

1.82m Heavy Duty Folding Table

Set Up Instruction

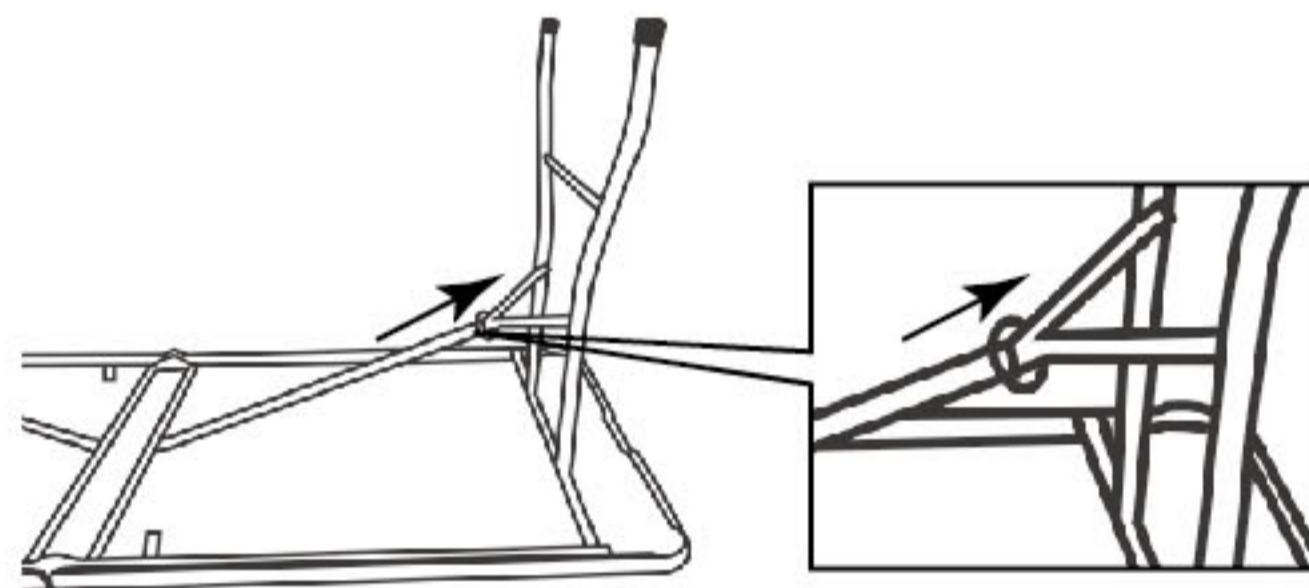

Step 1

Lay table flat on smooth surface ground as shown in fig.1.

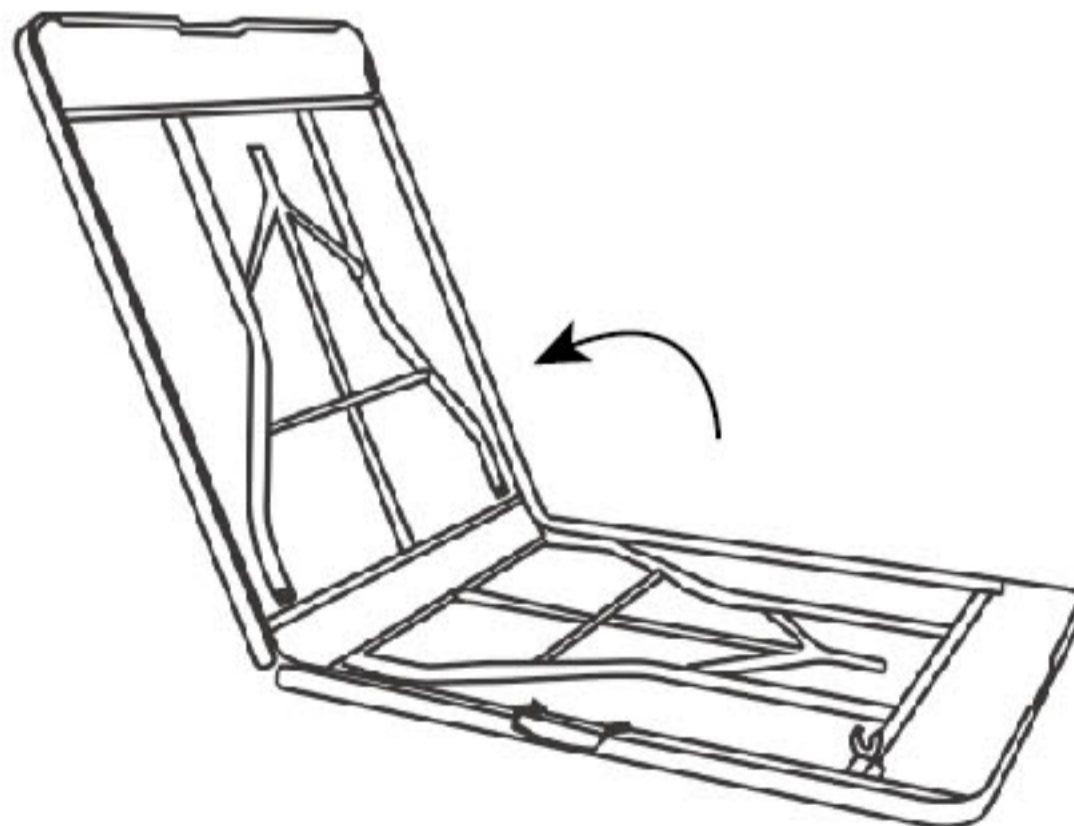

Step 3

Lift the 2 stands to the upright position as shown in fig.3. Make sure the secure ring can automatically fall down to the triangle position.

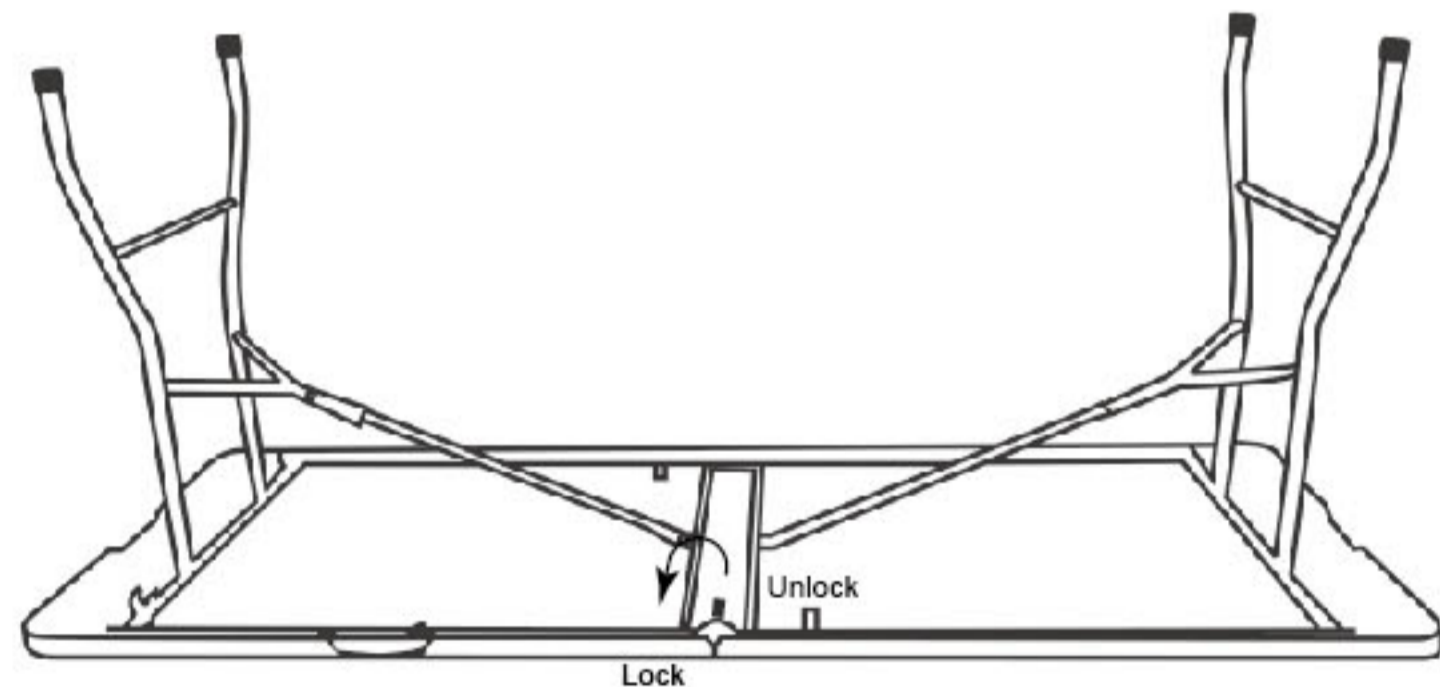

Step 2

Unfold table as shown in fig.2.

Step 4

Pull up the side lock to secure the table is locked during using

Step 5

Turn table over on its stands with care. Table is ready for use.

To fold away table, please follow the above steps in reverse.

When folding the table ensure that the carry handle is on the outside of the table and that it is securely closed before lifting.

Caution:

Always handle the setting-up and folding-away of the table with great care.

Please note maximum capacity of the table is 150kgs but please take care to spread weight evenly across the table and only use on a flat surface.
