Product Description: Vintage and versatile, the 60W-by-30D Brookhaven Leg Desk is perfect to tuck behind a sofa, in a kitchen, extra room or office as a work-at-home solution. With timeless Americana style details like a distressed medium clear cherry finish over Hardwood Solids and Cherry Veneers, fluted legs and a curved stretcher, the Brookhaven Leg Desk says you've arrived. The center drawer has a drop-front for use with a keyboard, 2 utility drawers and an FC620 power outlet with phone and data ports.

Collection Features: The Brookhaven Collection is crafted from hardwood solids with cherry veneers. It features a distressed medium clear cherry finish.

Status: Active

Finish: Distressed medium clear cherry finish. Distressing includes scratch antiquing and worm holes.

Features: Two utility drawers

Center drawer with drop-front for use with a keyboard

FC620 power outlet with phone and data outlets

Knee space: 47 3/8W x 25 1/2D x 24 1/2H

Material: Cherry Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides

for strength and durability. Metal side guides or wood on wood guide
Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
