

Features

- Premium solid lead-free brass construction: Provides exceptional durability and safe, clean water delivery, fully compliant with health and environmental standards for long-lasting performance.
- Reliable Spain Citec ceramic cartridge: Ensures a lifetime of trouble-free service, preventing leaks and providing smooth, precise water control.
- Deck-mounted single handle design: Features a streamlined, independent lever for effortless and intuitive control of both water flow and temperature with a single hand.
- Purpose-built 2-hole installation: Specifically engineered for 2-hole sink configurations (requiring standard 1-3/8" diameter holes), offering a secure, customized fit with a clean, minimalist appearance (no deck plate required).
- Pop-up drain included: Offers a complete solution for basin drainage
