

Flower Cart Installation Instructions (1)

Note that all screws are in the accessory holes.

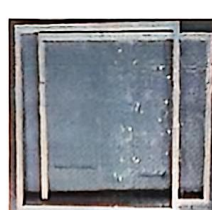

Step 1: Please check whether the accessories are complete.

A: One base plate

B: Four wheels

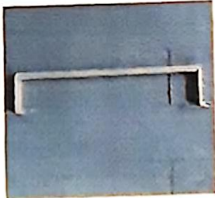

C: Two side frames

D: One top frame

E: One top frame

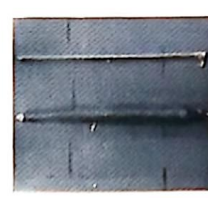

F: One hand putter

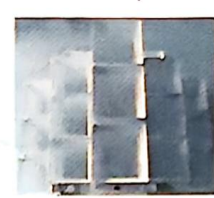

G: Three flower pot frames

H: One top flower pot frame

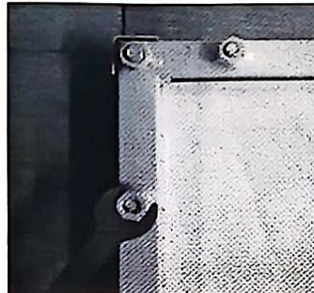

I: One umbrella

J: 18 flower buckets

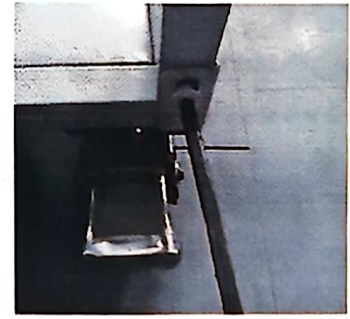

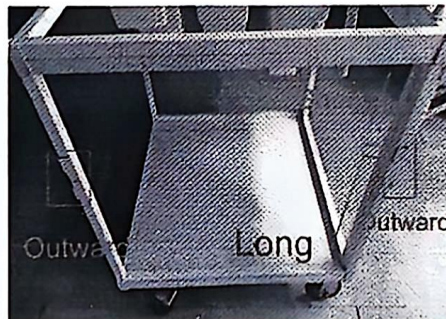

Step 2: Please turn the A bottom plate over, unscrew the nuts, and install the four wheels of B separately.

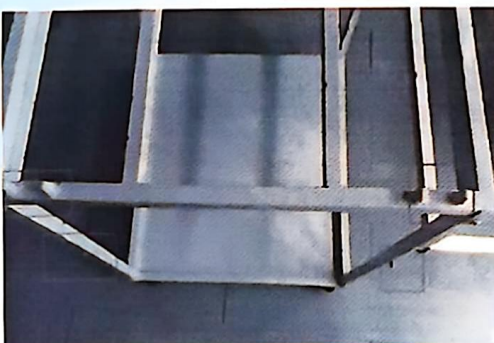

Note the wheel mounting direction

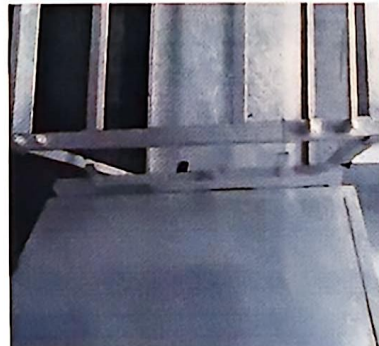

Step 3: Install the two frames of accessory C on the top of the bottom plate, with the side with the iron sheet placed outside.

Step 4: Install the D fitting from above, Note that the direction of the top frame must be consistent with the direction of the two screw holes below.

Step 5: Lift the E folding table top vertically, insert it into the inner frame as shown in the figure, and tighten the two screw holes at the bottom.

Flower Cart Installation Instructions (2)

Step 6: There is a snap button under the folding table top, which needs to be pressed in firmly so that the folding table top can be firmly secured.

Pull down firmly

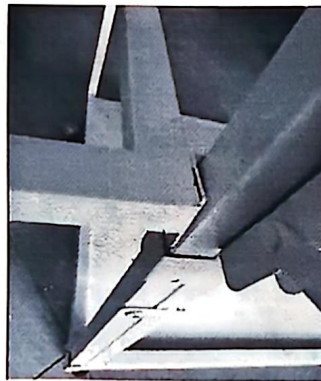

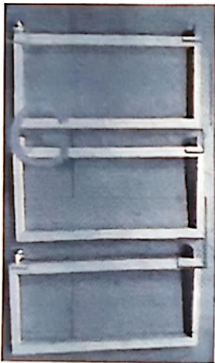

If it is too tight, use a tool

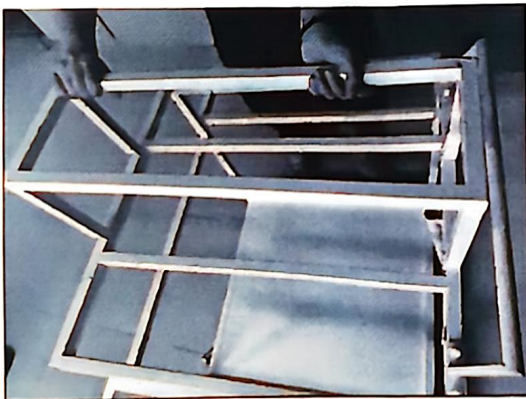

Step 7: After unscrewing the nut, put the F hand push rod on, and lock the nut with a tool.

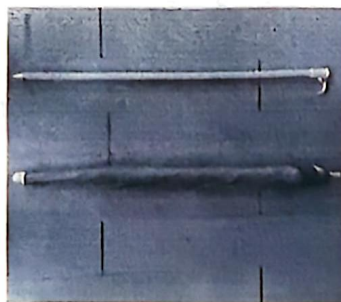

Step 8: Install the three flower pot racks of G accessories into the iron sheets around the flower cart.

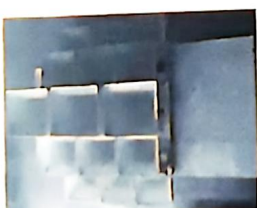

Step 9: Place the H top flower pot rack directly on top without locking screws.

Step 10: Insert the tip of the pole of accessory I into the hole and connect the umbrella above.

Step 11: Finally, put the J flower bucket into the flower rack cart.

The End
