

# OB-FL05D Series

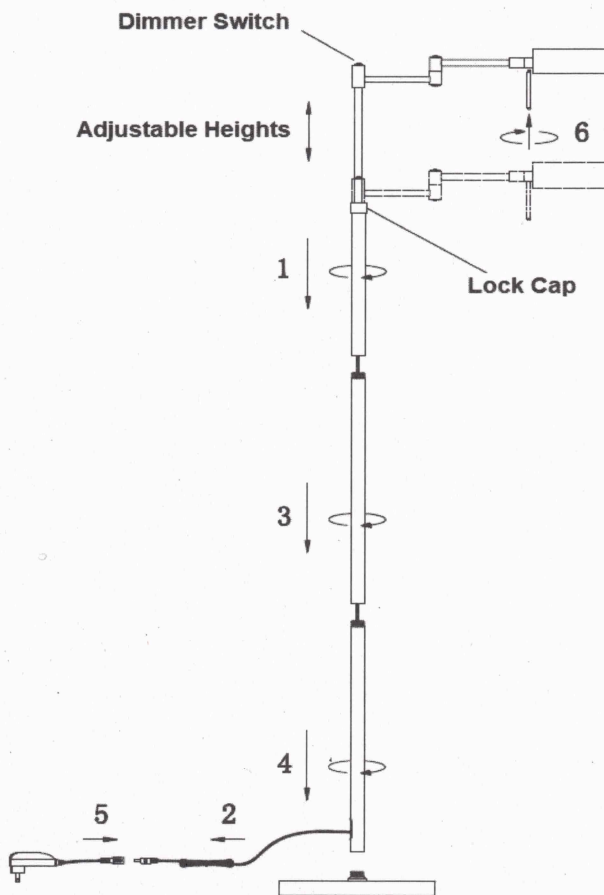

- Assemble the lamp by following the steps from (1) to (6) as instructed.

❗ **IMPORTANT:** Remember to pull the cord out (Step 2) to prevent jammed wires when assembling the tubes (Step 3).

- To adjust the heights:
  1. Loosen the Lock Cap.
  2. Adjust the height.
  3. Fasten the Lock Cap.
- Push the switch button to turn On/Off the light.
- To adjust the brightness:
  1. **Long Press** switch button to adjust the brightness. (10% ↔ 100%)
  2. Release the button when the brightness changes to your desired light level.

## ATTENTION:

Please remove plastic rings on the tubes before assembly.

## ■ Cautions:

1. Do not attempt to repair, modify, or disassemble the lamp under any circumstance. To do so may cause injuries with the risk of electrical shock.
2. Do not touch the lamp with wet hands or when liquids are present.
3. The lamp is for indoor use only. Please keep it away from liquids to avoid electrical fire.
4. Please use a dry cloth to clean the lamp. Unplug before cleaning the lamp.
5. Do not place the lamp near heat source or in direct sunlight.
6. Never overload electric circuits as it may cause electrical shock or fire.
