Brand: Hooker Furniture

Product Description: With a rustic modern vibe, the South Park Writing Desk contrasts a dusky brownish-gray case with a natural maple desktop and satin nickel hardware. Crafted of Birch and Maple Veneers, the writing desk has a center drawer with drop-front for keyboard use, two drawers with one removable writing insert and pencil tray that can be used in either drawer, and three slots with two removable dividers in each drawer.

Collection Features: Designed to be both appealing and functional the South Park collection is crafted from hardwood solids and maple veneers.

Status: Active

Finish: Dusky brownish gray case with natural maple top and satin nickel hardware

Features: Center drawer with drop-front for keyboard use
Two drawers with one removable writing insert and pencil tray that can be used in either drawer and three slots with two removable dividers in each drawer

Keyboard space: 26W x 16 1/16D x 2 1/2H

Knee space: 42 1/2W x 23 7/8H

Material: Birch and Maple Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity,

depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
