Our Apollo Leaf Wall Sconce is shaped like a sheaf of laurel leaves folding in on themselves. The design is brilliant in a mix of contemporary gold leaf and painted gold finishes. Because the leaves are hand-applied, slight variations in shape may exist on this gold wall sconce. Its designer Ian Thornton notes, "I am very excited about this design because the Apollo wall sconce is a fixture I have always wanted to create. The light from seven G4 halogen or LED bulbs reflects beautifully off the contemporary gold leaf finish." We offer the Apollo in several sizes of chandeliers, as a curvier wall sconce, and as a decorative mirror.
