## Highlights

- \* The standing BBQ caddy rack maximizes vertical storage space and saves more countertop operating space, making everything you need within your reach.
- \* Come with S/M/L different sizes of baskets, suitable for accommodating various bottles and cans.
- \* Constructed by thickened carbon steel with rustproof powder-coating, our durable and sturdy griddle caddy can withstand diverse harsh weather conditions.
- \* The assembly process is definitely effortless, as it only requires connecting the supportive rods and hanging all the accessories.
- \* Equipped with a C-shape clamp base, this griddle caddy can be firmly attached to any Blackstone griddle cooking stations, outdoor tables or any other BBQ grill with thickness under 2.28in.
