STEP1

NOTICE:

We have two packaging for this product: the PU fabric is uncompressed,other fabric cushion are compressed.

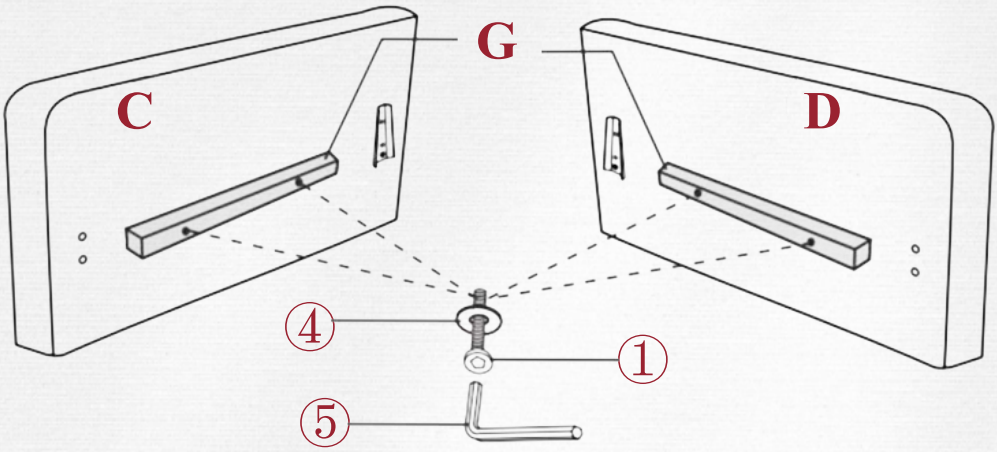

Cut the plastic air compression bags, and take out the cushion (I&H). Let it recover to its original shape, the whole recovery process might take 48 hours, you may gently slap on it to speed up the process.

Please exercise caution when opening the packaging to avoid injury or damage to the product.

STEP2

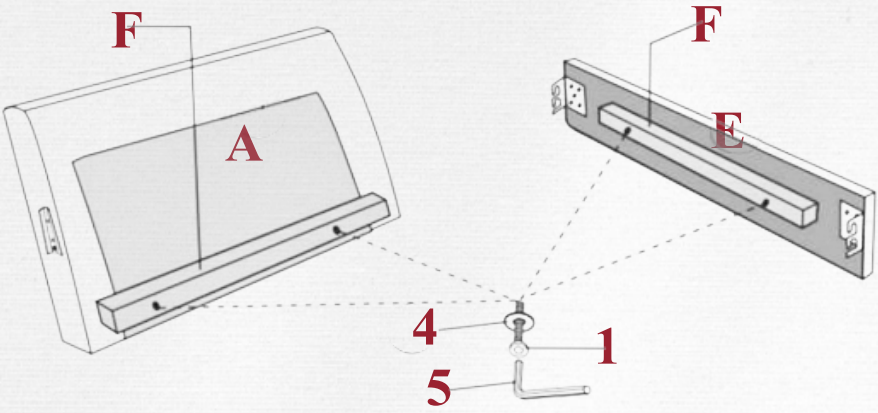

Attach the side rail bars (G) to the armrests (C&D) at the shown position. Place one flat washer (4) before aligning the bolt holes. Then, use the allen wrench (5) to tighten both bolts (1). Make sure they are fully tightened.

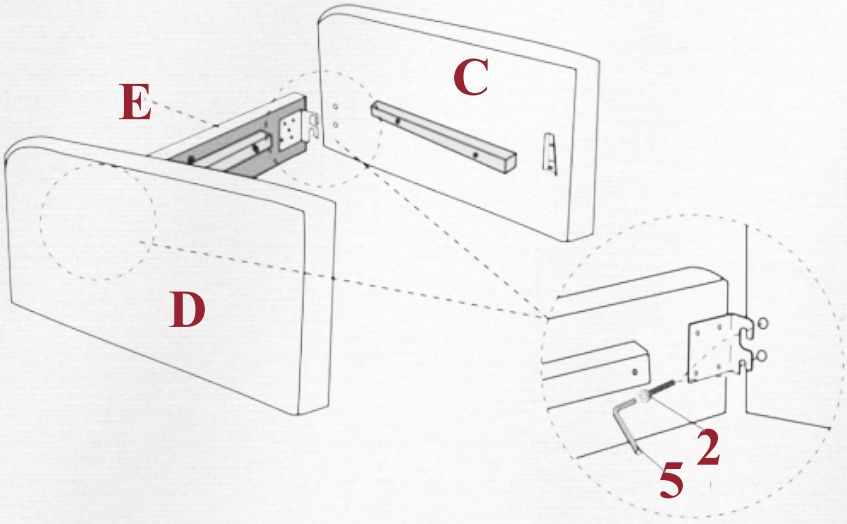

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

STEP3

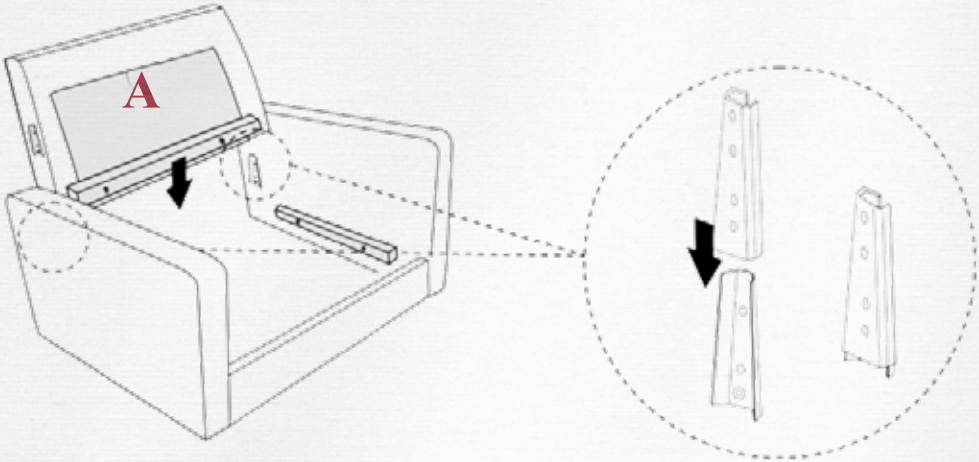

As the diagram shows, install the back rail bar (F) at the bottom of the back frame, and install the front rail bar at the middle part of the front rail (E). Place one flat washer (4) before aligning the bolt holes, then use the allen wrench (5) to tighten both bolts (1), and make sure they are fully tightened. Install the front rail (E) to the armrests by tightening the bolts (2) on both iron frames on each side of the front rail (E). Make sure they are aligned.

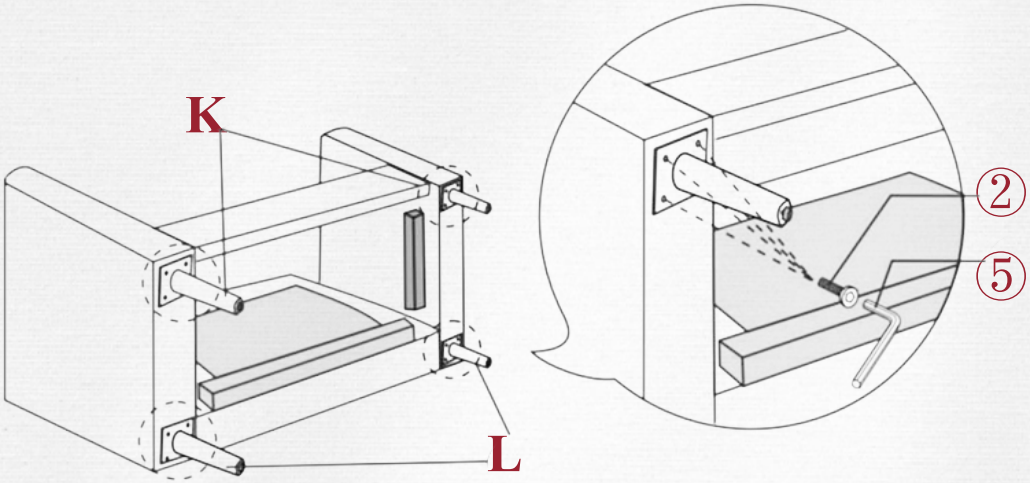

STEP4

Install the backrest (A) onto the armrests as shown. Align the connectors with the correct slots before pushing down, and make sure the connectors are fully interlocked into the slots.

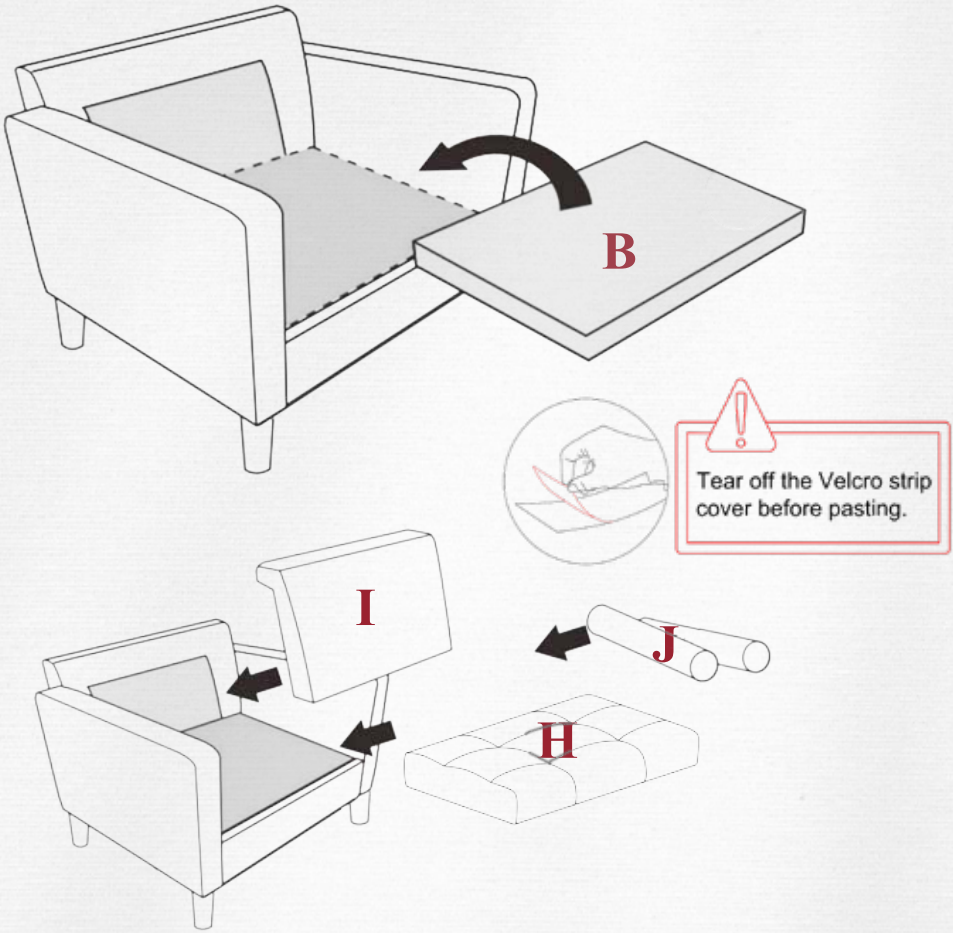

STEP5

Install the chair legs (K & L) to the bottom of the armrests as shown. Use the allen wrench (5) to tighten all bolts (2) for each leg. Make sure they are fully tightened.

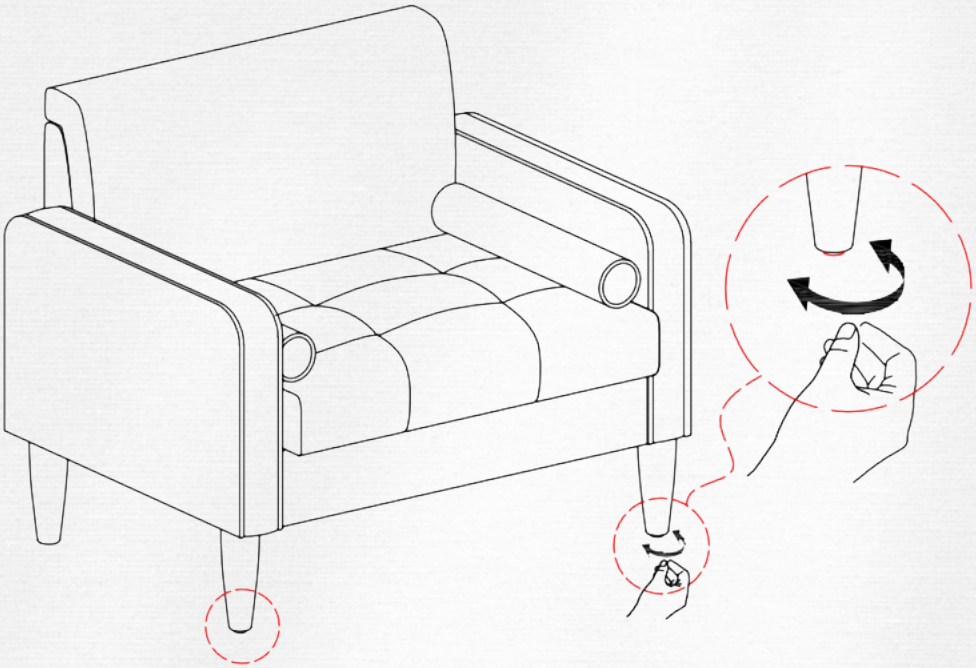

STEP6

Place the seat frame (B) onto the pre-installed rail bars as shown, and make sure it is correctly aligned. Tear off the Velcro strip covers under the seat and back cushions before attaching them. Place the back cushion (I) onto the backrest, then place the seat cushion (H) and throw pillows (J) on the seat as shown.

STEP7

Please note: the legs of the chair can be adjusted by twisting the leveler on the tip of the legs as shown, it can help you use this chair on ground that is not flat, please check before you use the chair.
