and stable surface before sitting to prevent tipping.
2. Do not stand, jump, or lean excessively on the stool.
3. Do not overload beyond the 100 kg (220 lbs) weight limit.
4. Inspect the base regularly before use to ensure it stays stable.

Care & Maintenance

1. Clean regularly with a soft cloth and mild soap; rinse and dry thoroughly.
2. Avoid prolonged exposure to extreme rain, direct strong sunlight, to prevent fading or material degradation.
3. Store in a dry place when not in use for extended periods.

Warning

This item is a decorative garden stool. It is not intended for heavy-duty commercial use.
