FURNITURE ANTI-TIPPING INSTALLATION

This anti-tipping must be attached to a wall stud using screw enclosed:

1. After assembling the unit, place it against the wall where it will be permanently positioned.
2. Place the bracket on top of the wardrobe as shown in the diagram.
3. Use a pencil to mark through the screw hole in the bracket, where the bracket has to be attached to the wall.
4. Move the cabinet away from the wall and secure the bracket to the wall at the marked position using a wall plug that suited to your wall surface.
5. With the wall brackets in position, move the cabinet back to the wall.
6. Then using the screw supplied, secure the horizontal arm of the brackets to the top of the wardrobe.
